SEC. 4. The surveyor general, as secretary of such board, shall cause a proper index to be kept in his office of the books, papers and records of the board. He shall keep on file an accurate list of all persons who have been licensed to act as land surveyors in this state, and shall, at the beginning of each fiscal year, transmit a copy thereof to each county recorder in the state. He shall also, following each examination, transmit to each county recorder a list of the names and addresses of all persons to whom licenses have been issued as a result of such examinations. Each recorder shall keep such lists on file in his office, open to the inspection of the public.

SEC. 5. Every licensed land surveyor shall have a seal of office, the impression of which must contain the name of the surveyor, the date of his license, and the words 'licensed land surveyor'; and all maps and papers signed by him, and to which said seal has been attached, shall be prima facie evidence in all courts of this state.

SEC. 6. Land surveyors' licenses, issued in accordance with this act, shall remain in force until suspended or revoked for cause, as hereinafter provided.

SEC. 7. Every licensed land surveyor is authorized to administer and certify oaths, when it becomes necessary to take testimony to identify or establish old or lost corners; or if a corner or monument be found in a perishable condition, and it appears desirable that evidence concerning such corner or monument be perpetuated; or whenever the importance of the survey makes it desirable, to administer an oath, for the faithful performance of duty, to his assistants. A record of such oaths shall be preserved as part of the field-notes of the survey.

SEC. 8. Every licensed land surveyor is hereby authorized to make surveys relating to the sale or subdivision of lands, the retracing or establishing of property or boundary lines, public roads, streets, alleys, or trails; and it shall be the duty of each surveyor, whenever making any such surveys, except those relating to the retracing or subdivision of cemetery or town lots, whether the survey be made for private persons, corporations, cities, cities and counties, or counties, to set suitable monuments, legibly marked with the initials of the surveyor setting them.

SEC. 9. Within sixty days after a survey relating to the sale or subdivision of lands, the retracing or establishing of property and boundary lines, public roads or trails, original cemetery or town sites, and their subdivisions has been made by a licensed land surveyor, he shall file with the recorder of the county in which such survey or any portion thereof lies, a record of survey. Such record shall be made in a good draughtsmanlike manner, on one or more sheets of firm paper. The size of the sheets must be eighteen inches by thirteen inches, or eighteen inches by twenty-six inches. If more than one sheet is used, each sheet must be numbered and the connection or reference from one sheet to another clearly given. This record of survey shall be either an original plat or a copy thereof, and must contain all the data necessary to enable any competent practical surveyor to retrace the survey. The record of survey must show: All permanent monuments set, describing their size, kind and location, with reference to the corners which they are intended to perpetuate; all bearing or witness trees marked in the field; complete outlines of the several tracts or parcels of land surveyed within courses, and lengths of boundary lines; the angles, as measured by Vernier readings, which the lines of blocks or lots, if the record relate to an original town-site survey, make with each other and with the center lines of adjacent streets, alleys, roads, or lanes; the variations of the magnetic needle with which old lines have been retraced; the scale of the map, the date of survey; a proper connection with one or more points of an original or larger tract of land, and the name of the same; the name of the grant or grants, or of the township and ranges, within which the survey is located; the signature and seal of the licensed land surveyor; *provided*, that nothing in this section shall require record to be made of surveys of a preliminary nature, where no monuments or corners are established.

SEC. 10. The record of surveys thus filed with the county recorder of any county must be by him pasted into a stub book, provided for that purpose, and he must keep a proper index of such records, by name of owner, by name of surveyor, by name of grant, city, city and county, or town, and by United States subdivisions. For his

services rendered in connection with filing, indexing or recording any such map, plat, or record or survey, the recorder shall charge and collect the fees prescribed by law.

Sec. 11. Whenever any charge or accusation shall be filed by any person with the board against any licensed land surveyor in the state, the board shall set a time and place for hearing such charge or accusation, and shall give notice thereof by registered mail to the accused at his last known address as the same is shown by the records of the surveyor general's office, accompanied by a copy of such charge or accusation, not less than ten days prior to the date of such hearing. The hearing shall be public, and both the complainant and the accused shall have right to be represented thereat by counsel if desired. The board shall have and exercise, for the purposes of such hearing, all the powers of the superior courts of this state to examine the attendance of witnesses and the production of documents. If, from the evidence adduced at such hearing, a majority of the board be convinced that the accused has been guilty of dishonest conduct, or that he is incompetent, they must revoke his license. If it shall appear that the accused has been guilty of negligence or of immorality, or of any fault not amounting to dishonesty or of other less serious offense, they may, at their discretion, revoke such license or suspend the same for such time as they may deem proper. Should the accused fail to appear, or refuse to appear and answer to such charge or accusation at the time and place appointed, the board shall proceed to take testimony pertinent thereto and may, upon a return from showing that good cause exists therefor, suspend or revoke the license of the accused. It shall be the duty of every county surveyor in this state, annually to give an affirmation that any licensed land surveyor has been guilty of any dishonest or unprofessional conduct, or is incompetent, or has willfully violated any of the provisions of this act, to submit a written statement of the facts to the board, accompanied by a list of the names and addresses of the persons so far as known to him, competent to testify concerning the same. The board shall investigate all such allegations of wrongdoing upon the part of any licensed land surveyor and if, in the judgment of a majority of its members, the facts warrant such action, they shall formulate charges against him and cause him to appear and answer the same as above provided, and shall have like power to revoke or to suspend the license of such persons.

Sec. 12. Any person who shall violate the provisions of section nine of this act, or any person who shall not as, or represent himself to be, a licensed land surveyor, unless he is the holder of a license as such land-surveyor or hereafter issued to him, knowing to have, shall be guilty of a misdemeanor, and shall be punishable by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not exceeding thirty days, or by both such fine and imprisonment.

To the Members of the Legislature:

WHEREAS, There are bills introduced into the State Legislature looking to the payment of bounties, for the destruction of certain so-called predatory birds in order that so-called game birds may be preserved; and

WHEREAS, Such expense seems to be contemplated primarily in the interests of the wealthy and leisure classes, in order that the sport of gunning may be improved; and

WHEREAS, These so-called predatory birds, if anything are friends of the farmer, in that they are destructive of insects, linnets, English sparrows, rats and gophers, and the like; now, therefore, be it

Resolved, By Progressive Grange, No. 308, Patrons of Husbandry, in regular session assembled, that we are opposed in principle to the placing of such bounties upon the destruction of the so-called predatory birds; and

SAN FRANCISCO, March 6, 1917.

Lieutenant Governor Wm. D. Stephens.

State Capital Building, Sacramento, California:

At the last regular meeting of the California Club, held on Tuesday, February 20, 1917, the following resolutions were unanimously adopted:

WHEREAS, A citizens' committee has been organized and has presented to the State Legislature a bill to provide for the adequate physical education of both boys and girls in the elementary and secondary schools throughout the State, therefore be it

Resolved, That we pledge ourselves to support the bill known as Assembly Bill No. 896, Prendergast, January 25, 1917, which reads as follows: "An act to establish and give direction to physical education in the public schools throughout the State."

(Miss) MARGARET B. CURRY,

President, California Club.

Mrs. R. S. LA MOTTE, Recording Secretary.

Also:

WHEREAS, In the past there have been many buildings erected in the State of California, the construction of which is not compatible with public safety, and it is mainly because of extravagance of materials used therein that accidents have not been more frequent; and

WHEREAS, In only a few of our larger cities is there any attempt made to investigate the safety of the design of such buildings before their erection, and in many instances such inspection is perfunctory; and

WHEREAS, As builders and constructors we are peculiarly aware of the public danger liable to be existent in the many buildings on account of their construction, which may at any time under the peculiar natural forces which obtain in our State result in a catastrophe; and

WHEREAS, We are certain that in the interests of the public safety there should be a protection from incompetency in design and construction—a need particularly applicable to those portions of the State where no official body is competent to pass on the safety of construction methods; therefore, be it

Resolved, That Assembly Bill No. 1126 is drawn to meet this urgent need, and the Southern California Chapter of the American Institute of Architects in regular meeting assembled, does heartily endorse the bill and earnestly recommends and urges the California Legislature to enact the bill into law at the earliest possible date; and be it further

Resolved, That a copy of this resolution be spread on the minutes of the Southern California Chapter of the American Institute of Architects, and that copies thereof be sent to the Governor of the State of California, the presiding officer of the Senate and of the Assembly, to the chairmen of the Judiciary Committee of the Senate and of the Assembly, to Mr. Harry A. WHEREAS, These bills were introduced at the urgent request and with the full backing of the California Conference on City Planning and the League of California Municipalities; now, therefore, be it

Resolved, That the city council of the city of San Jose hereby strongly endorses each one of these measures because it feels that they are essential to proper city planning not only in this city, but throughout the State of California, that they will greatly strengthen and make more useful to the people the work of this and similar commissions and thereby make our cities much better places to live and work in; and be it further

Resolved, That this council earnestly requests their following representatives and organizations of this city working for similar purposes to use every endeavor to secure the passage of this legislation at this session and that a copy of these resolutions be sent by the secretary to each of them as follows: State Senator from this district, Assemblyman from this district, his excellency Hiram W. RUSSELL B. TRIPP, City Clerk.

Also:

To the Members of the Legislature:

DEAR SIRS: The passage of Senate Bill No. 5, which provides for a license tax on all firms, corporations, etc., giving trading stamps, coupons and similar devices, is urgently desired by the retail cigar dealers of your district.

This will relieve a condition that unless remedied will ultimately drive them out of business.

I ask your support of this measure on the broad grounds of giving the small merchant an equal opportunity of competing with the large corporations.

Very truly yours,

R. F. PEABODY.

OAKLAND, March 9, 1917.

The Honorable, the Senate of the State of California, Sacramento, California:

In order that the city of Oakland may be placed in position to do business with any responsible parties desiring to lease the lands back of its western waterfront,

this committee respectfully urges the State Senate to immediately ratify the charter amendment voted by the people of Oakland already approved by the Assembly and embodied in Assembly Concurrent Resolution Number Seven.

COOPERATIVE COMMITTEE OF FIFTY.

JOHN W. PHILLIPS, Chairman.

Also:

SAN FRANCISCO, March 3, 1917.

To the Honorable Lieutenant Governor Wm. D. Stephens,

Senate Chamber, Sacramento:

MY DEAR MR. STEPHENS: At the last meeting on Wednesday, February 28th, of the San Francisco Congress of Mothers, which is the federation of the mothers clubs and parent-teachers associations of this city, it was unanimously voted to endorse the bills for physical education which are being merged as the Prendercast-Luce bills for physical education, formerly Assembly Bill 896, and Senate Bill 599. These clubs have taken up the matter very seriously of physical education as a substitute for military training, and are as earnest in their support of physical education as a means of youth preparedness as they are against military training made compulsory in our public schools.

Yours truly,

MRS. CHARLES S. AIKEN.

Vice President of the San Francisco Congress of Mothers.

Also:

WHEREAS, Hon. J. C. Nealon has introduced Senate Bill No. 378, providing for the establishment of a state normal school in the city and county of San Francisco and making an appropriation for the maintenance of said school; and

WHEREAS, The people of San Francisco are intensely interested in having this state normal school centrally located, as provided for in said Senate Bill No. 378, on the corner of Buchanan and Waller streets in the city of San Francisco; therefore be it

Resolved, By the Building Trades Council of San Francisco, in regular session assembled, that Senate Bill No. 378 be and is hereby endorsed; and be it further

Resolved, That we earnestly request all San Francisco members of the Assembly and State Senate of the present Legislature to give Senate Bill No. 378 their best support in order that it may favorably pass both the Senate and Assembly and be enacted on the statutes of the state, and thus afford the children of the working people, whose homes are in the southeastern section of the city, an opportunity to attend the San Francisco Normal School without riding several miles morning and evening over the dangerous Fillmore Street hill, and then be compelled to walk several blocks through the mud before they could enter their classrooms; and be it further

Resolved, That a copy of these resolutions be sent to the Hon. J. C. Nealon, the President of the Senate, the Speaker of the Assembly, and the clerks of the Committees on Education in the present session of the California State Legislature.

BUILDING TRADES COUNCIL OF SAN FRANCISCO.

Also:

To the Honorable Lieutenant Governor Wm. D. Stephens,

President of the Senate:

DEAR SIR: The San Francisco City Federation of Women's Clubs in convention assembled on January 31, 1917, heartily endorsed Assembly Bills Nos. 31, 50, and 91, which would make possible the use of the California Building as a properly equipped and ideally located normal school. This federation represents 37 clubs with a total membership of over six thousand women.

With an earnest desire to see these three bills passed, I am,

Very respectfully yours,

CORA SUTTON CASTLE.

Corresponding Secretary.

Also:

WHEREAS, The people of California sought many years to have a practical Torrens Land Title Act and were prevented until the women's clubs, by initiative, placed the amended Torrens Title Act on the statutes; and

WHEREAS, A campaign of intimidation and announcements by bankers of their refusal to loan money on a Torrens title, causing people to refrain from availing themselves of its provisions, results in the virtual annulment of this valuable legislation; and

WHEREAS, Senate Bill No. 628 provides for a superintendent of land title registration who has authority to investigate such discriminations and to use all proper means for the prevention of annulment of the law by unfair means; and

WHEREAS, We believe public funds could be expended to no better advantage than for the purpose of making titles to property secure, conserving expensive, and promoting successful operation of laws which are the popularly expressed will of the people; now therefore be it

Resolved, That the Woman's Club of Perris requests you and your colleagues in Senate and Assembly to work for the enactment into law of Senate Bills Nos. 628, 791, 792, and 793.

PERRIS WOMAN'S CLUB.

MRS. T. D. KIRKPATRICK, President.

MRS. W. A. MORRISON, Corresponding Secretary.

Also:

LOS ANGELES, February 27, 1917.

President of the Senate, Sacramento:

DEAR SIR: In regard to the motor vehicle act amendments, presented, I believe, by Assemblyman Frank H. Mouser, permit me to say that these amendments are good with a few exceptions.

The bill specifies cars must not be parked within 100 feet of a corner nor within 20 feet of a fire hydrant. Our city has restricted 150 feet back of stopping cars on two corners, which leaves very little space in each block to stop when transacting business. This amendment may be made in the interest of the many parking companies scattered through the city.

The section of the bill providing for a fee for carrying a trailer should not apply to the citizen who is using a small trailer to protect his automobile. said citizen already paying his share of the excessive tax levied by the State. It would be just for the freighting companies that have from six to twelve large trucks pulled by one engine and destroying our boulevards, to pay for the privilege.

The section requiring every person who drives a car to have an operator's license at a cost of 50c means an added burden on the owners of small cars which are driven by several members of one family.

The automobile owner is the most assessed and taxed of anyone in the State. California ranks fourth among the States of the Union in motor car registrations and third in receipts collected. Each driver should hold an operator's license, revokable when law is violated. We now have enough officers and organizations to enforce the law without creating more positions for the motorist to pay for. We pray you as one of our representatives to allow no bill to pass that will call for more money from the motoring public.

Will our law-makers please take care that the great automobile club of California does not become so great a factor in this State that it will make our little automobiles a burden.

Respectfully submitted,

Q. M. B. LEWIS,

Vice President Housewives League of Los Angeles and
Delegate to United Improvement Federation.

COPY OF RESOLUTION ADOPTED BY THE BOARD OF EDUCATION OF SAN FRANCISCO AT ITS MEETING OF MARCH SIXTH, NINETEEN HUNDRED SEVENTEEN.

WHEREAS, It has been reported in the public press that the Legislature of the State of California, through one of its committees on Military Affairs, has reported out of committee a bill to make military training compulsory in the public schools; and

WHEREAS, While we believe in patriotic expression and all necessary preparedness measures for the military protection of the country, we do not believe in the exploitation of the children of the public schools in the interest of military propaganda; therefore be it

Resolved, That the Board of Education of the City and County of San Francisco protests the action of the Legislature which refers matters affecting the schools to Military Committees rather than to Education Committees, and further protests any and all efforts to impose compulsory military training upon any part of the common school system; and further

Resolved, That the Secretary of the Board be directed to forward a copy of this resolution to the President of the Senate, the Speaker of the Assembly, the chairman of the Military Affairs and Education Committees of the Senate and of the Assembly, and the State Board of Education.

To the Members of the Senate of the Legislature of the State of California.

GENTLEMEN: The Chamber of Commerce of Sacramento, Incorporated, desires most respectfully to protest against the passage of any law or the doing of any acts by the Legislature of the State of California which would in any way affect adversely the flood control plan of the State of California.

The protest is based upon many good reasons, among which are the following:

1. The State of California by numerous acts, after due deliberation, adopted as the official plan of the State, the flood control project as established by the Federal Government; created a Reclamation Board to carry out such plans and also created and enlarged various drainage districts.

2. Acting upon the guarantee thus given by the State, very large investments of capital have been made in flood control and reclamation projects. The faith of the State of California and its good name are, therefore, placed in jeopardy by any move to injure or destroy such flood control plan.

3. Owing to the position assumed by the State of California in connection with the flood control plan, the Federal Government has appropriated \$5,000,000 for the purpose of sharing in the expense of carrying out such plan. This is the first great recognition by Congress of California's equity in flood control problems and to lose this appropriation would be little short of disaster to the entire State.

4. The flood control plan, now being carried out, is the only thing that has ever given relief or offered permanent protection to landholders in danger of floods.

5. Should the flood control plan be impaired, the city of Sacramento would again be placed in imminent danger of floods.

6. The Chamber of Commerce of Sacramento, therefore, respectfully protests against the passage of such measures as the Chandler, Perotti, Farlo, Duncan and other bills now pending and inimical to the great flood control project.

Adopted by the Board of Directors of the Chamber of Commerce of Sacramento, Incorporated, on Thursday, March 9, 1917.

S. GLEN ANDRUS,
Secretary-Manager.

COMMUNICATION.

The following communication was received and ordered printed in the Journal:

CITY OF OAKLAND, March 9, 1917.

Mr. Clifton E. Brooks, Secretary of the Senate.

DEAR SIR: At a meeting of the council of the city of Oakland held on the above date, the enclosed communication from F. M. Smith officially withdrawing application for a lease of western waterfront lands, in said city, was read and placed on file. On motion, I was directed to send you a copy of said communication. Enclosed please find copy.

Respectfully,

L. W. CUMMINGS, City Clerk.
By F. C. MERRITT, Deputy.

OAKLAND, March 9, 1917.

To the City Council of the City of Oakland.

GENTLEMEN: I have already stated through the public press, that I was no longer interested in obtaining the lease for which I made application. I and those interested with me were forced into this position by the attack of the mayor, aided by a majority of a committee of his own selection, whose chief object appeared to me to be to cast aspersions on my motives and, in my opinion, to defeat the will of the people as expressed at the election held for the amendment of the charter in August last. I tried in vain to meet objections urged and offered to join with the city council in submitting any lease which might be agreed upon, to a vote of the people of Oakland and, unless approved by a majority vote, no lease should become operative.

While I have been driven from the field, I am still particularly interested in this portion of the city and hope to live long enough to see it improved along the broad lines I had in contemplation.

I, therefore, deem it proper, at this time, that I should say to you officially that I am not interested any further in securing the lease for which I made application and in order that there may be no misgivings or any controversy concerning my interest in the matter, I hereby respectfully withdraw the application I made for a lease, assuring you that I have no other proposition to substitute in its place.

Very truly yours,

F. M. SMITH.

PETITIONS.

The following petitions were received and ordered printed in the Journal:

To the Senate and Assembly, State of California.

GENTLEMEN: The Stockton Chamber of Commerce, through its board of directors, enters this protest against the so-called Chandler, Purkitt, Tarke, Duncan and other bills now before the Legislature that are inimical to the consummation of the flood control project. It is opposed, particularly, to the Chandler bill, which would make it possible, by an acreage vote on the retention of the Reclamation Board, for 100

large property owners to override the 55,000 holders of smaller properties in the district.

It is now twenty-four years since the first step was taken looking toward a cooperative agreement between the Federal Government and the State of California to solve this big problem. The work is now fairly under way. Through the flood control bill, just signed by the President, Congress has provided an appropriation of \$5,600,000 to meet an equal sum from the State to handle the floods of the Sacramento and San Joaquin rivers.

At this time when the biggest forward step has been accomplished, it would be folly to jeopardize the success that is in sight by the enactment of bills that would mean destruction of the Reclamation Board and that would be absolutely in bad faith with the Federal Government, for the Reclamation Board is the agency which has been created by the State to handle the project and represent it in the consummation of this plan.

We are impressed with the realization that had there been a law on the statute books, with a central authority such as the State Reclamation Board to enforce it, during the whole of these twenty-four years, the interests of all of the landowners in the entire great central valley would have been vastly better protected. The Reclamation Board is just as necessary to the delta and to Stockton as is a building ordinance to the city: to serve the greatest good for the greatest number.

Without going further into the situation at this time for a more adequate opportunity for presenting the merits of our case will be afforded—this organization files this, its solemn protest against the bills referred to, and prays that the members of the two houses will act with extreme deliberation on what is undoubtedly the most important problem before the present session of the Legislature.

Respectfully submitted,

STOCKTON CHAMBER OF COMMERCE.

FRED W. MOORE, President.

J. P. IRISH, JR., Secretary.

Also:

SACRAMENTO, CALIFORNIA, March 10, 1917.

Clifton E. Brooks, Secretary of the Senate.

DEAR SIR, The Rotary Club of Sacramento hereby protests against the passage of any and all bills having for their purpose the abolishing of the State Reclamation Board, or of the Sacramento and San Joaquin Drainage District, or for any interference whatsoever with the flood control plan heretofore adopted by the State, and favors any and all legislation that will continue in existence the State Reclamation Board and favors the consummation of the flood control plan, and in support of this protest against the legislation above referred to and this petition in favor of legislation for the continuance of the State Reclamation Board and the consummation of the flood control plan, we respectfully represent:

1. That the Sacramento River will not carry all of the waters that are presented in the flood seasons and some provision must be made for their safe passage to the bay; that the city of Sacramento has raised its levee system, in accordance with the flood control plan, and likewise is engaged in the construction of the Sacramento By-pass as a part of the plan, and that it is advancing the necessary money for the construction of the Sacramento By-pass, as its construction is a matter of emergency for the safety of the city of Sacramento. If the Sacramento and San Joaquin Drainage District is abolished, or if any act is passed which will lead to its abolishment, or if the flood control plan is in any way interfered with, the levee system of the city of Sacramento will not hold the flood waters, if the weirs and by-passes are not constructed.

2. That the flood control plan now being carried out, under the existing law, was developed after years of study which has been approved by both the Nation and the State and appropriations have been made both by the Nation and the State upon the faith of its being executed and no landowner should be permitted to set up his individual interest against the welfare of the State.

3. That the city of Sacramento, as well as other cities in the Sacramento Valley, are vitally interested in the flood control plan and in its execution, and any legislation directed against it will render unsafe the city of Sacramento from the menace of recurring floods.

The Rotary Club of Sacramento, therefore, having in mind the best interests of the city of Sacramento and the Sacramento Valley and of the State of California, respectfully asks that the State Reclamation Board and the flood control plan be continued in force, and likewise that no legislation be passed providing for the abolishment of the Sacramento and San Joaquin Drainage District, but on the other hand, that such legislation as may be designed to continue the existence of the State Reclamation Board and increase its powers and duties be passed.

ROTARY CLUB OF SACRAMENTO.

J. C. HOBRECHT, President.

CHAS. LUMBARD, Secretary.

The Rotary Club of Sacramento is composed of one representative from each line of business in the city.

GREETINGS: At a meeting of the City Council of the City of Los Angeles, held this day, the following message from the Mayor was adopted:

To the City Council, Los Angeles, California.

HONORED MEMBERS: I hereby suggest for adoption the following resolution:

"WHEREAS, The State of California is producing great quantities of foodstuffs, sufficient, in fact, to respond to the demand of the eastern markets and California's markets also; and

"WHEREAS, It appears that the larger tracts of land devoted to the raising of vegetables for human consumption are under the control of individuals who are seeking to profit to an unreasonable degree by reason of the shortage of foodstuffs in the eastern states, such excessive demands resulting in the raising of prices for ordinary supplies so high that they are almost, if not quite, prohibitory for the use of the common people; now, therefore, be it

"Resolved, By the Mayor and Council of the City of Los Angeles, that the Governor and the members of both houses of the Legislature, and particularly the members of both houses of the Legislature coming from the city and county of Los Angeles, be requested and urged to immediately present and pass measures which will effectively break any combination which has or may in the future enable the facts to obtain as hereinabove set out; and further, in order that such legislation may be effective that such legislation provide for severe penal punishment for all persons connected with any combine whose purpose is to raise the price of foodstuffs over and above a reasonable figure justified by the supply and demand thereof.

"Very truly yours,

"F. T. WOODMAN, Mayor."

I hereby certify that the foregoing message of the Mayor of the City of Los Angeles was adopted by the City Council at its meeting held March 8, 1917.

CHAS. L. WILDE, City Clerk.

PRESENTATION OF GOVERNOR HIRAM W. JOHNSON.

The Honorable Arthur H. Breed, President pro tempore of the Senate, then presented Governor Hiram W. Johnson to the Joint Convention. The Governor then delivered his address as follows:

ADDRESS BY GOVERNOR HIRAM W. JOHNSON TO THE JOINT CONVENTION.

I come to you today with the mandate from our people for the most exalted office within their gift, voluntarily to relinquish the highest office of our State. While I have the fullest appreciation of the great honor that has been done me, and my

heart overflows with gratitude for the overwhelming expression of confidence given me by the people. I yet find today's task the most difficult of all my life. Here, in this very spot, was where we consecrated ourselves six years ago and dedicated ourselves to the reformation and regeneration of our State. Here, and even in this very chamber, has been the scene of our efforts and our striving and our struggle. Here have been our accomplishment, our achievement and our triumph. And today, we find our whole State, as we, ourselves, were six years ago, consecrated and dedicated to justice, humanity and true democracy. Measurably our work has been done, but the fact that it has been done, and has been so overwhelmingly endorsed and approved by our people makes the parting with it too painful a thing.

The work of your predecessors is their lasting monument. Neither marble nor bronze are needed to commemorate their labors and their victory. Their names are indelibly inscribed in the hearts of a grateful people. We need not fear for the policies they initiated and which have been so successfully administered. In the beginning and during the formative process of the new policies of our State, there were differences of opinion, harsh criticism and even bitter hostility. None now decries them. The wisdom of your predecessors, their vindication and their justification, have come today when no man in public life would impair or destroy the new philosophy of government embodied in the Railroad Commission, the Board of Control, the Industrial Accident Commission and the like activities of the State. These policies and the various laws that deal with human and social relations, none would dare touch with profane hands now. During our generation, they are safe from attack or destruction. Though they form such an important part of the achievement of yourselves and of your predecessors, it is not for them, in this solemn moment that I appeal. A human government, recognizing no privileged class, demanding and obtaining for such individual, however humble, the right to an equal share of God's sunlight and happiness, develops other attributes as well. Long forgotten before 1911, there have come to us since the most noblest period of all times in public life. There's another viewpoint now, a nobler perspective. There is found in California's government a real character, a quickened public conscience, a religious fervor of service, an idealism translated into everyday action, ay, the very soul of democracy triumphant. It is for the maintenance and the protection and the preservation of these that I speak.

Two years ago, I stood upon this platform by the side of one who, in the previous four years of intense, heartbreaking struggle, had outstripped as all. Jack Fishman was the embodiment of that which we invoke in our public life, of that character and conscience and fervor and idealism we have measurably attained. His spirit has ever abided with me. May his spirit abide with you and with my successor!

To my successor, who now takes the oath, as our Chief Executive, we entrust not alone the material policies, the written laws, which have marked our progress and advancement and have placed California the first of all the lands, where democracy obtains; but we entrust as well the subtle, and the finer and the nobler thing that has come to us with our struggle and our triumphs and our humane enlightenment—the public service that knows naught but the will of the people, and thinks if right but best to perform that will and its duty, the aroused conscience of a great people, the untainted and untarnished idealism that must be kept uncorrupted, the very soul of democracy. To him we turn these over as a sacred trust. We do it in full expectation that he has the will to do and the courage to protect, the firmness uncompromisingly to maintain them, and with this expectation, I ask for him from you the same cordial, ungrudging and generous support you have ever accorded me.

I am loth to say good-bye! "The mystic chords of memory" swell within me. Each successive step of our advance passes in review as I stand before you, the first feeble but determined efforts against oligarchy that had made of our wonderful State a railroad satrapy, the militant, aggressive attack, the revolution that made us free, the consecration and dedication which set our faces to the light dimly seen afar, and finally a great people emerging out of political bondage to independence and freedom. We have fought the good fight and we have won. The victory and its fruits I leave with you.

May God give you the vision and the firmness and the courage to keep the faith!

RESIGNATION OF GOVERNOR HIRAM W. JOHNSON.

The following communication was received and read:

To the Legislature of the State of California:

I resign hereby as the Governor of the State of California.

HIRAM W. JOHNSON.

Dated at Sacramento, California, noon, March 15, 1917.

ADDRESS BY PRESIDENT PRO TEMPORE OF THE SENATE, ARTHUR H. BREED.

The Honorable Arthur H. Breed, President pro tempore of the Senate, addressed the Joint Convention as follows:

Governor Johnson, on behalf of the Legislature, I wish to state that this is a most extraordinary and solemn occasion.

Six years and more ago, after a strenuous campaign against entrenched interests then in power, the masterful leader of that revolutionary campaign was elected to the governorship of this State, and took the oath of office in this chamber.

From that hour till the present time the State's political affairs have been guided by the genius of Hiram W. Johnson.

This great office of Governor has been ably and completely filled by our distinguished and eminent friend.

In the conduct of the office he has attracted the eyes of all in this State to the wonderful accomplishments that he has been able to attain during the brief years since he came to power.

Not only have the eyes of the people of California been observing the fruitful career of Governor Johnson, but the eyes of the nation as well have been attracted to him.

It was inevitable that this hour of parting should come, for the people of California love to honor him who so faithfully serves them, and the time was sure to arrive when they would demand of Governor Johnson that he represent them in the United States Senate, the greatest legislative body in the world.

When this demand was made, what a multitude of voices joined in making it!

By an overwhelming majority of 300,000, you, sir, have been requested by the electorate of California to represent this great State in our nation's capital.

It is a time of great crisis in national affairs; momentous problems are present for solution. The whole world is in the throes of the most terrible war in history.

Issues of the utmost vital interest to America are involved in the titanic combat.

We know what a great exponent American principles will have in you, and we know that desire for justice and love of humanity and the spirit of patriotism animates your every thought.

We know the splendid abilities with which God has endowed you, and while we regret that at this solemn hour we must say a word of parting to our beloved Chief, yet we are consoled in the thought that you are going now with your broad experience and your great equipment for service into a larger forum, where you will have a wider opportunity to serve the people and their highest interests which have ever been dear to your heart.

Those of us who have fought with you, sir, in the creation of the "California" policies will continue to fight to perpetuate and maintain those policies.

We will continue that fight because we believe in those policies. We will continue it because we know that the great electorate of this State believes in those policies.

We will continue it because it is a fight based upon reason and waged for the good of humanity.

We, your friends in California, will follow with eager and friendly eyes the unfolding of your career as a national legislator.

I speak for all when I say that we expect that your career will in no distant future be crowned by the presidency itself.

Senator Johnson, it becomes my duty to accept, regretfully, on behalf of the Legislature, your resignation as Governor. In doing so, I, on behalf of the Legislature of California, extend respectful salutations to you as United States Senator and bid you "Godspeed."

RESOLUTION.

Senator Benson and Assemblyman Ryan offered the following resolution:

Resolved, That the Legislature, assembled in joint session, does hereby accept the resignation of Hiram W. Johnson as Governor of the State of California, this day presented. That we do so with a keen appreciation of the lofty ideals of public service which have controlled his efforts as the Chief Executive of our State and with a grateful realization of the tremendously important and beneficent achievements which have marked his administration of the duties of that high office; and, be it further

Resolved, That while we deeply regret the necessity for the severance of the tie which has bound us to him in the performance of the official duties to our State government and will sorely miss the pleasure and inspiration of his presence, we extend to him and to our people sincere congratulations upon his entry into a wider field of patriotic activity. His accomplishments in California give assurance of a splendid and conspicuous service in behalf of our nation and to his new and broader field of public duty we wish him sincere Godspeed; and, be it further

Resolved, That we do hereby extend greetings to Honorable William D. Stephens and tender him our best wishes in the performance of his duties as Governor of our State.

Resolution read, and on motion of Senator Benson, seconded by Assemblyman Ryan, adopted.

RESIGNATION OF HIRAM W. JOHNSON TRANSMITTED TO SECRETARY OF STATE.

Leflar of the Assembly were ordered to appear before the bar of the House and to transmit to the Secretary of State the resignation of Hiram W. Johnson as Governor of the State of California, and also a copy of the resolution as presented by Senator Benson and Assemblyman Ryan.

"I do solemnly swear that I will support the Constitution of the United States and the Constitution of the State of California, and that I will faithfully discharge the duties of the office of Governor and Lieutenant Governor according to the best of my ability, so help me God."

PRESENTATION OF GOVERNOR WILLIAM D. STEPHENS.

Hon. Arthur H. Breed, President pro tempore of the Senate, then presented Governor William D. Stephens to the Joint Convention, with the following remarks:

Members of the Legislature and People of the State of California:

It was not a very long time ago that the members of the Senate of the State of California first had the pleasure of being under the wise and dignified guidance of a man who came to them as their presiding officer.

Yet, in the short space that has elapsed since the opening of the forty-second session of the Legislature and the present time the members of the Senate and all who have come in contact with this man of great heart and deep sympathies have learned to respect and value him as a true Californian.

I have the distinguished honor and pleasure of presenting to you our new Governor, William D. Stephens.

INAUGURAL ADDRESS BY GOVERNOR WILLIAM D. STEPHENS.

Governor William D. Stephens then addressed the Joint Convention as follows:

Gentlemen of the Legislature:

The Chief Executive of our State having resigned, I have taken, in accordance with our Constitution, the oath of office as Governor.

Realizing the responsibilities of the trust I am assuming, I here and now dedicate myself anew to California.

Members of the Senate and Assembly, to you as well as to the Governor, the people look for conscientious, efficient, unselfish service. Working together we will not disappoint them.

Within a few days, I shall take the opportunity of communicating to you some suggestions concerning the State's welfare.

With your help, I shall endeavor to carry on and strengthen those sound governmental policies for which we have labored so long.

I shall earnestly strive to guard and to extend the remarkable human welfare and public welfare legislation accomplished during the last six years, by the people of California, under the leadership of my distinguished predecessor, Governor Johnson.

To the Honorable Members of the Senate and Assembly of California:

The Chamber of Commerce of Sacramento, incorporated, desires most respectfully to protest against the passage of any laws or the doing of any acts by the Legislature of the State of California which would in any way affect adversely the flood control plan of the State of California. The protest is based upon many good reasons among which are the following:

1. The State of California by numerous acts, after due deliberation, adopted as the official plan of the State, the flood control project as established by the federal government; created a Reclamation Board to carry out such plans and also created and enlarged various drainage districts.

2. Acting upon the guarantee thus given by the State, very large investments of capital have been made in flood control and reclamation projects. The faith of the State of California and its good name are, therefore, placed in jeopardy by any move to injure or destroy such flood control plan.

3. Owing to the position assumed by the State of California in connection with the flood control plan, the federal government has appropriated \$5,600,000 for the purpose of sharing in the expense of carrying out such plan. This is the best great recognition by Congress of California's equity in flood control problems and to lose this appropriation would be little short of disaster to the entire State.

4. The flood control plan, now being carried out, is the only thing that has ever given relief or offered permanent protection to landholders in danger of flood.

5. Should the flood control plan be impaired, the city of Sacramento would again be placed in imminent danger of floods.

6. The Chamber of Commerce of Sacramento, therefore, respectfully protests against the passage of such measures as the Chandler, Purkitt, Tanks, Dunan and other bills now pending and inimical to the great flood control project.

Adopted Thursday, March 9, 1917.

[Seal.]

Attest: S. GLEN ANDRUS.

Also:

To the Governor and Members of the Legislature of the State of California:

WHEREAS, The city of Sacramento is vitally interested in the carrying out of the flood control project and in the continuance of the Sacramento and San Joaquin Drainage District; and

WHEREAS, The city of Sacramento, realizing the danger that the city is subjected to if the recurrence of such floods as have occurred in the past can not be prevented, has in the past spent large sums of money in carrying out such project and is now engaged in the building of the Bryte Bend Weir, also known as the Sacramento by-pass, and being a part of the system under the control of the Sacramento and San Joaquin Drainage District; and

WHEREAS, Such by-pass is being built at a cost of \$635,000.00 under a law of the State of California, creating the Sacramento and San Joaquin Drainage District, by which the city of Sacramento is to receive warrants of such district in part payment for such work; and

WHEREAS, Senate Bill No. 846 and other bills are now pending in the Legislature seeking to abolish the Sacramento and San Joaquin Drainage District, or submitting the existence thereof to an election and also to abolish the State Reclamation Board.

Resolved, By the City Commission of the city of Sacramento that we are unalterably opposed to any such measures and do urgently request our Senators and Assemblymen to vote against any and all such bills.

Resolved, further, That the prospects and continued existence of the city of Sacramento depend upon the preservation of this valley from floods, and to that end the powers conferred upon the State Reclamation Board should be enlarged so that the board should have full and ample power to do whatever may be necessary to protect the city of Sacramento and surrounding country from inundation.

Resolved, further, That the abolition of the Sacramento and San Joaquin Drainage District, unless provision be made by the State of California for the payment of the warrants issued and to be issued to the city of Sacramento by such district in payment for the lands acquired and the work done by the city of Sacramento under contract with the Sacramento and San Joaquin Drainage District, pursuant to the statute creating such district, would be repudiation and a breach of faith. We do not believe that the State of California will repudiate its obligations, nor do we believe that the Legislature will set the wheels of progress back and bring upon us the flood dangers of the past, and to which we will still be subjected until the plans of the Sacramento and San Joaquin Drainage District have been complete.

Resolved, further, That we do request the members of the Legislature to vote against Senate Bill No. 846 and against every other measure that would jeopardize the Sacramento and San Joaquin Drainage District or impair the efficiency of the State Reclamation Board.

Adopted by the City Commission of the city of Sacramento this 13th day of March, 1917.

G. C. SIMMONS,

President of the City Commission.

[Seal.] Attest, M. J. DESMOND, City Clerk.

Also:

WHEREAS, The State of California, by the several acts creating and enlarging the drainage district, and providing for the appointment of a reclamation board to take charge of said district, also accepted and endorsed for the State, the flood control project established by the federal engineers, for rendering harmless the floods of the Sacramento River; and

WHEREAS, The United States Government by an act of February, 1917, has joined the State in adopting said flood control project, and has provided for an appropriation of \$5,000,000 as the federal government's share of the expense of said project, to be met by parallel appropriations by the State; and

WHEREAS, This association of interest between the State and the federal government, having been solicited by the State, its destruction now by the withdrawal of the State, would not only be bad faith on the part of the State, but would be destructive of all efforts to control the floods of the Sacramento River; therefore,

Resolved, By the Chamber of Commerce of the city of Oakland that the Chandler, Purkitt, Tarke, Duran and other bills now before the Legislature and being avowedly for the purpose of destroying the flood control project, are inimical to the interests of the State, and we recommend to the Legislature that they do not pass.

I hereby certify that the foregoing is a true and correct copy of resolutions passed by the board of directors of the Oakland Chamber of Commerce, at a special meeting held March 6, 1917.

JOSEPH E. CAINE, Secretary.

Also:

Also:

WHEREAS, There are certain measures pending in the Legislature of the State of California for the repeal of the act creating the Sacramento and San Joaquin Drainage District, or for the purpose of submitting the proposition to an election, thus placing the whole matter in doubt and confusion; and

WHEREAS, The safety of the Sacramento and San Joaquin valleys depends upon the continuance of the Sacramento and San Joaquin Drainage District, and the carrying out of the flood control plan as adopted by the Congress of the United States;

Resolved, By the Galt Development Club of Sacramento County that we do urgently protest against the passage of Senate Bill No. 846, or any other measure that will endanger the existence of the Sacramento and San Joaquin Drainage District, or repeal the legislation providing for the prevention of floods in the Sacramento and San Joaquin valleys;

Resolved, further, That a copy of this protest, attested by the president and secretary of the Galt Development Club, be forwarded to the Senate and Assembly of the State of California.

MOTIONS—(OUT OF ORDER).

Senator McDonald moved that when the Senate adjourns this day, it does so out of respect to and in honor of the memory of St. Patrick, Ireland's patron saint. Said motion was seconded by Senator Nealon, and carried unanimously.

Thereupon Senator McDonald delivered the following oration:

SAINT PATRICK'S DAY SPEECH.

This is the birthday of Saint Patrick, the Patron Saint of Ireland, and in passing we may note that in company with us throughout the civilized world, wherever the sons of the Gael may wander, the praises of Saint Patrick are sung and the story of his life and teachings are told.

The seventeenth day of March is a day that will ever be celebrated by the sons of Erin whether under the open dome of Ireland's sky, in the dark recesses of her glens and caves, or in the temples and halls of fame of foreign lands. The seventeenth day of March is Ireland's great national holiday. It is a day that has a tender significance to every Irish heart. It is a day that has come to inspire and suggest to the Irish mind the time when Ireland and her people were freed from the bonds of paganism and superstition, the time when Ireland was one of the great centers of intellectual activity in Europe, the time when Ireland was called the "land of saints and scholars;" the time when the sons of Erin were happy, contented and free. It is a day that suggests and recalls to the Irish mind the time when Ireland was the "Niobe of nations." It suggests the tear-stained, blood-stained tragedy of the Irish race—the long, sad struggle of a people for liberty and independence, the long, sad struggle of a people to maintain the faith that Saint Patrick implanted within their breasts. Yes, it is a day that has come to serve as an inspiration for the future and it gives rise to the fond hope in the breast of every Irish heart that Ireland may soon again become a free and independent nation.

We celebrate Saint Patrick's day above all other days because Saint Patrick reared the cross of God on Erin's soil, because he lit the fire of the Christian faith in the Irish breast never to flicker or die out; because Saint Patrick symbolizes the Irish ideal of true manhood; his lowly birth and beginning, his life, his heroism, his works and his teachings have served and will ever serve as an inspiration for devotion, fidelity, courage and true Christian charity to the Irish race.

There is also another reason why we celebrate Saint Patrick's day, and why we recall the part that Ireland and her sons have played in the world's history. To tell the story of Ireland to the people of the civilized world in order that they may appreciate and have before them the injustice Ireland has suffered in order that Banquo's ghost may not dawn and in order that England in this enlightened age, bowed in sorrow and shame, may at last repent and endeavor to make at least partial reparation for her sins against the Irish people.

History tells us that Saint Patrick in about the year 400 A. D., came to Ireland as a slave; that he was employed as a shepherd herding sheep on her mountain sides; that he learned to love her cheerful, true and simple people; that he escaped to the continent where he prepared himself and returned to Erin as an apostle of Christ to convert the people, whom he had learned to love, to Christianity without shedding a single drop of blood.

At the time Saint Patrick came to Ireland, she was a pagan nation, though her people were possessed of a certain loftiness of mind and worship, and had reached a high state of culture and civilization. Saint Patrick indeed found a fertile soil in the keen, sharp and receptive mind of the Celt in which to sow the seeds of the true Christian faith. The result of Saint Patrick's faithful mission to Ireland is too familiar to you to warrant repetition. You remember how he Christianized her people, how he met the Druids, the learned priests of Paganism, and the King of Ireland on Tara's Hill and here explained to them the true Christian faith, and expounded to them the doctrine of the Trinity, using as an illustration the three-leaf Shamrock, which was ever afterward to be a sacred emblem of the Irish people; how he lit the flame of Christianity upon the altar of God which has remained burning steadily throughout the centuries, dispelling the surrounding darkness and sending its civilizing beams to the uttermost parts of the earth.

The centuries immediately following the advent of Saint Patrick to Erin were prosperous ones for her people. She was known as the land of Saints and scholars. Her schools and colleges were famed the world over. She was in fact one of the great centers of intellectual activity. Her learned monks carried the celestial

banner of Christianity to the continent and to her sister island, England. Her teachers were sought in the leading institutions of learning of the time. Charlemagne, who had reared his great empire on the ruins of mighty Rome, sought out the Irish scholars and teachers and appointed them to positions of honor and responsibility in his court.

While her people were quietly engaged in peaceful educational pursuits and in furtherance of the arts and sciences, when the poet had supplanted the sword; the Danes, a band of marauders and looters of the North, like the Huns of old, crushed down upon her like a mighty evening tide, destroyed, sacked and pillaged her churches and her homes, laid waste her fields and ruined her industries. But her people were undaunted and with the torch of Saint Patrick in their heart and the determination to be free, a united Irish people rose up in their might and drove the enemy from their borders in the year 1014 on the field of Clontarf, under the leadership of the mighty Brian Boru. But the reflections of the Danes left its traces on Irish civilization and in her weakened condition, Ireland with her life blood sapped; her institutions of learning in ruins, her fields laid bare; began slowly to recoup her lost fortunes. Her people, somewhat dispirited, but filled with sincerity, simplicity and truth, were stained to the marrow, doubt, intrigue and bad faith of her British brethren, felt a pang to the stern gaze and searful gaze of Henry II, their proud lord, in the year 1171. Then followed the ten-stained, blood-stained tragedy of Erin's sons, the terrible slaughter at Connemara at Doaghoda. Her very hills and valleys seemed with the wail and moans of a starved, dying and depressed people. Her very soil reeked with the innocent blood of her sons.

During these dark days in Erin, there appeared on the scene of action heroes, priests, patriots, statesmen and martyrs whose loyalty, bravery and courage astounded the world—her Hugh O'Neals; her Patrick Smaiths; her Father Murphys; her Wolf Tones; her Lord Fitzgerolds; her Edmund Burkes; her Robert Emmets; her Daniel O'Connells; her William Smith O'Briens; her Thomas Francis Meaghers; her Michael Davitts and her Charles Stewart Parnells.

The history of the dark days of Erin are doubtless familiar to you all. Her penal laws; how her representations of God were hunted like wolves; her lands taken from her sons; oppression unbearable; utterly unworkable. Ireland oppressed by her brethren of Britain without pity or reason; robbed of her lands and possessions; robbed of her homes and her firesides. Ireland, who had a glorious history, "ere England had emerged from British barbarism." Her sons forbidden by law to wear the green Shamrock, their sacred emblem; with unselfish devotion to a principle and to the Faith of their Fathers, and with that courage, sacrifice and fidelity symbolized to the Irish name by Saint Patrick, began their march westward. In the words of the poet:

"But if at last our color should be torn from Ireland's heart,
Her sons with shame and sorrow from the dear old Isle will part;
I've heard a whisper of a country that lies beyond the sea,
Where rich and poor stand equal in the light of equality."

REPORT OF JOINT COMMITTEE ON RELIEF OF APPELLATE COURTS.

The following report was presented by Senator Kehoe and ordered printed in the Journal:

To the Legislature of the State of California.

GENTLEMEN: In accordance with Senate Concurrent Resolution No. 11, we desire to report that the special committee of the Legislature met in joint session with a committee of the California State Bar Association in San Francisco during the interim between the two sessions of the Legislature.

This joint committee, after careful consideration, makes five recommendations to the Legislature, which it believes will, if adopted, eliminate a large portion of the delay common to legal proceedings and will also relieve the congestion in the various courts of the State. The five recommendations are as follows, to wit:

1. That two additional divisions of the District Court of Appeals of three justices each be established, one at San Francisco and one at Los Angeles, for the purpose of relieving the present congested calendar of the Appellate Courts. By the creation of additional divisions, to the already existing courts, the necessary relief can be obtained without putting the State to much of the expense incidental to the creation of new district courts. A proposed constitutional amendment has been prepared embodying these provisions and is attached hereto and is marked "Exhibit A."

2. That pleading, practice and procedure in all the courts be governed by rules formulated by the Supreme Court, and which when promulgated shall supersede the procedural statutes in conflict therewith. A proposed constitutional amendment covering this matter is attached hereto and marked "Exhibit B."

The purpose of this amendment is to provide for the promulgation of rules by the Supreme Court in matters of a strictly pleading and procedural nature. It was the recommendation of the joint committee that the Legislature retain full legislative power over all matters of substantive law.

3. That a Commissioner of Justice be appointed by the Governor and Chief Justice of the Supreme Court, whose duty it shall be to make a comprehensive survey of the work of the courts and to report such suggestions and recommendations annually to the Governor. Attached hereto is a draft of a proposed constitutional amendment covering this matter, marked "Exhibit C."

4. That while the present jurisdictional limits of the Superior and Appellate Courts be not substantially changed, that the Legislature nevertheless be given power to create inferior courts in townships, counties, cities and counties, incorporated cities and in towns having a population of more than one hundred and fifty thousand, and that, in the discretion of the Legislature, exclusive jurisdiction or jurisdiction concurrent with the Superior Court, be allotted to such courts in cases not involving the title to real property and where the amount in controversy does not exceed one thousand dollars. That where such actions are brought in such inferior court that the determination of the Superior Court on appeal from such judgment therein be made final. The details of this amendment are more fully shown by a proposed draft hereunto annexed and marked "Exhibit D."

5. That the provisions of the Code of Civil Procedure with respect to the standards and requirements for admission to the practice of law in the State of California be modified. The recommendations of the joint committee in this respect are that a board of examiners be created, the expense of which will be borne by a fee to be charged applicants. Said board to consist of three attorneys. The proposed amendment also provides that before an attorney from a jurisdiction other than California is admitted to practice, he must show that he was admitted to practice in the jurisdiction from which he came for a period of at least three years. Attached hereto, marked "Exhibit E," is a draft of said proposed amendment.

Your committee has not attempted to explain in this report, the details of the above proposed recommendations, as these can best be obtained by an examination of the proposed measures annexed hereto.

KEHOE,

Chairman Senate Judiciary Committee.

SATTERWHITE,

Chairman Assembly Judiciary Committee.

"EXHIBIT A."

A resolution proposing to the People of the State of California an amendment to Section 4 of Article VI of the Constitution of the State of California relating to the Supreme Court and District Courts of Appeal, and providing for two divisions of the District Courts of Appeal of the First and Second Appellate Districts.

The Legislature of the State of California, at its regular session commencing on the 8th day of January, 1917, two-thirds of the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes an amendment to the Constitution of the State of California amending Section 4 of Article VI thereof so as to read as follows:

JURISDICTION OF SUPREME COURT AND DISTRICT COURT OF APPEAL.

Sec. 4. The Supreme Court shall have appellate jurisdiction on appeal from the Superior Courts in all cases in equity, except such as arise in justices' courts; also, in all cases at law which involve the title or possession of real estate, or the legality of any tax, impost, assessment, toll, or municipal fine, or in which the demand, exclusive of interest, or the value of the property in controversy, amounts to two thousand dollars; also, in all such probate matters as may be provided by law; also, on occasions of law alone, in all criminal cases where judgment of death has been rendered; the said court shall also have appellate jurisdiction in all cases, matters and proceedings pending before a District Court of Appeal, which shall be ordered by the Supreme Court to be transferred to itself for hearing and decision, as hereinafter provided. The said court shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of its appellate jurisdiction. Each of the justices shall have power to issue writs of habeas corpus to any part of the State, upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the Supreme Court, or before any District Court of Appeal, or before any judge thereof, or before any Superior Court in the State, or before any judge thereof.

The State is hereby divided into three appellate districts, in each of which there shall be a District Court of Appeal.

The courts of appeal for the first and second appellate districts shall each consist of two divisions of three justices each.

The court of the third appellate district shall consist of three justices.

The District Courts of Appeal as existing immediately prior to the general election of the year one thousand nine hundred eighteen shall not be affected as to the officers or terms of office of the justices thereof by the amendment of this section at that election; and the justices of the District Courts of Appeal of districts of the first and second districts at the time of said general election shall constitute division one of each of said districts respectively. Each of such divisions shall constitute and shall exercise all of the powers of a district court of appeal.

The Supreme Court, by orders entered in its minutes, may from time to time remove one or more counties from one appellate district to another, but no county not contiguous to another county of a district shall be added to such district.

Said District Courts of Appeal shall hold their regular sessions respectively at San Francisco, Los Angeles, and Sacramento, and they shall always be open for the transaction of business.

The District Courts of Appeal shall have appellate jurisdiction on appeal from the Superior Courts in all cases at law in which the demand, exclusive of interest, or the value of the property in controversy, amounts to three hundred dollars, and does not amount to two thousand dollars; also, in all cases of forcible and unlawful entry and detainer (except such as arise in justices' courts), in proceedings in insolvency, and in actions to prevent or abate a nuisance; in proceedings of mandamus, certiorari and prohibition, usurpation of office, contesting elections and eminent domain, and in such other special proceedings as may be provided by law (excepting cases in which appellate jurisdiction is given to the Supreme Court); also on questions of law alone, in all criminal cases prosecuted by indictment or information in a court of record, excepting criminal cases where judgment of death has been rendered. The said courts shall also have appellate jurisdiction in all cases, matters, and proceedings pending before the Supreme Court which shall be ordered by the Supreme Court to be transferred to a district court of appeal for hearing and

decision. The said courts shall also have power to issue writs of mandamus, certiorari, prohibition and habeas corpus, and all other writs necessary or proper to the complete exercise of their appellate jurisdiction. Each of the justices thereof shall have power to issue writs of habeas corpus to any part of his appellate district upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the District Court of Appeal of his district, or before any superior court within his district, or before any judge thereof.

The Supreme Court shall have power to order any cause pending before the Supreme Court to be heard and determined by a district court of appeal, and to order any cause pending before a district court of appeal to be heard and determined by the Supreme Court. The order last mentioned may be made before judgment has been pronounced by a district court of appeal, or within thirty days after such judgment shall have become final therein. The judgments of the District Courts of Appeal shall become final therein upon the expiration of thirty days after the same shall have been pronounced.

The Supreme Court shall have power to order causes pending before a district court of appeal for one district to be transferred to the District Court of Appeal of another district, or from one division thereof to another, for hearing and decision.

The justices of the District Courts of Appeal shall be elected by the qualified electors within their respective districts at the general state elections; and the term of office of said justices shall be twelve years from and after the first day of January next succeeding their election.

Upon the adoption by the people of this section by amendment at the general election of the year one thousand nine hundred eighteen, the Governor shall appoint six persons to serve as justices of the District Courts of Appeal: three as justices of division two of the first appellate district, and three as justices of division two of the second appellate district, from and after their qualification and until the next general election and qualification of their successors. The justices of divisions two of the first and second appellate districts elected as above provided, shall so classify themselves by lot that one of them shall go out of office at the end of four years, one of them at the end of eight years, and one of them at the end of twelve years, and entry of such classification shall be made in the minutes of said division, signed by the three justices thereof, and a duplicate thereof filed in the office of the Secretary of State.

One of the justices of each of the District Courts of Appeal, and of each division of said courts, shall be the presiding justice thereof, and as such shall be appointed or elected, as the case may be.

The presence of two justices shall be necessary for the transaction of any business by such court except such as may be done at chambers, and the concurrence of two justices shall be necessary to pronounce a judgment.

Whenever any justice of the Supreme Court is for any reason disqualified or unable to act in a cause pending before it, the remaining justices may select one of the justices of the District Court of Appeal or of the Superior Court to act *pro tempore* in the place of the justice so disqualified or unable to act.

Whenever any justice of a district court of appeal, or any division thereof, is for any reason disqualified or unable to act in any cause pending before it, the other justices of said court or division may appoint a justice of the District Court of Appeal of another district or division, or a judge of a superior court who has not acted in the cause in a court below, to act *pro tempore* in the place of the judge so disqualified or unable to act.

No appeal taken to the Supreme Court or to a district court of appeal shall be dismissed for the reason only that the same was not taken to the proper court, but the cause shall be transferred to the proper court upon such terms as to costs or otherwise as may be just, and shall be proceeded with therein as if regularly appealed thereto.

All statutes now in force allowing, providing for or regulating appeals to the Supreme Court shall apply to appeals to the District Courts of Appeal so far as such statutes are not inconsistent with this article and until the Legislature shall otherwise provide.

The Supreme Court shall make and adopt rules not inconsistent with law for the government of the Supreme Court and of the District Courts of Appeal and of the officers thereof, and for regulating the practice in said courts, and for the distribution of causes between the divisions of said court.

"EXHIBIT D"

A resolution proposing to the People of the State of California an amendment to Section 11 of Article VI of the Constitution of the State of California, relating to courts, and providing for the creation of and fixing the jurisdiction of inferior courts, and regulating appeals therefrom.

The Legislature of the State of California, at its regular session commencing on the 8th day of January, 1917, two-thirds of the members elected to each of the two houses of said Legislature voting in favor thereof, hereby proposes an amendment to the Constitution of the State of California amending Section 11 of Article VI thereof, so as to read as follows:

SEC. 11. The legislature shall determine the name and number of each of the inferior courts in townships, counties, cities and counties, incorporated cities and in towns, according to the population thereof, and the number and qualification of judges or justices thereof, and fix by law the powers, duties and responsibilities of such courts and the judges or justices thereof, provided such powers shall not trench upon the jurisdiction of the several courts of record, except that the legislature may, notwithstanding anything to the contrary contained in this constitution, or in any amendment thereto adopted contemporaneously with this section, provide by law that said inferior courts established in cities, or cities and counties, or counties, having a population of one hundred and fifty thousand or over, as determined by the federal census last preceding the enactment of such law, may have exclusive original jurisdiction, or jurisdiction concurrent with the Superior Court in all or any of the following cases:

1. Actions of forcible entry, forcible detainer and unlawful detainer, where the rent or rental value claimed does not exceed \$100 per month, and where the whole amount of damages claimed does not exceed \$1,000.

2. Actions arising on contract for the recovery of money only if the sum claimed, exclusive of interest, does not exceed \$1,000.

3. Actions for damages for injury to the person or for taking, detaining, or injuring personal property, or for injury to real property where no issue is raised by the verified answer of the defendant involving the title to or right of possession of the same, if the damages claimed does not exceed \$1,000.

4. Actions to recover the possession of personal property, if the value of such property does not exceed \$1,000.

5. Actions for a fine, penalty, or forfeiture not exceeding \$1,000, given by statute or the ordinance of any county, incorporated city and county, city or town, where no issue is raised by the answer involving the legality of any tax, impost, assessment, toll, or municipal fine.

6. Actions upon bonds or undertakings conditioned for the payment of money, if the sum claimed does not exceed \$1,000, though the penalty may exceed that sum.

7. Actions to enforce and foreclose liens on personal property where the amount of the obligation secured, exclusive of interest, does not exceed \$1,000.

8. Actions to take and enter judgment for the recovery of money on the confession of the defendant where the amount confessed, exclusive of interest, does not exceed \$1,000.

And the legislature shall provide that in such inferior courts in townships, counties, cities and counties, incorporated cities and in towns, of a population less than one hundred fifty thousand such inferior courts shall have concurrent jurisdiction with the Superior Courts:

1. In actions of forcible entry, forcible detainer and unlawful detainer where the rent or rental value of the property claimed does not exceed \$25 per month and the whole amount of damages claimed does not exceed \$200.

2. In actions to enforce and foreclose liens on personal property where the amount of the obligation secured, exclusive of interest, does not exceed \$300.

In all cases commenced in inferior courts in which appeals to the Superior Court may be prescribed by law, the judgment therein shall be final and conclusive, subject, however, to a motion for a new trial where the same may be provided by law.

"EXHIBIT E."

An act to amend sections 276, 277, 279, to repeal sections 280*a* and 280*b*, and to add a new section to be known as section 276*a*, of the Code of Civil Procedure, all relating to admission to practice as attorney and counselor at law.

The people of the State of California do enact as follows:

SECTION 1. Section two hundred seventy-six of the Code of Civil Procedure is hereby amended so as to read as follows:

276. Every applicant for admission as an attorney and counselor at law must present to one of the district courts of appeal satisfactory testimonials of good moral character, together with satisfactory proof that for at least three years with the purpose of obtaining admission to the bar and of entering into the actual practice of the law he has diligently and in good faith studied law in such manner, upon such subjects and under such conditions as the Supreme Court or the board of bar-examiners shall have prescribed. He must also produce a certificate showing that he has satisfactorily passed an examination conducted by the board of bar-examiners.

SEC. 2. A new section is hereby added to the Code of Civil Procedure, to be known as section two hundred seventy-six *a*, to read as follows:

276*a*. The Supreme Court is empowered to appoint three competent attorneys to examine applicants for admission as attorneys and counselors at law. Such persons shall constitute the board of bar-examiners. The said board shall hold examinations of applicants for admission to the bar upon such subjects and at such times and places as the Supreme Court or said board may, by its rules or orders direct, provided that said examinations shall be wholly or in part written examinations. Said board shall issue a certificate to each of said applicants who shall satisfactorily pass such

examination and who shall satisfy this board as to his moral character. Nothing herein shall be construed as preventing the district courts of appeal from further examining any applicant where deemed proper.

In addition to any fee prescribed by law for certificate of admission of attorney or counselor, every applicant for examination shall pay to the Clerk of the District Court of Appeal to which he presents his application, as a fee for such examination, such sum as may be fixed from time to time by the Supreme Court, not exceeding the sum of fifteen dollars. Such fees must be paid into the state treasury to the credit of the bar examination fund and accounted, settled and charged for, in the same manner as provided by law for other fees collected by said clerk. A bar examination fund is hereby created for the salaries and expenses of said board of bar examiners, which fund is under the control of the Supreme Court. Upon the order of the Supreme Court the controller must without approval of any board, draw his warrant upon the treasurer for the amount specified, and in favor of the person designated in such warrant, which warrant must be paid out of such fund exclusively. Unused balances, if any, in such fund may be transferred to the general fund, from time to time, upon the order of the supreme court.

Each of the members of said board shall receive for his services annually a sum not to exceed \$500 to be fixed by the order of the Supreme Court, together with necessary traveling and incidental expenses, including clerical assistance, all of which shall be paid exclusively out of the fees of applicants for examination as hereinbefore provided.

No person who is engaged in the teaching of law or who is connected with any law school either in a teaching or an administrative capacity, or who has been connected with such law school within a period of one year next preceding the date of appointment, shall be eligible as a member of said board, or in any employment under said board.

The members of said board shall hold office during the pleasure of said Supreme Court, and all vacancies therein shall be filled by said court.

SEC. 3. Section two hundred seventy-seven of the Code of Civil Procedure is hereby amended so as to read as follows:

277. Upon presentation to it of the evidence required by section two hundred seventy-six, any district court of appeal shall admit the applicant as an attorney and counselor at law in all the courts of this state, and shall direct an order to be entered to that effect upon its records, and that a certificate of such admission be given to him by the clerk of the court, which certificate shall be his license. Every person admitted to practice by a district court of appeal, either upon examination or otherwise, may practice as an attorney in all of the courts of this state, including the Supreme Court; and every person now entitled to practice in the Supreme Court of this state may practice as an attorney in any district court of appeal.

SEC. 4. Section two hundred seventy-nine of the Code of Civil Procedure is hereby amended so as to read as follows:

279. Every citizen of the United States, or person resident of this state, who has, bona fide, declared his intention to become a citizen in the manner required by law, who has been admitted to practice law in the highest court of a sister state, or of a foreign country, where the common law of England constitutes the basis of jurisprudence, and who has been engaged in actual practice in such state or foreign country for a period of at least three years, may be admitted to practice in all the courts of this state, by any district court of appeal, upon the production of his license, and satisfactory evidence that his license has not been revoked and that he is of good moral character, and that he has been so engaged in actual practice in such state or foreign country for a period of at least three years; but the court shall before admitting any such person to practice require an investigation and report by the board of bar examiners as to his moral and other qualifications.

SEC. 5. Section two hundred eighty a of the Code of Civil Procedure is hereby repealed.

SEC. 6. Section two hundred eighty b of the Code of Civil Procedure is hereby repealed.

SEC. 7. All acts or portions of acts inconsistent with this act are hereby repealed.

REPORT OF STATE BOARD OF EQUALIZATION.

The following report was received and ordered printed in the Journal:

SACRAMENTO, March 20, 1917.

To the Senate of the State of California:

On February 28th last there was certified to the State Board of Equalization the following resolution adopted by the Senate:

"SENATE RESOLUTION.

"Relating to the scarcity of certain foodstuffs in the State of California.

"WHEREAS, The scarcity of certain necessary foodstuffs in the State of California has brought about a condition of affairs extremely onerous and oppressive; and

"WHEREAS, By reason of said condition the people of the State of California are compelled to pay unreasonable and exorbitant prices for the said foodstuffs, thus working a very great hardship on our people; and

"WHEREAS, It is reported that there are large quantities of these foodstuffs stored in the various warehouses in the State of California, which, if released, would tend to relieve the conditions herein referred to; therefore, be it

"Resolved, That the Senate of the State of California, in regular session assembled, respectfully requests the State Board of Equalization to immediately instruct the assessors of the various counties of this State to ascertain the amount of foodstuffs so stored in their respective territories and to immediately present a report of their findings to the said State Board of Equalization, and that the latter board, without unnecessary delay, transmit to this body the information obtained by it."

In pursuance of said resolution the State Board of Equalization, on March 1st, mailed a communication to the several county assessors in the following language:

"To the County Assessor:

"The State Board of Equalization has been requested by the Senate of the State of California to ask the assistance of the county assessors in ascertaining the amount of foodstuffs in storage in the several counties.

"A copy of the Senate resolution is appended and suggests in apt language the information desired.

"Please at once get in touch with your several deputies and other persons having knowledge of such matter, collect fully the desired information and report to this board at your earliest opportunity.

"Under the decision of our Supreme Court in the case of *Bode vs. Holtz*, 65 Cal. 106, it is made the duty of warehousemen and others having custody and control of property belonging to others, to furnish the assessor with a detailed statement of all of the property in their possession. You are clothed with ample authority to ascertain the contents of warehouses and other storage places.

"Please bear in mind that it is the Senate which desires this information, to be used possibly in the enactment of legislation for the bettering of mankind."

In behalf of said board, I now report that replies have been received from forty-nine counties; and I am enclosing herewith all letters, data and information so received.

Further, at this time, the following counties have not sent in replies or data in response to the foregoing request: Humboldt, Imperial, Inyo, Modoc, Mono, Santa Clara, Sierra, Siskiyou, Trinity.

We request permission of your honorable body to file reports from the missing counties when received.

Respectfully submitted,

STATE BOARD OF EQUALIZATION,
R. E. COLLINS, Chairman.

Hon. John S. Chambers,

State Controller,

Sacramento.

DEAR SIR: In answer to your request for a report from this office regarding the amount of foodstuffs stored in Inyo County at the present time, I have the honor to report, that by the next harvest, I doubt if there will be anything in that line left in this county.

There are no potatoes, onions, beans, etc., except those still in the hands of the farmers, and then in very small quantities, as practically all of the surplus was shipped in the fall.

There are about 75 tons of wheat in the mills, of which there are two, and practically no flour; in fact, there is nearly as much flour shipped into this county as is produced here; this is also true of other cereals, such as corn, oats and barley. Therefore I can safely state that there are no surplus foodstuffs stored in this county at present.

Very truly yours,

V. L. JONES.

Assessor of Inyo County.

OAKLAND, CALIFORNIA, March 12, 1917

State Board of Equalization.

Thos. M. Eby, Secretary,

Sacramento.

GENTLEMEN: In accordance with your request and the resolution of the State Senate, we herewith transmit to you a statement of various food products in this county on the first Monday in March at 12 o'clock, 1917.

This statement is compiled from reports of our deputies who, upon receipt of your letter, were instructed forthwith to report the facts to this office. These several articles of food products are listed as follows:

177,700 lbs. wheat in warehouse.	30,786 cases can vegetables.
15,900 lbs. oats in warehouse.	675,000 lbs. barley in warehouse.
17,100 lbs. bran and middlings in warehouse.	4,290 tons hay in warehouse.
	501,750 lbs. flour.
417,835 lbs. potatoes.	30,630 lbs. onions.
100,025 lbs. beans.	120,950 lbs. rice.
906,440 lbs. sugar.	59,298 cases can fruits.

We do not claim that this statement is absolutely correct, but we do believe as near correct as can be ascertained in the length of time you have allowed us. The supply is not up to the average this year, most of our wholesale dealers and large grocery stores buying direct from the wholesale houses in San Francisco and hence keep no large supply on hand here.

Trusting this report will assist you in your report, beg to remain,

Very truly yours,

C. F. HORNER, Assessor.

By THOS. M. ROBINSON, Assistant Assessor

MARKLEEVILLE, CALIFORNIA, March 5, 1917

State Board of Equalization,

Sacramento

DEAR SIR: I have your letter of March 1st relative to the scarcity of certain foodstuffs in the State of California.

I beg to say that I am unable to submit any report, as there are no warehouses or holdings of foodstuffs in Alpine County.

Very truly yours,

A. L. STEWART.

SUTTER CREEK, March 9, 1917.

Mr. T. M. Eby, Secretary, State Board of Equalization, Sacramento.

MY DEAR SIR: Per your request on amount of foodstuffs in Amador County, I have found the following, which I think is not the usual amount carried in previous years, and I don't think is ample for the retail trade:

Potatoes, 707 sacks; onions, 2 sacks; beans, 229 sacks; butter, 1,012 pounds; 1,504 cases of vegetables and fruits; dried fruit, 1,960 pounds; cheese, 1,371 pounds; dozens eggs, 1,324; rice, 147 sacks; bacon and ham, 4,020 pounds; flour, 697 barrels; sacks wheat, 559; sacks corn, 150; sacks of barley, 653.

Trusting that this will answer your purpose, and is just what you want, with very best wishes,

Yours respectfully,

CLARENCE E. JARVIS.

CHICO, CALIFORNIA, March 17, 1917.

Mr. T. M. Eby, Sacramento.

DEAR SIR: The following clipping from newspaper is as near O K as I can make it at this time. I think rice, wheat and barley are very nearly correct. One thousand two hundred sacks spuds, 30 sacks onions and 100 sacks of beans would cover everything in the county, I think.

Yours truly,

A. E. MORTON,
County Assessor.

REPORT OF RICE STORED IN BUTTE COUNTY.

In the recent survey of resources of Butte County made by County Assessor A. E. Morton at the request of the State Board of Equalization, he has discovered that there are millions of pounds of rice, wheat and barley stored away in the warehouses of the county. Basing his opinion on reports gathered by his assistants, Morton believes that at the present time Butte County is one of the richest counties in California in grains.

Reports show that there are 34,987,230 pounds of rice stored in the warehouses. Wheat is next with 2,808,592 pounds, and barley is the lowest with 1,936,615 pounds.

Assessor Morton believes these figures will very nearly cover the entire amount of grain stored in Butte County warehouses on March 5th.

The data is being gathered for the Legislature, which hopes to determine whether or not a combination is responsible for the high cost of commodities prevailing throughout the West. The report will be sent in within the next few days.

The local survey shows that the stock of potatoes carried in Chico March 5th was the lowest in the history of the city. Only 800 sacks of potatoes were on hand. There were only 15 sacks of onions on hand at the stores. The stock of beans is as low as it has ever been, only sixty sacks being in stock. — [Chico Daily Enterprise.]

SAN ANDREAS, CALIFORNIA, March 6, 1917.

Mr. R. E. Collins, Chairman, State Board of Equalization, Sacramento.

MY DEAR COLLINS: Yours of March 1st received, and in reply will say that I gave the "foodstuff" proposition my immediate attention. It is useless to come to Calaveras, at this time of the year, for the purpose of finding in storage any great amount of the actual necessities of life. In fact, we are shipping in at the present time: flour, wheat, barley, grain, potatoes, beans, butter, eggs, and bacon; and, in fact, beef cattle, to say nothing of other commodities. As far as onions are concerned we have quit on them. I do not believe there are twenty sacks in the county. Have called up the stores, have visited others, have had other parties visit them, and can not find a store in the county who has a hundred sacks of potatoes stored. As for warehouses, we haven't any other than what belong to them, excepting two or three that belong to the railroad company, and they have no foodstuffs to amount to anything stored in them. What they do contain is intended for mountain commissaries, as soon as the roads are in a condition so the freight can be hauled.

Many of the storekeepers have not enough goods on hand to supply their customers until spring. In fact, there are not any of them but what will have to get in some freight to keep their stock up. If you think it is absolutely necessary, I will get the number of sacks of flour, potatoes and grains on hand in each store in the county. Even the farmers have sold down to almost their last sack of potatoes; and, as one of them told me the other day, that what he used to feed to hogs, now is good enough to eat.

Please ask Wyllie about how the food proposition always is in Calaveras at this time of the year. There is plenty to eat and drink, but we get most of it from below, except the water, and we are never dry during the winter months.

With kind regards to all the boys, I remain,

Yours very truly,

WM. M. NUNER.

P. S. I leave here today for the purpose of visiting the various sections of Calaveras County.

COLUSA, CALIFORNIA, March 11, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: I herewith hand you report of foodstuffs stored in Colusa County. The same, however, does not include small stocks held by merchants for immediate use. While I am in doubt as to Paddy Rice being classed as foodstuff, to be safe, I am reporting it:

Potatoes	384 bags.
Beans	2,016 bags.
Paddy Rice	248,997 bags.

Yours very truly,

A. F. SUTTON, Assessor.

MARTINEZ, CALIFORNIA, March 16, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: Answering yours of recent date and also your telegram of today. I have to advise that there were no foodstuffs stored in the warehouses of this county on the first Monday of March.

Very truly yours,

G. O. MEESE, County Assessor

CRESCENT CITY, CALIFORNIA, March 13, 1917.

Hon. R. E. Collins, Chairman State Board of Equalization, Sacramento.

DEAR SIR: In reply to yours of March 1st, as to ascertaining the amount of foodstuffs in this county, will state:

There is about 1,500 sacks of potatoes, owned by retailers and potato raisers. There is no beans, onions, flour or other foodstuffs only what is shipped in from San Francisco.

There seems to be a plenty with prices as follows:

Potatoes	-----	43 $\frac{3}{4}$ 43 $\frac{1}{4}$	per lb.
Beans	-----	10 $\frac{1}{2}$ 15	per lb.
Onions	-----	.15	per lb.
Flour	-----	\$9 60	per bbl.

Respectfully,

W. F. MALONE, County Assessor

PLACERVILLE, CALIFORNIA, March 5, 1917

Mr. T. M. Eby, Secretary State Board of Equalization, Sacramento.

DEAR SIR: Replying to your letter of March 1, 1917, in regard to foodstuffs in storage in this county, beg to advise your honorable body that there is no storage in this county. There may be a few sacks of potatoes, but they are used for home consumption. With kindest regards, I beg to remain,

Yours very truly,

GEORGE RIEBER, Assessor.

FRESNO, CALIFORNIA, March 8, 1917.

Hon. State Board of Equalization, Sacramento.

GENTLEMEN: Acting upon the instruction contained in your circular letter of March 1, 1917, in reference to collecting information as to the amount of foodstuffs in storage in my county, I instructed my deputies to interview the various warehousemen and wholesale dealers in such goods, and to secure from them detailed reports, showing the quantity of such goods on hand. From such reports I find the following:

Potatoes	-----	7,290 sacks.
Beans—various varieties	-----	4,000 sacks.
Onions	-----	65 sacks.

Yours very truly,

G. P. CUMMINGS, County Assessor.

WILLOWS, CALIFORNIA, March 12, 1917

Mr. T. M. Eby, Secretary State Board of Equalization, Sacramento.

DEAR FRIEND EBY: I have been held up in my report by one of the warehouses being a little slow in turning in their report.

The only foodstuff we have in this county, in the warehouses, is rice, and in its present form it would hardly be edible. At any rate we can furnish our proportion of that—there being 17,648,796 pounds in the warehouses of this county.

Should you desire the amount of wheat, barley, corn, etc., I will gladly furnish the dope on short notice.

Yours very truly,

E. C. HARELSON.

BAKERSFIELD, CALIFORNIA, March 16, 1917.

Mr. T. M. Eby, Secretary, State Board of Equalization, Sacramento.

Yours very truly,

EDITH F. COONS, County Assessor.

LAKEPORT, CALIFORNIA, March 5, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: In answer to your query of March 1st inst. in relation to the storage of food, in Lake County, will say that as far as I can ascertain, there is no storage of food in this county, and only enough in sight for our immediate needs, without any for export. We import most of our flour, bacon, hams, and groceries.

Yours truly,

E. HUDSON,

Assessor Lake County

SUSANVILLE, CALIFORNIA, March 10, 1917.

State Board of Equalization, Sacramento, California.

GENTLEMEN: Upon receipt of your letter requesting me to ascertain the available food supply in Lassen County, I began making such an investigation and have the following report to make:

There is but one small warehouse company in the county and they have on hand at the present time 150 sacks of potatoes, 100 sacks of oats, 1 car of flour, and 50 sacks of other grains.

Potatoes—A considerable quantity of potatoes were buried by the farmers of the county to be sold this spring, but the long continued cold weather froze the ground to such a depth that when the pits were opened it was found they were almost a total loss. There will not be enough left for the home trade in most places, and in but a few sections will there be enough for planting. We will have to ship potatoes in before the new crop is on.

Wheat—Lassen County raised a very good crop of wheat and the prices were so good I find a great many of the farmers did not retain their seed. We had a great many buyers after our wheat, as most of it is the hard variety and was much sought after by millers, nearly 2,000,000 pounds being shipped to Omaha. In the northern part of the county there is a small amount on hand among the farmers, but no surplus.

Barley—It is impossible to buy any barley in the county.

Oats—Can be had in only a few sections, and then in small quantities. Seed will be scarce.

Rye—A like condition in rye.

Flour—All of the flour consumed in the county is shipped in from outside places, except that which is made in Lassen by a small mill.

Beef Cattle—Three hundred head will cover all the beef held in this county on the first of March.

Mutton—I have not found any mutton sheep in the county.

Hogs—Feed has been so scarce and high in price that all hogs that would do for porkers have been disposed of.

General Merchandise—The stocks of merchandise are about normal, and no surplus amount of foodstuffs are stored by our merchants.

Respectfully submitted,

RUSSELL BROWNELL,

Assessor of Lassen County.

LOS ANGELES, March 16, 1917.

State Board of Equalization, Sacramento, California.

GENTLEMEN: Herewith I hand you report of foodstuffs found in warehouses in Los Angeles County, as per your instructions of March 1st.

Yours truly,

ED W. HOPKINS,

MADERA, CALIFORNIA, March 8, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: In compliance to your request of March 1st, I beg to submit the following report of foodstuffs in storage or on hand in Madera County. This is the amount reported to me by fourteen business houses:

Flour	634 bbls.
Potatoes	356 sacks
Beans	420 sacks
Rice	118 sacks

F. E. BRISCOE, Assessor, Madera County, California.

SAN RAFAEL, CALIFORNIA, March 6, 1917.

Mr. T. M. Eby, Secretary State Board of Equalization, San Francisco.

DEAR SIR: In reply to your circular of March 1st relative to foodstuffs in storage, wish to advise you that I have none in storage in this county. I remain,

Respectfully yours,

P. H. COCHRANE.

MARIPOSA, CALIFORNIA, March 5, 1917.

R. E. Collins, Chairman, Sacramento.

DEAR SIR: Replying to report of foodstuffs held in storage, I will state that there is absolutely nothing to report in this county, as I am familiar with every detail of the various farms here, and find but four tons of potatoes in one place, and they are selling them at four cents. Everybody has plenty to eat and raising big crops for this year and will be able to withstand a siege, if necessary, for we can raise practically everything we need. Have no incorporated cities, and do not need anything except roads, which we are building now.

With kind regards, I remain,

Yours sincerely,

F. A. BONDSIU.

UKIAH, CALIFORNIA, March 6, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: In reply to your inquiry and request that I make a report to you as to the amount of foodstuffs stored in warehouses in this county, will say that since this is a stock and lumber producing county, foodstuffs are not stored for any length of time. As near as I can find out, there is nothing here at the present time except what the merchants have throughout the county for home consumption. All foodstuffs were shipped directly after harvest.

Yours very truly,

W. S. VAN DYKE, County Assessor.
By C. V. VAN DYKE, Deputy.

GENTLEMEN: As per your request I have made a hurry canvas of the different warehouses in this county with a view of locating any foodstuffs stored, and will say that there is not a sack of potatoes or onions stored in any warehouse in the county, except those in private warehouses of the different merchants, not more than 1,500 sacks in the county; there is practically no onions.

QUINCY, CALIFORNIA, March 6, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: In reply to your request of March 1st I beg to state that I have made inquiry at every store within Plumas County in person or by telephone and I find that there is not a store in the county that has over one month's supply of foodstuff on hand. For example, the largest store in the county has the following on hand: 40 sacks spuds, 25 sacks beans, 125 sacks (50 lbs.) flour, 20 sacks onions, 100 cases tomatoes, and small lots of other foodstuffs. The stores here do nothing but retail business and do not aim to keep on hand any surplus stock.

Most all stores in this county buy futures; that is to say, they buy spuds, beans and other foodstuff in the fall of the year to be delivered on call or some certain date.

Should your honorable body wish to get a detailed report, I will call on all the stores to furnish the same to me and I will turn it over to you. However, this will take five or six days to get. I beg to remain,

Yours very truly,

FRANK C. PAZOUR,
Assessor of Plumas County.

RIVERSIDE, CALIFORNIA, March 16, 1917.

Mr. T. M. Eby, Secretary, State Board of Equalization, Sacramento.

DEAR SIR: Complying with your request of recent date regarding foodstuff stored in warehouses in this county, will say that up to date we have to report as follows: flour, 243,000 lbs.; potatoes, 129,000 lbs.

Very truly,

C. B. BAYLEY,
County Assessor.

SACRAMENTO, CALIFORNIA, March 10, 1917.

DEAR SIR: In compliance with your request of March 1, 1917, I hereby enclose list of foodstuffs in warehouses within the limits of Sacramento City, as of March 5, 1917, 12 o'clock noon.

Have been unable, as yet, to compile a list of foodstuffs in warehouses in country precincts, outside of limits of Sacramento City. As soon as I receive same will mail copy to you.

I trust this report is satisfactory. If not, please advise me, and I will gladly furnish you with any additional information you may desire.

Sincerely yours,

ED. J. KAY,
County Assessor.

Your assessor would report that on Thursday, March 1st, he made a personal inspection of all the ware, storage and grocery houses in the city. This report shows a shrinkage of 1,188 sacks of potatoes during the four and one-half days. It is interesting to note that the shrinkage of stocks in the hands of our retailers was greater than that of the wholesalers. In many stores there were only broken sacks while others had none.

GENTLEMEN: In response to yours of March 1, 1917, and in reply to letter of February 28, 1917, from Mr. C. E. Brooks, Secretary of the Senate, to your body, requesting a list of foodstuffs "stored in various warehouses of the State," I have this to say:

Upon inquiry of all our warehouse men I find that there is "on store" only 500 tons of rice, 116 tons of wheat, in Yuba County.

Strange as it may seem, compared with other years, our holdover for speculative purposes is very small, not even a bean to wait sweet odors found on store.

Yours truly,

TOM E. BEVAN, Assessor of Yuba County.

COMMUNICATION.

The following communication was presented by the State Board of Equalization, and ordered printed in the Journal:

ALTURAS, CALIFORNIA, March 19, 1917.

The Honorable State Board of Equalization, Sacramento, California.

GENTLEMEN: In accordance with instructions contained in your circular letter of March 1st, I hereby submit a report on the amount of foodstuffs in storage in the county of Modoc on the first Monday in March, 1917, as follows:

Number pounds potatoes -----	77,000
Number pounds onions -----	860
Number pounds beans -----	15,050
Number pounds flour -----	151,850
Number pounds wheat -----	394,000

Of this amount, we estimate that there will be none for shipment to outside markets, as it will take all there is in the county to supply the home demand, and it is doubtful if there is enough for that purpose, for, owing to the continued cold weather no spring seeding whatever has been done as yet.

However, in gathering the above figures, no attempt has been made to get the amount of foodstuffs being stored for personal use, either for domestic use or for seed; but we have confined our efforts solely to getting at the amount being held for commercial purposes.

Hoping the above report will meet your requirements, I most respectfully submit the same.

Yours very truly,

F. A. SMITH,
Assessor Modoc County, California.

The commission shall have the right to refuse its permission or to grant it upon such terms and conditions as it may prescribe.

(b) The commission shall have the exclusive power to determine and prescribe the manner, including the particular point of crossing, and the terms of installation, operation, maintenance, use and protection of each crossing of one railroad by another railroad or street railroad, and of a street railroad by a railroad, and of each crossing of a public road or highway by a railroad or street railroad and of a street by a railroad or *vice versa*, subject to the provisions of section 2634 of the Political Code so far as applicable, and to alter, relocate or abolish any such crossing, and to require where, in its judgment it would be practicable, a separation of grades at any such crossing heretofore or hereafter established and to prescribe the terms upon which such separation shall be made and the proportions in which the expense of the construction, alteration, relocation or abolition of such crossings or the separation of such grades shall be divided between the railroad or street railroad corporations affected or between such corporations and the state, county, municipality or other political subdivision affected. It shall be the duty of each corporation and political subdivision to which any of the expense is apportioned to pay from the funds available therefor in its treasury the amount apportioned to it at the time and to the parties specified by the order of the commission and if the same is not paid in accordance with the commission's order the corporation or political subdivision entitled thereto under the commission's order shall have the right to sue therefor in any court of competent jurisdiction. If no such funds are available as aforesaid, it shall be the duty of the appropriate boards, officers and employees entrusted with the levy and collection of the taxes or assessments of such political subdivision to do all acts necessary to include in the next succeeding tax or assessment levy the amount due and to collect the same, whereupon the amount due shall be paid over to the corporation or corporations, the state, political subdivision, or political subdivisions entitled thereto under the commission's order. The commission shall have the power by order to designate the state, certain of said corporations, and political subdivisions, affected, to do all or specified portions of the acts required by any order of the commission made under the provisions of this subsection, and to prescribe the manner and the time within which the parties so designated shall be paid or reimbursed by the other corporations, the State and political subdivisions among which the expense of the work has been apportioned by the commission.

(c) 1. The commission shall have power in accordance with the procedure provided in this subsection to fix the just compensation to be paid for property or any interest in or to property to be taken or damaged in the separation of grades at any crossing specified in subsection (b) hereof, or for property or any interest in or to property to be taken or damaged in the construction, alteration or relocation, under the order or with the approval of the commission, of elevated tracks or subways for any railroad or street railroad over or under any public road, street, highway or private right of way, or of any public road, street or highway over or under the tracks of any railroad corporation or street railroad corporation; and upon the payment of the just compensation so fixed to make a final order of condemnation as hereinafter provided.

2. Proceedings under subsection (c) hereof may be commenced by order on the commission's own motion or by a petition filed by the state, county, city and county, incorporated city or town, other political subdivision, railroad corporation, or street railroad corporation, affected. Any proceeding commenced under this subsection may be made a part of any proceeding commenced under subsection (b) hereof. Said petition shall set forth the name and interest of the petitioner, and said order on the commission's own motion and said petition shall set forth a statement of the purpose of the proceedings and the use for which property or interest in or to property is sought to be taken, a description of each piece of land or other property or interest in or to property sought to be taken, and whether the same includes the whole or only a part of an entire parcel or tract or piece of property or interest in or to property and the names and addresses of all owners and claimants thereof, if known, or a statement that they are unknown, and a statement of each railroad

corporation, street railroad corporation, the state and political subdivision which in the opinion of the commission or the petitioner has an interest in the proceeding. Said petition shall pray that the commission fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in the petition, that the commission designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants of the property and interest in or to property condemned to whom such compensation shall be paid and that the commission make its final order of condemnation, provided, that when the proceeding is commenced by order on the commission's own motion said matters shall be included in the statement of the purpose of the proceeding. Said petition shall be duly verified and at the time the same is filed with the commission the petitioner shall also file the additional copies thereof equal in number to three more than the number of owners and claimants named in the petition.

3. Upon the filing of said petition with the commission or the making of said order on the commission's own motion, the commission shall make its order specifying the nature of the proceeding, containing a general description of the property and interest in or to property to be condemned, and directing the owners and claimants and the railroad corporations, street railroad corporations, and governmental authorities in interest named in said petition or order on the commission's own motion, who shall also be named in said order to show cause, to appear before the commission at a time and place specified in said order, to show cause, if any they have, why the commission should not proceed after hearing to fix the just compensation to be paid for the acquisition of or damage to the property and interest in or to property specified in said petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owners and claimants to whom such compensation shall be paid and to make its final order of condemnation. Said order to show cause shall direct the secretary of the commission to serve or cause to be served upon each such owner and claimant, railroad corporation, street railroad corporation and governmental authority in interest a copy of said order certified under the seal of the commission to which shall be attached a true and correct copy of the petition or order on the commission's own motion, provided that when the proceeding is commenced by order on the commission's own motion said order to show cause may be incorporated in said order on the commission's own motion. Personal service shall be made in accordance with the provisions of the Code of Civil Procedure of the State of California, provided that service may also be made by depositing a copy of said order to show cause certified under seal of the commission with a true copy of the petition or order on the commission's own motion attached thereto or made a part thereof in the United States mail, enclosed in a sealed envelope, registered, with postage prepaid, addressed to each owner or claimant, railroad corporation, street railroad corporation and governmental authority in interest named in said petition or order on the commission's own motion. If any owner or claimant named in the petition or order on the commission's own motion resides out of the state or has departed from the state or can not after due diligence be found within the state or controls himself to avoid service, or is a corporation having no managing or business agent, cashier or secretary or other officer upon whom summons may be served, who, after due diligence, can not be found within the state, and the fact appears by affidavit to the satisfaction of the commission, and it also appears by such affidavit or by the petition or order on the commission's own motion that a cause of action exists against such owner or claimant on whom service is to be made and that he is a necessary or proper party to the proceeding, the commission may make an order that the service be made on such owner or claimant by publication of the commission's said order to show cause. Said order of the commission shall direct that the publication be made in a newspaper to be designated by the commission as likely to give notice to the owner or claimant to be served, and for such time as the commission may find to be reasonable, at least once a week, but publication against an owner or claimant residing out of the state or absent therefrom shall not be less than two months. If the address of any owner or claimant as stated in the petition or order on the commission's own motion is out of the state, the secretary of the commission shall within fifteen days after the making and filing of said order to show cause, deposit or cause to be deposited a copy of said order to show cause certified under the seal of the commission, with a true and correct copy of the petition or order on the commission's own motion attached thereto or made a part thereof, in the United States mail, enclosed in a sealed envelope, registered, with postage prepaid, addressed to such owner or claimant at the address specified in the petition or order on the commission's own motion. Personal service of a copy of the order to show cause and of the petition or order on the commission's own motion out of the state is equivalent to publication and deposit in the United States mail. Within ten days prior to the time set for the first hearing on the petition or order on the commission's own motion, which time shall be not less than thirty days after the filing of said petition or the making of said order on the commission's own motion, the secretary shall serve or cause to be served upon the petitioner a written notice of such hearing, specifying the time and place at which such hearing shall be had. In all respects not in this paragraph otherwise provided, service and the

proof of service shall be made as provided by the Code of Civil Procedure of the State of California. Upon the completion of service upon the petitioner or upon any owner or claimant, railroad corporation, street railroad corporation or governmental authority in interest named in the petition or order on the commission's own motion, the commission shall have full and complete jurisdiction in so far as such petitioner, owner or claimant, railroad corporation, street railroad corporation, or governmental authority in interest is concerned, to make each finding hereinafter referred to, to fix the just compensation to be paid for the acquisition of or damage to any property or interest in or to property specified in the petition or order on the commission's own motion, to designate the party or parties to the proceeding who shall pay such compensation and the owner or claimant to whom such compensation shall be paid and to make its final order of condemnation. The failure to make such service upon any person alleging that he is an owner or claimant or party in interest but not named in the petition or order on the commission's own motion or to acquire jurisdiction over such person shall in no way affect the jurisdiction of the commission over owners and claimants and parties in interest on whom service has been made as in this paragraph provided. The commission shall have power at any time subsequent to the filing of the petition, and prior to making and filing its finding of just compensation, to authorize the amendment of the petition, or in case the proceeding is by order on the commission's own motion to amend said order, by altering or modifying the description of said property, or interest in or to property, or by adding to or deducting from said property or interest in or to property, or by bringing in any additional party or parties and in each other respect including each procedural allegation.

4. At the time and place specified in said order to show cause, or at such other time and place as, for good cause, may be otherwise ordered by the commission, the commission shall proceed to a hearing upon the petition or order on the commission's own motion. When the proceeding has been submitted the commission shall make and file its finding upon the question whether the use to which the property or interest in or to property is to be applied is a use authorized by law and whether the taking is necessary to such use, and shall make and file its written finding and fix the just compensation to be paid for said property or interest in or to property, provided that if the commission finds that severance damages should be paid, the just compensation for such damages shall be found and stated separately. Said just compensation shall be fixed by the commission as of the day on which the petition was filed or the order on the commission's own motion was made. The petition shall also make its order designating the party or parties to the proceeding who shall pay the just compensation so fixed, or any portion thereof, the amounts in which it shall be paid, the times at which it shall be paid, the property or interest in or to property for which it shall be paid and the owners and claimants of such property or interest in or to property to whom it shall be paid. The commission may prescribe any other terms or conditions with reference to the payment of such compensation as to the commission may seem proper, including a provision that the money due be paid to the commission to be distributed to the parties entitled thereto. The party or parties whom the commission may designate to pay such compensation or any part thereof shall thereupon become liable therefor, and may be seen in any court of competent jurisdiction by the party or parties entitled to such compensation as provided in the commission's order, provided that in cases in which the order of the commission authorizing any work to be done under the provisions of this section is permissive in character and not mandatory, the commission may prescribe the time within which the party receiving such permission must elect to proceed and so notify the commission shall and only in the event such party elects to proceed and so notifies the commission shall any liability arise in such cases to pay the just compensation or any part thereof under the provisions of this section. When any political subdivision of the state is designated by the commission to pay such compensation or any portion thereof the same shall be collectible in the manner provided in subsection (b) hereof for the collection of expenses apportioned by the commission to political subdivisions of the state.

5. When the just compensation has been paid in accordance with the commission's order made under the provisions of this subsection for property or interest in or to property, the commission shall make its final order of condemnation which must describe the property or interest in or to property condemned and the purpose of such condemnation. A copy of said order certified under the seal of the commission shall thereupon be filed in the office of the recorder of the county in which the property or interest in or to property therein described is situated, and thereupon the property or interest in or to property described therein shall vest in the parties and for the purposes specified in said order.

6. The finding of the commission on the question of the necessity for the taking and the finding, fixing the just compensation to be paid for any property or interest in or to property under the provisions of this subsection shall be final and shall not be subject to modification, alteration, reversal or review by any court of this state. The provisions of this act with reference to rehearing and review shall be applicable to the findings of the commission made and filed under the provisions of this section.

Petitions for rehearing must be filed within twenty days from the date of making and filing the finding as to which a rehearing is desired. If a finding of the commission made and filed under the provisions of this section is set aside by the supreme court of the State of California, the matter shall be referred back to the commission for further action in a proceeding before the commission, and the commission shall have the right, on taking further action, to consider the entire testimony theretofore taken in the proceeding before the commission as well as such further testimony, if any, as may be presented in connection with such further action.

7. The procedure provided in this section shall be alternative and cumulative and not exclusive to the right to pursue any other procedure now or hereafter established providing for the acquisition under eminent domain proceedings of property or interest in or to property.

8. The legislature hereby declares that subsection (c) hereof is enacted as a germane and cognate part of and as an aid to the jurisdiction of the railroad commission in the supervision and regulation of railroad and street railroad corporations.

9. Nothing in this section shall be construed to entitle any owner or claimant of property and interest in or to property to receive damages when the right to receive such damages does not exist under the laws of this state apart from the provisions of this section.

MESSAGE FROM THE GOVERNOR.

On motion of Senator Jones, the following message from the Governor was read:

EXECUTIVE DEPARTMENT, STATE OF CALIFORNIA.

To the Senate of the State of California:

In accordance with section 16, of Article IV of the Constitution, I return to you herein without my approval Senate Bill No. 262.

Senator Edgar A. Luce, who introduced this bill, has asked me to veto it for the reasons set forth in the following statement to me:

"Senate Bill No. 262 which has passed the Assembly and is now before you, was introduced by me to remedy a condition in San Diego Bay, in regard

to the fishing there. It amends section 636 of the Penal Code. The Fish and Game Commission inform me that they have another bill amending this same section in many other particulars, which will doubtless be passed by the Legislature. It may result in confusion to have both of these measures, amending the same section signed by you. I therefore believe it advisable for you to veto Senate Bill No. 262, of which I am the author, as the amendments contained therein to the Penal Code, will be also contained in the bill which will doubtless later on be submitted to you. Therefore, in order to simplify matters, I would recommend that my bill be vetoed."

For the reasons, therefore, that Senator Luce has given, I veto this bill.

WM. D. STEPHENS, Governor.

Dated: SACRAMENTO, CALIFORNIA, March 23, 1917.

REPORT OF JOINT COMMITTEE.

Senator Jones, chairman of the Joint Committee of the Senate and Assembly to wait upon the Governor, appeared at the bar of the House and announced to the acting President of the Senate the presence of His Excellency, William D. Stephens, Governor of the State of California.

PRESENTATION OF GOVERNOR WILLIAM D. STEPHENS.

The Honorable Frank H. Benson, acting President of the Senate, then presented Governor William D. Stephens to the Joint Convention. The Governor then addressed the Joint Convention as follows:

Gentlemen of the Legislature:

I avail myself of the privilege of appearing before you personally in order to address you the more intimately.

World events beyond our control have brought us face to face with conditions that may well have our most profound consideration.

Our beloved republic is in imminent danger of being drawn into the almost world-wide war—a war of unprecedented violence and destructiveness. If this can not be averted, as God grant it may be, California's safety is imperiled.

Upon this subject the war department at Washington in an official document says:

To transport promptly large bodies of troops into California would be difficult if not impossible in face of opposition at the passes.

The invader would have a most fertile region at his back while the reverse would be the situation with us. The harbor defenses maintained in this region are reasonably strong, but they are of little use unless supported by a reasonably strong mobile force maintained in this region.

To rely for defense during the first stage of a war upon a mobile force shipped in from the east is to invite disaster.

With these conditions confronting us it is clearly manifest that should war ensue we must be prepared not only to contribute our just share to the protection of the whole nation, but we must from our own resources stoutly defend our borders against invasion. We love peace and abhor war. But we are Americans; and as Americans we shall suffer no hostile step upon our soil.

In this hour of peril our chief reliance is upon the national government, to whose call California will respond loyally and promptly. It is unnecessary to pledge our people to the support of the President. This they will accord instantly and unanimously. The fires of American patriotism burn as brightly as in the days when our fathers laid the foundation of the republic and as brightly upon the Pacific Coast as upon the Atlantic.

That we may be of service to the nation in the event of hostilities, it is imperative that we have the disposition to defend our homes, and that we possess the necessary equipment and the knowledge to use it effectively. Love of country alone, if not translated into action, will not preserve our land from spoliation by foreign foe. We must have patriotism plus efficiency.

Under the national law all able-bodied citizens of military age are subject to call by the President for military service. It is only fair, therefore, that the State should provide, in anticipation of hostilities, so far as consistent with the federal laws, such

training as will prepare men for the hardships of a soldier's life. For the most part the federal government calls men only when immediate, active service is required. Therefore men are taken from their peaceful pursuits without previous training. I deem it our duty to make provision so that at least such of our patriotic citizens as are willing to devote time to training in camp life shall be afforded opportunity to do so.

To ask men to leave their peaceful callings and take up arms in defense of our firesides, without affording them every facility within our power to prepare them to withstand the hardships that warfare imposes, would be to prove ourselves indifferent and unworthy. Such a course would expose our patriotic sons and brothers to cruel and needless suffering.

Impending events may make it necessary to provide an appropriation to meet emergencies. I respectfully suggest that you give this subject profound consideration.

Information now being sought may enable me to submit a specific recommendation in the near future. With no desire to unduly alarm, we must recognize the gravity of the situation, and be prepared for prompt and vigorous action.

IMPORTANCE OF COAST ROADS.

In the matter of cooperation with the federal government, every ounce of energy that we can command should be brought to bear to strengthen our borders against possible assault and invasion.

In this connection the matter of coast highways is a most important factor. Every dollar expended upon good roads is advantageously spent if we consider only the commercial benefits resulting. But coastal highways have a military value transcending in importance even the commercial aspect.

In the building of these highways it might be advisable to seek the cooperation and aid of the federal government at the approaching extra session of congress. The national government is vitally interested in whatever is done in a military way to protect the coast line, and it is possible that substantial aid will be accorded, if the State and the counties immediately benefited agree to finance their share of the cost of construction.

I would suggest, therefore, for your consideration, the advisability of working out some plan for federal, state and county cooperation in coast road construction, and the adoption of a suitable appeal to congress for the ratification of such plan.

PROBLEM OF FOOD SUPPLY.

Another problem now pressing for solution is the world's food supply and its cost. Happily our favored commonwealth has been free from the pangs of hunger, but the high price of food staples has added much to the burdens of our people. With soil and climate such as ours there should be an abundance within the reach of everyone.

The first simple remedy for the high cost of living is a more thorough and extensive cultivation of the soil. The press of the State is doing excellent work in encouraging cultivation, even to the gardens and vacant city grounds.

Data gathered in state-wide hearings conducted by the Rural Credits Commission, disclosed the fact that agriculture as a whole is in a state of arrested development. I earnestly commend to you such legislative measures as will encourage intense and diversified farming, and place it upon a sound foundation. A comprehensive program for this would include and rest upon three fundamental departments—land occupancy, rural credits and marketing.

Insufficient understanding of our soil, water and climatic conditions has caused many failures among small farmers who have come to us from widely different conditions.

However valuable the federal rural credits system may prove to be, it can scarcely be expected to meet all the needs of those who are farming in isolated sections, where formation of associations required by the act would be impracticable. A simple, direct system of state rural credits, based upon sound banking principles, would meet with much favor and prove a great aid.

This brings us to the problem of distribution. Much good has been accomplished by organization for marketing our horticultural products, but our agriculturists and consumers are in crying need of a system that will put them into closer contact with each other so that the products of the soil may be easily transferred from producer to consumer without needless expense.

Existing world conditions disturb the ordinary laws of supply and demand, but we should find and put into service such regulations as would prevent control of, and juggling with, the prices of the necessities of life. Food and fuel are the foremost public necessities and utilities, and no one dealing in these commodities should be permitted to make more than a fair profit from his handling or disposal of them. No one should be allowed to capitalize the hunger or cold of the people and declare dividends thereon.

The high cost of living is due far more to faulty methods of distribution than to shortage of supply. The further regulation of warehouses and cold storage is a matter well worthy your consideration.

The danger that we may be drawn into the world's conflict accentuates our duty to prepare by every method of production and conservation to make our own people

secure against want and to do our part towards the nation's supply. These obvious problems are not easy of solution but we should be equal to the task, in which you may count upon my full cooperation.

ECONOMY OUR WATCHWORD.

In order that we shall be in the best condition to endure the strain of possible war, it is imperative that we should husband our resources to the utmost. Economy must be our watchword, and no appropriation should be considered where the need is not urgent.

I would not of course be understood as urging a policy of retrenchment that would impair the usefulness of our institutions. We must not lay ourselves open, in our desire for economy, to any justifiable charge of being penny wise and pound foolish. What I urge is that there be wise, thoughtful, painstaking study of, and conservative action upon all appropriation measures.

If, in pursuance of this thought, you are able without impairment of the present efficiency or value of any department by consolidation or administrative simplification to reduce the cost of government, such course would no doubt meet the approval of our people, particularly so if we are to be called upon for heavy outlays for defensive measures.

If I were permitted to speak directly to the three millions of people within our borders it would be to urge this same suggestion of economy.

The Secretary of Agriculture has estimated that in the United States there is an annual waste of food products amounting to the astounding total of \$700,000,000 in value. How much of this is chargeable to California I am not able to say. But in view of the conditions of hunger existing in some of the richest countries of the old world, it behooves us to produce and conserve every article of food staples against the possibility of war conditions that threaten us. This is a simple method by which every citizen can perform a useful and patriotic duty.

THE STATE'S ACHIEVEMENTS.

In assuming the responsibilities of the office of Governor, I do so in full accord with the great governmental and humanitarian doctrines that have been written into our laws during the last six years.

The Initiative, Referendum, Recall and Direct Primary—with equal suffrage in just correlation—constitute the modern Magna Charta under which the rule of the People is made possible.

Through the Railroad Commission, Board of Control, the improved Bank Act and kindred enactments, our commercial interests have been stabilized and in the Workmen's Compensation, Child Labor, Minimum Wage, safety and sanitation laws, and other similar measures, the welfare of labor has been safeguarded.

All of these beneficent measures having had the overwhelming approval of our people, we are charged with the duty of upholding them, and whenever possible to strengthen and simplify their operations. Space does not permit my attempting to discuss these measures at length. Moreover, my distinguished predecessor gave them much thoughtful attention in his message early in your session.

PRESERVE CIVIL SERVICE.

Efforts to weaken, and ultimately to break down Civil Service should be stoutly resisted. The merit system is the only effective antidote yet discovered for the spoils system in public service. I would strongly urge its extension rather than its restriction.

SOCIAL INSURANCE.

At the last regular session of the Legislature, the appointment of a commission was directed which should investigate and report to you its findings with respect to a system of social insurance now in operation in the United States and foreign countries, the probable cost of the same and such recommendations as should commend themselves to the commission.

This report has been made and is before you with the recommendation that an amendment to the constitution be submitted to a vote of the people that will pave the way to provide that character of state insurance known as Social Insurance.

By this means we may, if the proposal meets with the approval of the people, provide the necessary authority to enable the state to assist, under proper restrictions and conditions, those of its citizens who by their energy have contributed to the development and upbuilding of our state, yet who have not been able to provide against that day when, overtaken by ill health, declining years or broken strength, they are by poverty denied participation in the comforts of life that in part have resulted from their labors.

I do not mean to convey the thought of engaging the state in what might be classed as commercial insurance—such as fire and life insurance—as distinguished from social insurance. The former would involve the state in a departure from reasonable lines of governmental policies—while social insurance might well be deemed as related to the pension system—a field of governmental activity, that has the approval and sanction of all society.

SOUND BUDGET SYSTEM.

I desire to call your attention to the wisdom and necessity of continuing and strengthening the modern methods of business management which have been introduced into the conduct of our state government. The intelligent administration of public finances requires a thorough-going budget system, as proven by the excellent results achieved in this state by the use of an informal budget. It is highly important, in my judgment, that such a system for the handling of the state's financial affairs be permanently established by being written into the constitution itself.

In conclusion I wish to convey to each Senator and Assemblyman an expression of my personal regard, and to thank you one and all for your generous friendships and cordial assurances of cooperation. I wish you to believe that I shall welcome your bringing to me, during this brief session or afterwards any matter affecting the state's welfare.

WM. D. STEPHENS,
Governor.

PETITIONS.

The following petitions were received and ordered printed in the Journal:

By Senator Tyrrell:

To the Members of the Legislature of the State of California.

GENTLEMEN: The undersigned would respectfully represent that the town of Emeryville is one of the most active and prosperous industrial centers on the Pacific Coast:

The number of employees in its factories equals its entire resident population;

In addition to its advantageous location and superior transportation facilities, its low tax rate has been the magnet which has attracted scores of industrial plants;

This low tax rate of 50 cents on the hundred dollars of taxable property has been made possible through the revenue received from liquor licenses, which pay practically one-half the expenses of the municipal government;

Emeryville has an economical and efficient administration; it is an orderly, peaceful, and well-conducted community with comparatively few arrests.

In view of these facts and the manifest iniquity and injustice of the measure, we respectfully but urgently protest against the passage of the Rominger bill as destructive of our industrial prosperity.

F. HAHN, and 64 others.

By Senator Duncan:

OROVILLE, BUTTE COUNTY, CALIFORNIA.

Senators, State Legislature of California, Sacramento, California.

HONORABLE BODY: We, the following citizens of California, petition that you vote for Senate Bill No. 414, known as the Rominger bill.

E. C. BINET, and 90 others.

By Senator Luce:

SAN DIEGO, CALIFORNIA.

At a regular meeting of the San Diego County Single Tax Society, held March 12, 1917, the following resolution was unanimously adopted:

Resolved, That the San Diego County Single Tax Society, having endorsed the constitutional amendment proposed by The Equity Tax League of the State of California, respectfully urges the State Senators and Assemblymen representing their respective districts, to vote for and support said amendment, entitled "Senate Constitutional Amendment No. 27," and "Assembly Constitutional Amendment No. 23," in order that said proposed amendment may be submitted to the suffrage of the people of the State at the general election to be held in 1918.

HOWARD C. DUNHAM, President.

C. R. COLBURN, Secretary pro tempore.

By Senator Scott:

SAN FRANCISCO, March 22, 1917.

At the regular monthly meeting of the Civic League of Improvement Clubs and Associations held in the Phelan Building assembly hall, the following resolution was unanimously adopted:

WHEREAS, The Rominger bill, now before the State Legislature, would be a most dangerous and ruinous measure to some of the principal industries of our great State; and

WHEREAS, The people of this State only a few months ago, viz: on the 7th of November, 1916, defeated a measure similar to the Rominger bill, providing for the abolition of wholesale liquor houses and saloons, by a majority of 44,744 votes; and

WHEREAS, The proposed law is unjust and inequitable, seeking to destroy the business of the retailer and the wholesaler in order that the business of the wine maker may continue to exist; and

WHEREAS, The said bill seeks to destroy the personal liberties of the people, the revenues of our cities and to saddle upon them an ever-increasing burden of taxation; therefore, be it

Resolved, That the Civic League of Improvement Clubs and Associations voice its strenuous protest against the said Rominger bill, or any other similar measure, and we heartily ask the cooperation of the California State Legislature.

GEO. W. GERHARD, Secretary.

ALEXANDER RUSSELL, President.

By Senator Rigdon:

SAN LUIS OBISPO, March 13, 1917.

Hon. E. S. Rigdon, Senator from San Luis Obispo and Monterey Counties.

DEAR SIR: We, the organization of the Woman's Christian Temperance Union of San Luis Obispo, and the undersigned citizens, earnestly request you to defend the honor and respectability of the citizens of California by vigorously opposing Amendment No. 26, which if enacted would prohibit the voters of the State to legislate in regard to the controlling, regulating or prohibition of the liquor traffic; and Assembly Bill No. 54, which would license and permit prostitution.

Such legislation is an open insult to the conscience of California citizens.

MRS. GRACE VAN SCOY, and 65 others.

COMMUNICATIONS.

The following communication was presented by Senator Scott, and ordered printed in the Journal:

SAN FRANCISCO, March 12, 1917.

To the Hon. Committee on State Laws and Legislation of the Board of Supervisors.

GENTLEMEN: Your Finance Committee having thoroughly investigated the question of how the passage of the Reminger bill would affect the income of the city and county of San Francisco, herewith reports as follows:

The annual revenue derived from liquor licenses for the year 1915-16 was \$1,007,270. If the bill should pass it becomes a law January 1, 1918, which would mean that we would lose the revenue for the period from January to July, 1918—approximately \$503,635. It is possible that some of the liquor licenses might not be renewed at all after the passage of the law; in that event our income for the present fiscal year would be materially affected. The loss of \$500,000 in our revenues would mean that we would have to add at least 10 cents to our tax rate.

In view of the extraordinary demands on the city income for the coming year, we deem it inadvisable to have such a law become effective, and respectfully recommend that the Committee on State Laws and Legislation convey said recommendation to our representatives in the Legislature at Sacramento.

Respectfully submitted,

JAMES E. POWER,

E. L. NOLAN,

ANDREW J. GALLAGHER,

Finance Committee.

AYES—Supervisors Densy, Gallagher, Hayden, Hooks, Hayes, Lahaney, McLeran, Mulvihill, Nelson, Nolan, Power, Suhr, Walsh, Wolfe—14.

The following communication was received, and ordered printed in the Journal:

BRIDGEPORT, CALIFORNIA, March 22, 1917.

State Board of Equalization, Sacramento.

GENTLEMEN: In reply to your communication of March 1, 1917, in regard to amount of foodstuffs stored in warehouses in Mono County, would state that there are no foodstuffs stored in this county except the regular stock of merchandise carried by the different merchants throughout the county, and their supply is about normal; that is, about enough to last them to May 1, 1917, when the roads will be passable for freight teams.

Respectfully,

JAMES BORLAND,

Assessor of Mono County, California.

1. The first step in the process of developing a new product is to identify a market need. This can be done through market research, which involves gathering information about the target market and its needs. Once a market need has been identified, the next step is to develop a concept for a product that meets this need. This concept should be based on the market research and should take into account the needs and preferences of the target market. The concept should also be feasible, meaning that it can be developed and marketed within the resources available to the company. Once a concept has been developed, the next step is to create a prototype of the product. This prototype should be used to test the concept and to gather feedback from potential customers. Finally, once the concept has been tested and refined, the company can move forward with developing the final product and marketing it to the target market.

By Senator Rominger:

Be it hereby Resolved, That we, newshoys of Long Beach, and friends and relatives of newshoys, in meeting assembled, voice emphatic protest against the adoption of Senate Bill No. 101 as amended, so far as it relates to

The proposed law tends to interfere with parental authority and is wholly unnecessary; it undertakes to cure a situation that requires no treatment.

The proposed law would result in added hardships to the poor, for the reason that it would deprive boys of opportunities to contribute to family support and to become self-supporting.

It would place a legal barrier against a boy's pursuit of honest toil and would encourage him to form habits of idleness which would lead to poverty or crime.

It would remove from the grasp of boys who are without parental resources opportunities for training and development, self-reliance and the formation of good character.

The proposed law discriminates against cities having a population in excess of 23,000 and in favor of cities whose population is less than that number.

Furthermore, we urge upon the members of the Senate and Assembly the consideration of the following facts:

The selling of newspapers does not interfere with a boy's schooling or elementary education.

Under the laws now in force the attendance of children under certain ages in public schools is compulsory, and boys under the ages prescribed by the statutes are not permitted to sell newspapers except after or before school hours.

The selling of newspapers is an occupation that is obviously beneficial to health and not injurious to morals. The newsboy sells papers not as a matter of choice, but duty. He must give his whole physical attention and does not have time to associate with persons of bad character or stay out late at night.

The newsboy is on the highway where he is open to observation by everyone and is not susceptible to contaminating influences. He is under newspaper and police supervision at all times. He is engaged in a worthy, commendable occupation which tends to develop habits of thrift, enterprise and reliability, traits of character essential to success in later years.

NEWSBOYS' MASS MEETING.

EUGENE BROWN, Chairman.
JIMMIE COCHRAN, Secretary.

Dated: March 24, 1917.

By Senator Brown:

WHEREAS, The operation and construction of municipally owned utilities within the city of Los Angeles, and municipalities generally throughout the State, are in their first stages of development; and

WHEREAS, The success thus far obtained in Los Angeles and other municipalities of the State in government ownership of these utilities has been had in the face of many years of consistent opposition from certain opponents of municipal ownership; and

WHEREAS, This success continues to invite increased opposition from these same interests; and

WHEREAS, It has been proposed at the present session of the Legislature to submit a constitutional amendment to the people of the State which, if adopted, would tax these municipally owned utilities that are now free from taxation; and

WHEREAS, In the judgment of the Board of Public Service Commissioners of the City of Los Angeles, it is to the greatest interest of the people of the State that all possible State support and encouragement be given to municipally operated utilities during the early years in the life of these utilities; and

WHEREAS, The imposition of such a tax would be the placing by the State of an obstacle in the way of the ultimate success of municipal ownership at a time when State encouragement is most needed in the early stages of this modern development of governmental activity; therefore, be it

Resolved, By the Board of Public Service Commissioners of the City of Los Angeles that the representatives of this city, and the county of Los Angeles in the State Senate and the State Assembly, be respectfully urged and requested to take every honorable means to defeat the adoption by the Legislature of such a constitutional amendment as above described; and that they further be requested to enlist the cooperation of all members of the Legislature who are interested in the final success of municipal ownership of utilities throughout the State of California.

I hereby certify that the foregoing is a full, true and correct copy of a resolution adopted by the Board of Public Service Commissioners of the City of Los Angeles on March 16, 1917.

EXPLANATION OF VOTE.

Senator Duncan asked for, and was granted, unanimous consent to have the following explanation of his vote on Senate Bill No. 818 printed in the Journal:

In casting my vote against the amendment to Senate Bill No. 818, exempting farmers from the operation of the bill, I am giving consideration to the following:

Some time ago I addressed a communication to the Oroville Register, the Chico Enterprise, the Gridley Herald, the Sutter Independent, the Sutter County Farmer, the Marysville Appeal, the Marysville Democrat, the Woodland Mail, the Woodland Democrat, the Davis Expositor, and the Winters Express, stating in substance that a large number of farmers had already voluntarily come under the compensation act, that several farmers' organizations had placed themselves on record favoring coming under the act, and that my personal inclination was to vote to include farmers but I was conscious that I was acting in a representative capacity and

desired to correctly represent the wishes of my constituents, and to that end would be pleased to hear from any interested persons upon the subject, and be guided by their wishes.

I think this gave fair notice to all interested parties, and afforded ample opportunity for the expression of any objection which they might have.

So far I have heard from but two farmers. Both desired to come under the bill. A third made verbal inquiries and seemed somewhat uncertain as to his final wishes in the matter.

Under these conditions it seems to me that I am warranted in assuming that the farmers are either indifferent or that they desire to come under the provisions of the act.

In any case I have given ample opportunity for an expression of their opinion and if I fail to vote in accordance with their wishes no complaint can be made by them.

If the farmers are not sufficiently interested to communicate their views, I will have to use my own best judgment.

Bills and Resolutions.

SCOPE OF WORD "BILL."

4. Whenever the word "bill" is used in these rules it shall include constitutional amendments, joint and concurrent resolutions.

JOINT AND CONCURRENT RESOLUTIONS.

5. Joint resolutions are those which relate to matters connected with the Federal government. All other resolutions relating to matters to be treated by both Houses of the Legislature are concurrent resolutions.

RESOLUTIONS TREATED AS BILLS.

6. Joint resolutions, concurrent resolutions and constitutional amendments shall be treated in all respects as bills; except that they shall be read but one time in each House, and that they shall not be deemed bills within the meaning of section 2 of Article IV of the Constitution and shall not be referred to the Committee on Introduction of Bills, and shall not require a vote to authorize their introduction. As in the case of bills, they shall be engrossed in the House in which they originate before being voted upon.

Preparation and Introduction of Bills.

TITLE OF BILL.

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

DIVISION OF BILL INTO SECTIONS.

8. Bills amending more than one section of existing laws shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

CHANGES FROM CODE TO BE MARKED BY AUTHOR.

9. In case of a bill amending a code section, all omissions must be shown by the insertion of heavy parentheses without including the omitted matter; all additions must be shown by underlining the new matter. When printed, the new matter so underlined shall be enclosed in heavy brackets in the printed bill.

COMMITTEE ON REVISION AND PRINTING TO EXAMINE BILLS WHEN INTRODUCED.

10. Unless otherwise ordered by the House in which the bill was introduced, all bills before being printed shall be immediately sent to the Committee on Revision and Printing, which shall examine the bill, with the aid of the Legislative Counsel Bureau. The committee, by and with the written assent of the author filed with it, shall have authority to correct any clerical error such as in orthography, adding or correcting the enacting clause, mistakes in numbering sections and references thereto, errors in grammar, phraseology, or in the form of the bill; provided, that no bill which bears the stamp of the Legislative Counsel Bureau showing that before introduction it has been examined as to form, shall be sent to the Committee on Revision and Printing.

BILLS INTRODUCED TO INDICATE CHANGES IN CODE SECTIONS.

11. The Committee on Revision and Printing and the Legislative Counsel Bureau shall see to it that Rule 9 of these Joint Rules is observed by the author, and that the bill shall not be sent to the printer until the provisions of this rule have been carried out.

REPORTS OF COMMITTEE ON REVISION AND PRINTING.

12. The Committee on Revision and Printing shall return to the Secretary of the Senate or Chief Clerk of the Assembly all bills in the order in which they were sent to it, but shall not retain any bill for longer than three legislative days, unless otherwise ordered.

Printing and Distribution of Bills

MANNER OF PRINTING BILLS, ETC.

14. The State Printer shall observe the following directions in printing all bills, constitutional amendments, joint and concurrent resolutions:

(b) All titles of bills, resolutions, etc., shall be set in italics, statute form, and the length of the lines used in the bills shall not exceed that of the body of the bill.

(c) The lines of all printed bills shall be numbered by page and not by sections, and amendments shall be identified by reference to title, page and line only.

(d) Enrolled bills may be enclosed in stock cover.

PRINTING OF AMENDMENTS.

15. All bills amended by either House shall be immediately reprinted; in the case new matter is added by the amendments, such new matter shall be enclosed in heavy brackets in the printed bill and in the case of matter being omitted, the omission shall be indicated by heavy parentheses. Within the brackets or parentheses shall be printed a small index figure or symbol corresponding to a similar index figure or symbol preceding the date of the amendment appearing at the top of the first page of the bill. When a bill immediately after a code section is engrossed, all figures or symbols shall be removed, and all parentheses or brackets shall be removed except those necessary to be retained to show the difference between the engrossed bill and the existing code section.

DISTRIBUTION OF BILLS DURING CONSTITUTIONAL RECESS.

16. All requests for mailing or distribution by the members shall be filed with the Secretary of the Senate or Chief Clerk of the Assembly not later than the end of the second week of the first part of the session, the same to be immediately referred to the Committee on Revision and Printing, this list shall be compiled, with the elimination of duplication, as a general public mailing list. PASSAGE OF URGENCY PROVISIONS IN BILLS.

34. Upon the third reading of an act which is an urgency measure within the meaning of section 1 of Article IV of the State Constitution, the presiding officer shall direct that the section of said act setting forth the facts constituting the necessity for such urgency (which shall be known as the urgency section) be then read and put to vote. The question shall be thus stated: "Shall this section setting forth the urgency features of this bill be passed?" If upon such final vote two-thirds of all the members elected to the House in which the vote is being taken shall not vote in the affirmative, no further action shall be taken on the bill, but, in case an identical bill without such an emergency clause be again introduced into such House, such bill shall be placed on file without reference to any committee.

The first Senator named on the Conference Committee shall act as chairman of the committee from the Senate, and the first Assemblyman named on such committee shall act as chairman of the committee from the House, and the chairmen thus selected shall arrange the time and place of all meetings and prepare or direct the preparation of reports. Every insurance carrier, except the state compensation insurance fund, transacting the business of workmen's compensation insurance in this state, shall on the first day of October, A. D. 1917, file in the office of the insurance commissioner of this state a bond in favor of said insurance commissioner as trustee for the beneficiaries of awards of compensation rendered by the industrial accident commission, executed by said carrier and some surety company or companies approved by said insurance commissioner and authorized to transact the business of suretyship in this state. Said bond shall be in an amount not less than the reserve for losses of said insurance carrier on compensation insurance outstanding in this state on December 31, A. D. 1916, calculated as prescribed by the laws of this state, nor for more than double the amount of said reserve, but in no case for less than the sum of one hundred thousand dollars.

SEC. 2. It shall be provided in said bond that, in the event said insurance carrier shall fail to pay any award or awards which shall be rendered against it by said industrial accident commission, within thirty days after the same become final, the said surety will forthwith pay, to the extent of its liability under said bond, said award or awards to said insurance commissioner as trustee for said beneficiaries. Said bond shall further provide that, if said insurance carrier shall suspend payment or become insolvent or a receiver shall be appointed therefor, the said surety will pay said awards, to the extent of its liability under said bond, upon the expiration of thirty days after the same become final, without regard to any proceedings for the liquidation or reinstatement of said insurance carrier. It shall be further provided in said bond, but as a cumulative remedy only, that, in the event said insurance carrier shall fail to pay any award which shall be rendered against it by said industrial accident commission within thirty days after the same becomes final, an award may be rendered by said commission against said surety and in favor of said insurance commissioner as trustee for the beneficiary of said award without notice to said surety for the amount of the unpaid portion of said award against said carrier. Said industrial accident commission is hereby vested with the same full power, authority and jurisdiction as to such awards against said sureties in such cases as it has over said insurance carrier, and it shall issue a certified copy thereof upon the application of any party affected thereby. Said party may file a certified copy of any such award in the office of the clerk of the superior court of any county or city and county of the State of California, and, upon the filing of the same, said clerk shall immediately enter a judgment thereon against said surety. Said certified copy of said award and said judgment shall constitute the judgment roll and shall conclusively establish the liability of said surety without any additional evidence in any and all proceedings to renew said judgment or to enforce the payment thereof. Said bond shall provide for the payment of all legal costs, including reasonable attorneys' fees, incurred in all actions or proceedings taken to enforce payment of said bonds or payment of said awards or said judgments against said surety. No stay of execution of any such judgment shall be granted except upon the order of said industrial accident commission. Nothing herein contained shall operate to enlarge the liability of said surety beyond the stated sum of its bond. Payment of awards by said surety aggregating the amount of its bond shall constitute a full discharge of all liability under said bond.

SEC. 3. Every such insurance carrier shall on or prior to the first day of July of the year A. D. 1918, and of each succeeding year, file in the office of the insurance commissioner of this state a new bond conditioned as aforesaid in an amount not less than the amount of the reserve for losses of said insurance carrier on compensation insurance in force in this state on the 31st day of the month of December of the preceding year, as shown by its last report of said business filed in the office of said insurance commissioner, nor for more than double the amount of said reserve, but in no case for less than the sum of one hundred thousand dollars, except where said insurance carrier has ceased to do such business in this state, in which case said bond shall be fixed by said insurance commissioner at such amount as he may deem sufficient for the protection of the beneficiaries of the policies of such insurance carrier. Upon the filing of said new bond, approved as herein required, and not until such filing and approval, all liability under the previous bond shall thereby terminate. Said new bond shall embrace the entire liability of said previous bond except in so far as the same may have been paid or discharged.

SEC. 4. Said insurance commissioner shall, before approving any such bond, satisfy himself of the financial ability of the surety to assume the obligations imposed thereby, and no company shall be accepted by him as surety which shall have assumed obligations in excess of the limits prescribed by standards of surety ship recognized as reasonable and proper and which it shall be the duty of said commissioner to promulgate for uniform application in such cases.

SEC. 5. No authorization shall be issued or renewed to any insurance carrier to transact the business of workmen's compensation insurance in this state, until it has filed said bond with the insurance commissioner and the same has been approved by him. It shall be the duty of the insurance commissioner to notify the industrial accident commission of the approval and filing of every bond given pursuant to the provisions of this act.

SEC. 6. The insurance commissioner shall have the right, and it shall be his duty, to require any such insurance carrier at any time to file an additional bond conditioned as aforesaid, if the amount of the bond then on file is in his judgment insufficient to cover the liability of said insurance carrier for said compensation, or if the surety on said bond has become insufficient in the judgment of the said commissioner.

SEC. 7. Two or more surety companies may be accepted as sureties on said bond, or separate bonds may be executed by different sureties for amounts aggregating the sum specified by the said commissioner. In such cases each of said sureties shall be jointly and severally liable to the extent of the amount of the liability assumed by it.

SEC. 8. The liability of the sureties under the bonds hereby required to be given shall be the entire liability of the principals named therein, not exceeding the amount

of said bonds or the limit of the liability assumed by any such surety, for the payment of awards of compensation rendered or to be rendered against said principals by said industrial accident commission under the terms of the workmen's compensation insurance and safety act and acts amendatory thereof and supplementary thereto, without regard to the time when the injury upon which an award was based may have occurred, but said bond shall not include any other liability of said carrier nor shall any payment made under any such bond by said surety be applied otherwise than in satisfaction of awards of compensation rendered by said industrial accident commission.

Sec. 9. Full power and authority is hereby conferred upon said insurance commissioner to act as trustee for all beneficiaries under awards rendered by said industrial accident commission, and he may take assignments in his own name as trustee and as such he shall have the authority to institute and maintain actions against said sureties, and, upon the collection by him by suit or otherwise of the amount of said awards, he shall pay the same to the parties entitled thereto. The payment of any such award or part thereof by said insurance commissioner shall constitute a satisfaction thereof to the extent of the payment made and, in the event any judgment shall have been entered on any such award, the said commissioner shall file a satisfaction thereof, to the extent of said payment, in the office of the clerk of the court wherein such judgment has been entered.

Sec. 10. Any such surety shall have the right to require the principal on its bond, on thirty days' notice, to furnish a new bond, to be approved by the insurance commissioner as in other cases, and, in the event of a failure to do so, said principal shall forfeit the right to continue to issue compensation policies in this state.

Sec. 11. Any compensation insurance carrier may, in lieu of said bond and subject to the same conditions, deposit with the state treasurer, through the insurance commissioner, from time to time as may be demanded by said commissioner, cash or approved interest-bearing securities readily convertible into cash, equal to the reserves for losses required by section six hundred two of the Political Code at the time of said deposit, on the compensation business of said carrier outstanding in the State of California, calculated as heretofore provided, as security for the payment of its obligations on said business done in this state, and said deposit shall not be withdrawn except upon the order of the insurance commissioner in payment of compensation claims, provided that any such deposit, or any remainder thereof, may be repaid to such carrier upon satisfactory evidence that every liability to pay compensation shall have been reinsured with a solvent carrier or fully paid and discharged.

Sec. 12. The insurance commissioner shall have power to revoke the certificate of authority to transact compensation insurance business in this state of any insurance carrier failing to comply with the requirements of this act.

Amendment adopted.

Bill read second time, and ordered to print, engrossment, and third reading.

Every such protest must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and must set forth the nature of his interest therein, and must be accompanied by the affidavit of one of the signers thereof that each signature thereof is the genuine signature of the person whose name is thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements, shall not be considered by the city council. In the case of property held by tenancy in common, if any co-tenant sign such protest, only the proportionate share of the frontage thereof represented by his interest therein, shall be counted in determining the amount of frontage represented by such protest. The clerk shall endorse on every such protest the date of its reception by him, and at the next regular meeting of the city council, after the expiration of the time for filing protests, shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council at said meeting or at any other time to which the hearing of said protests may be adjourned, finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall, in the meantime, petition therefor. If such protests are against the improvement and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if such protests are only against the extent of the assessment district, the council shall hear said protests at said meeting, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall be deemed to have acquired jurisdiction to order the improvement described in the ordinance of intention.

3664c. 1. The shares of capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and located in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization, in the manner hereinafter provided, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of one and sixteen hundredths per centum upon the value thereof. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank.

2. This tax shall be in lieu of all other taxes and licenses, state, county, and municipal, upon such shares of stock and upon the property of such bank, except county and municipal taxes on real estate and except as otherwise provided in the constitution of this state.

6. In the case of a branch, an agency, or other representative of any bank doing business outside of this state, the capital of said branch, agency, or representative used in this state shall be taken to be the average amount owed by the said branch, agency, or representative to the bank of which it is a branch, agency, or representative during the year ending the first Monday in March. The value of said property shall be determined by taking the entire property invested in such business, together with all reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate, other than mortgage interests therein, owned by such bank or banker and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this section, except county and municipal taxes on real estate, and except as otherwise provided in the constitution of this state. Any company claiming that the levy of the percentage fixed by section three thousand six hundred sixty-four *a* of this code on the total gross receipts of such company results in double taxation of the property of such company, may make application to the state board of equalization for a hearing on such matter. Said board shall have power to take evidence and determine the facts with respect to such claim and in event said board finds the claim of such company to be true, said board may authorize such company to deduct from its reported gross receipts that amount of such receipts which, if included in such total gross receipts, would cause such double taxation.

2. In case of companies operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and the proportion based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into or out of this state.

3. No deduction shall be allowed from the gross receipts from operation for commissions, rebates, or other repayments, except only such refunds as arise from errors or overcharges; nor shall any deduction be allowed for payments from gross receipts to other companies for any purpose whatsoever, except such refunds as arise from errors or overcharges.

3. The state board of equalization shall have power to make rules and issue instructions not inconsistent with the constitution and laws of this state for the guidance of assessors in determining what is operative property and what is non-operative property of companies named in this section.

9. The gross receipts from all sources for the year ending the thirty-first day of December last preceding, from the entire property and business, the gross receipts from such classes of business as the state board may determine, to be reported separately; also, the total gross receipts from all other businesses and from interstate business so far as the same relate to this state, the same to be separately stated.

The state board of equalization shall ascertain and determine from the foregoing reports or from the best information it can obtain the actual cash value on the first Monday in March of each such franchise, and shall assess and levy the taxes thereon in accordance with the provisions of subdivision (d) of section fourteen of article thirteen of the constitution of this state.

Sec. 16. A new section is hereby added to the Political Code, to be numbered 3667a, and to read as follows:

3667a. Every assessor or auditor shall, in the manner, at the times, and for the year required by the state board of equalization, report to said board upon such forms as may be prescribed by said board the valuation placed by him upon the property of any company subject to an assessment upon its franchise under the provisions of sections 3664d and 3667 of this code.

Sec. 17. A new section is hereby added to the Political Code, to be numbered 3667b, and to read as follows:

3667b. If any company mentioned in section 3664 of this code shall fail or refuse to furnish to the state board of equalization within the time prescribed by law the verified report provided for by law, the state board of equalization must note such failure or refusal in the record of assessments for state taxes provided for in section 3668a of this code, and must make an estimate of the amount of the gross receipts, gross premiums, value of the shares of capital stock, or value of the franchises, of such company and must assess the same in the amount thus estimated, which assessment shall be the assessment upon which the taxes upon the property or franchise of the company for such year shall be levied and collected. And if in the succeeding year any such company shall again fail or refuse to furnish the verified report required by law, the state board shall make an estimate of the amount of the gross receipts, gross premiums, value of the shares of capital stock, or value of the franchise of such company, which estimate shall not be less than twice the amount of the estimate made by said board in the previous year, and shall note such failure or refusal as above provided, and the said estimate so made shall be the assessment upon which the taxes upon the property or franchise of the company for such year shall be levied and collected. In case of each succeeding consecutive failure or refusal the said board shall follow the same procedure until a true statement shall be furnished.

Any company failing or refusing to make and furnish any report prescribed by law to be made to the state board of equalization, or rendering a false or fraudulent report shall be guilty of a misdemeanor and subject to a fine of not less than three hundred dollars and not exceeding five thousand dollars for each such offense.

Any person required to make, render, sign, or verify any report, as aforesaid, who makes any false or fraudulent report, with intent to defeat or evade the assessment required by law to be made, shall be guilty of a misdemeanor, and shall for each such offense be fined not less than three hundred dollars and not more than five

thousand dollars, or be imprisoned not exceeding one year in the county jail of the county where said report was verified, or be subject to both said fine and imprisonment, at the discretion of the court.

SEC. 18. A new section is hereby added to the Political Code, to be numbered 3667c, and to read as follows:

3667c. The state board of equalization may, for good cause shown, by order entered upon its minutes, extend for not exceeding thirty days, the time fixed for filing any report required by said board.

SEC. 19. A new section is hereby added to the Political Code to be numbered three thousand six hundred sixty-eight and to read as follows:

3668. The state board of equalization must meet at the state capitol on the first Monday in March of each year, and continue in open session from day to day, Sundays and holidays excepted, until the first Monday in July. Between the first Monday in March and the third Monday before the first Monday in July the board must assess and levy the taxes as and in the manner provided for in section fourteen of article thirteen of the constitution of this state, and sections of this code enacted to carry the same into effect.

The assessments must be made to the company, person or association owning or operating the property subject to said tax, or, in the case of banks, banking associations, savings and loan societies and trust companies, to the stockholders therein; *provided, however*, that in the case of banks in liquidation the assessment shall be made to the receiver, trustee or officer in charge of such liquidation, as the case may be, as the representative of the stockholders thereof.

If the name of the owner is unknown to the board, such assessment must be made to unknown owners.

Clerical errors occurring or appearing in the name of any company, person, association, or stockholder whose property is correctly assessed, or in the making, or extension of any assessment upon the records of the state board of equalization, which do not affect the substantial rights of the taxpayer, shall not invalidate the assessment.

Provided, however, that if any bank shall by resolution of its board of directors, request the state board of equalization to assess to and in the name of such bank so requesting, the entire taxable value of all the shares of the capital stock of such bank, as determined by said state board, instead of assessing such shares to and in the name of the individual stockholders or share holders owning the same, and if such bank shall promise that it will, upon being notified by said state board, of such assessment thereof to said bank, and of the amount of taxes to be paid upon such assessment, pay such taxes at the times when taxes assessed and levied under the provisions of section fourteen of article thirteen of the constitution of this state and sections of this code enacted to carry the same into effect are due and payable, which request to assess said bank and promise to pay said tax shall be in substantially the following form:

The state board of equalization is hereby instructed to assess in the name of this bank and not to the individual stockholders or shareholders therein, the taxable value of all the shares of capital stock in this bank and such bank hereby promises to pay to the state treasurer the amount of the tax levied upon such assessment when such taxes are due and payable under the laws of this state.

By (here insert title of official signing.)

Then the state board may assess the capital stock to and in the name of such bank and said promise to pay the taxes shall be binding upon such bank and collection of such taxes from such bank may be enforced in the manner and by the same method as is provided for the collection of other taxes assessed and levied under the provisions of section fourteen of article thirteen of the constitution of this state and sections of this code enacted to carry the same into effect.

On the third Monday before the first Monday in July the said board shall publish a notice in one daily newspaper of general circulation published at the state capital, in one daily newspaper of general circulation published in the city and county of San Francisco, and in one daily newspaper of general circulation published in the city of Los Angeles, that the assessment of property for state taxes has been completed, and that the record of assessments for state taxes will be delivered to the controller on the first Monday in July, and that if any company, person, or association is dissatisfied with the assessment made by the board, it may, at any time before the taxes thereon shall become due and payable, apply to the board to have the same corrected in any particular. The board shall have power at any time on or before the first Monday in July to correct the record of assessments for state taxes and may increase or decrease any assessment therein if in its judgment the evidence presented or obtained warrants such action.

SEC. 20. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-eight a, and to read as follows:

3668a. The state board of equalization must prepare each year a book, in one or more volumes, to be called the "record of assessments for state taxes," in which must be entered, either in writing or printing, or by both writing and printing, each assessment and levy made by said board upon the property and franchises mentioned

in section three thousand six hundred sixty-four of this code, describing the property assessed, and such assessments shall be classified and entered, in such separate parts of said record as the board shall prescribe. On the first Monday in July the secretary of the state board of equalization must deliver to the controller of state the record of assessments for state taxes, certified to by the chairman and secretary of the board, which certificate shall be substantially as follows: "We, -----, chairman, and -----, secretary, of the state board of equalization of the State of California do hereby certify that between the first Monday in March and the first Monday in July, 19____, the state board of equalization made diligent inquiry and examination to ascertain all property and companies subject to assessment and taxation for state purposes, as required by the constitution of this state, that said board has faithfully complied with all the duties imposed upon it by the constitution and laws of the State of California; that said board has not imposed any unjust or double assessment through malice or ill-will, or otherwise; nor allowed any company or property to escape a just assessment through favor or reward, or otherwise."

But the failure to subscribe such certificate to such record of assessments for state taxes, or any certificate, shall not in any manner affect the validity of any assessment. Such record of assessments shall constitute the warrant for the controller to collect the taxes assessed and levied upon the property and franchises mentioned in section three thousand six hundred sixty-four of this code.

SEC. 21. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-eight b, and to read as follows:

3668b. The taxes assessed and levied as provided in section fourteen of article thirteen of the constitution of this state, and in and by the provisions of this code enacted to carry the same into effect, shall be due and payable on the first Monday in July in each year, and one-half thereof shall be delinquent on the sixth Monday after said first Monday in July at six o'clock p.m., and unless paid prior thereto, fifteen per cent shall be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p.m., an additional five per cent shall be added to the amount thereof, and the unpaid portion, or the remaining one-half of said taxes shall become delinquent on the first Monday in February next succeeding the day upon which they became due and payable, at six o'clock p.m.; and if not paid prior thereto five per cent shall be added to the amount thereof; provided, that all taxes provided for or levied under said section fourteen of article thirteen of the constitution of this state and the provisions of this code enacted to carry the same into effect which are not fully secured by real property are due and payable at the time the assessment is made. When in the opinion of the state board of equalization any of the taxes provided for in this section are not a lien upon real property sufficient to secure the payment of the taxes, said board may direct the controller, or his duly authorized representative, to collect the same at any time before the first Monday in August thereafter, and the controller may collect the taxes by seizure and sale of any property owned by the company against whom the tax is assessed.

The sale of any property so seized shall be made at public auction and of a sufficient amount of the property to pay the taxes, penalties and costs, and be made after one week's notice of the time and place of such sale given by publication in a newspaper of general circulation published in the county where the property seized is situate, or if there be no newspaper of general circulation published in such county, then by posting of such notice in three public places in such county.

Said notice shall contain a description of the property to be sold together with a statement of the amount of the taxes, penalties and costs due thereon and the name of the owner of said property and a further statement that unless the taxes, penalties and costs are paid on or before the day fixed in said notice for such sale of said property, or so much thereof as may be necessary to pay said taxes, penalties and costs, said property will be sold in accordance with law and said notice.

On payment of the price bid for any property sold, the delivery thereof with bill of sale executed by the controller vests the title in the purchaser. The unsold portion of any property so seized, may be left at the place of sale at the risk of the owner. All of the proceeds of any such sale in excess of the taxes, penalties, and costs, must be returned to the owner of the property sold, and until claimed must be deposited with the state treasurer, as trustee for such owner, and subject to the order of the owner thereof, his heirs, or assigns.

Within ten days after the receipt of the record of assessments for state taxes, the controller must begin the publication of a notice to appear daily for two weeks, in one daily newspaper of general circulation published at the state capital, in one daily newspaper of general circulation published in the city and county of San Francisco, and in one daily newspaper of general circulation published in the city of Los Angeles, specifying:

1. That he has received from the state board of equalization the record of assessments for state taxes.

2. That the taxes therein assessed are due and payable on the first Monday in July and that one-half thereof will be delinquent on the sixth Monday after the

first Monday in July at six o'clock p.m., and that unless paid to the state treasurer at the capital prior thereto, fifteen per cent will be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p.m., an additional five per cent will be added to the amount thereof; and that the remaining one-half of said taxes will become delinquent on the first Monday in February next succeeding the day upon which they became due and payable, at six o'clock p.m.; and if not paid to the state treasurer at the capital prior thereto, five per cent will be added to the amount thereof.

SEC. 22. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-eight c, and to read as follows:

3668c. The taxes levied under the provisions of section fourteen of article thirteen of the constitution of this state and sections of this code enacted to carry the same into effect shall constitute a lien upon all the property and franchises of every kind and nature belonging to the companies subject to taxation for state purposes, which lien shall attach on the first Monday in March of each year. Every tax herein provided for has the effect of a judgment against the company, and every lien created by the constitutional and statutory provisions aforesaid has the effect of an execution duly levied against all property of the delinquent; the judgment is not satisfied nor the lien removed until such taxes, penalties, and costs are paid, or the property sold for the payment thereof. No final discharge in bankruptcy or decree of dissolution shall be made and entered by any court, nor shall the county clerk of any county or the secretary of state file any such discharge or decree, or file any other document by which the term of existence of any corporation shall be reduced or terminated until all taxes, penalties, and costs due on assessments made under the constitutional and statutory provisions aforesaid shall have been paid and discharged.

SEC. 23. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine, and to read as follows:

3669. 1. All taxes assessed and levied under the provisions of section fourteen of article thirteen of the constitution of this state and sections of this code enacted to carry the same into effect shall be paid to the state treasurer, upon the order of the controller, without deduction for any taxes assessed and levied to pay the principal and interest of any bonded indebtedness mentioned in subdivision (c) of section fourteen of article thirteen of the constitution of this state, and the amount due to the cities, cities and counties, counties, towns, townships, and districts on account of said taxes assessed and levied for such bonded indebtedness shall be paid to said cities, cities and counties, counties, towns, townships, or districts in the manner provided by law. The controller must mark the date of payment of any tax on the record of assessments for state taxes.

2. The controller must give a receipt to the person paying any tax, or any part of any tax, specifying the amount of the assessment and the tax, or part of tax, paid, and the amount remaining unpaid, if any, with a description of the property assessed; *provided*, that the receipt for the second half of the taxes may refer, by number or in any other intelligible manner, to the receipt given for the first half of said taxes, in lieu of a description of the property assessed.

3. Whenever any taxes, penalties, or costs collected and paid to the state treasurer as hereinbefore provided, shall have been paid more than once, or shall have been erroneously or illegally collected, or when any taxes shall have been collected and paid pursuant to said provisions of law upon a computation erroneously made by reason of clerical mistake of the officers or employees of the state board of equalization, or shall have been computed in a manner contrary to law, the state board of equalization shall certify to the state board of control the amount of such taxes, penalties, or costs, collected in excess of what was legally due, from whom they were collected or by whom paid, and if approved by said board of control, the same shall be credited to the company or person to whom it rightfully belongs, at the time of the next payment of taxes. No claim for such credit shall be so audited, approved, allowed, or paid unless presented within one year after the payment sought to be refunded.

4. In case the assessment of any property or any company is duplicated upon the record of assessments for state taxes, or there appears thereon the assessment of any company whose charter has been forfeited or right to do business in this state has been forfeited, or the assessment of any company which, for any reason, could not be legally assessed, the state board of equalization or the controller shall certify such fact to the state board of control and said board of control shall authorize the cancellation of such assessment.

SEC. 24. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine a, and to read as follows:

3669a. 1. Any company, person or association claiming and protesting as herein provided that the assessment made against him or it by the state board of equalization is void in whole or in part may bring an action against the state treasurer for the recovery of the whole or any part of such tax, penalties or costs paid on such assessment upon the grounds stated in such protest, but no such action may be brought later than the third Monday in February next following the day on which the taxes were due, nor unless such company, person or association shall have filed

with the state controller at the time of payment of such taxes a written protest stating whether the whole assessment is claimed to be void, or if a part only, what part, and the grounds upon which such claim is founded; and when so paid under protest the payment shall in no case be regarded as voluntary.

2. Whenever under the provisions of this section an action is commenced against the state treasurer, a copy of the complaint and of the summons must be served upon the treasurer, or his deputy. At the time the treasurer demurs or answers, he may demand that the action be tried in the superior court of the county of Sacramento, which demand must be granted. The attorney general must defend the action. The provisions of the Code of Civil Procedure relating to pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. A failure to begin such action within the time herein specified shall be a bar against the recovery of such taxes. In any such action the court shall have power to render judgment for plaintiff for any part or portion of the tax, penalties or costs found to be void and so paid by plaintiff upon such assessment.

3. In no case shall any judgment be rendered in favor of plaintiff in any action brought against the state treasurer to recover any tax, when said action is brought by or in the name of an assignee of the person, company or corporation paying said tax, or by any person, company or corporation other than the person, company or corporation that has paid said tax.

Sec. 25. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine *b*, and to read as follows:

3669*b*. 1. Every assessment of property made after November 8, 1910, under the provisions of section fourteen, article thirteen of the constitution and under the provisions of any law enacted to carry into effect said section of the constitution which is, or may hereafter be adjudged to be invalid by reason of any illegality, invalidity, or irregularity, declared or existing, in the assessment of such property, or in the mode provided for the assessment thereof shall be remade and the property reassessed and equalized for each year for which such assessment is invalid as aforesaid, and for the year for which the assessment of such property was invalid as aforesaid, and such reassessment and equalization shall be made by the same officers and boards, at the same time or times, as are prescribed by law for the assessment and equalization of property, of the same classes or kinds as the property which hereby is required to be reassessed. The assessment and equalized assessment of such property shall be entered on the several assessment rolls or books in the same manner that assessments of such property are or were required by law to be entered for the year or years for which such reassessments shall be made. And there is hereby levied for state purposes the same rates of taxation for each of such respective years as were levied upon such property for each of said years for said state purposes.

2. All property herein and hereby authorized to be reassessed shall be reassessed and equalized by the proper officers and boards at the value to which and to the person or corporation to whom or to which such property ought, for each of such years, to have been assessed, under such rules of notice and at the times and in the modes as are prescribed for the assessment and equalization of like classes of property; and the assessment and equalization thereof, and the levy and collection of taxes thereunder, shall be made by the proper officers at the time, upon like notice and in the manner now or hereafter provided by law for making assessments and equalizing the same, and for the levy and collection of taxes on like classes of property; and if the taxes so levied shall become delinquent, there shall be added thereto and the amount thereof the same percentage as a penalty for such delinquency as is added to other delinquent taxes on like classes of property; and such delinquent taxes and penalties added thereto shall be collected by the proper officers in the manner now or hereafter provided by law for the collection of delinquent taxes and penalties upon like classes of property, the collectors of such taxes to allow as credits thereon all payments theretofore made on the tax as first levied.

3. There shall be no limitation or limitations as to the time in which actions for the collections of taxes levied under this section may be commenced, and all the provisions of law now or hereafter provided in respect to assessments, equalization, levy, and collection of taxes shall, where applicable, apply to reassessments, equalization, and relieves and collections of taxes made under the provisions of this section.

Sec. 26. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine *c*, and to read as follows:

3669*c*. 1. Within ten days after the first Monday in February, the controller shall send by mail to the last known address of any company whose taxes are delinquent a notice of the amount of said taxes, penalties, and costs, and that if the said taxes, penalties, and costs are not paid on or before the Saturday preceding the first Monday in March next thereafter at six o'clock p.m. of said day, the corporate powers, rights and privileges of such delinquent company, if it be a domestic corporation, will be at that time suspended and thereafter incapable of exercise, and that if the delinquent company be a foreign corporation it will thereupon forfeit its right to do intrastate business in this state. If the taxes, penalties, and costs are not paid within the time specified in said notice, the controller shall, on said Saturday

preceding the first Monday in March at six o'clock p.m. of said day, mark on the record of assessments for state taxes opposite the assessment of the delinquent corporation the words "corporate powers suspended," if the delinquent corporation be a domestic corporation, and thereupon said corporate powers shall be suspended and incapable of exercise until restored as hereinafter provided; and if the delinquent corporation be a foreign corporation the controller shall mark on the record of assessments for state taxes opposite the assessment of such delinquent corporation the words "right to do intrastate business forfeited" and thereupon said right to do such business shall be so forfeited. He shall at once report to the secretary of state the name and number of charter of each corporation whose corporate powers have been suspended or right to do business has been forfeited for nonpayment of taxes.

On or before the first Monday in April of each year the controller shall make a list of all corporations subject to the tax imposed under sections 3664a, 3664b, 3664c, and 3664d of this code and which have failed to pay the same and transmit a certified copy thereof to each county clerk and county recorder in this state. Said county clerks and county recorders shall file such certified copies in their respective offices in such manner that the same shall be preserved in the form of a permanent record of such office and easily identified by and available to the public. Said copies so certified by the controller and filed as herein provided shall in the case of each corporation state whether such corporation is a domestic or foreign corporation and specify the penalty which such corporation has incurred for failure to pay the tax imposed by this act. Such certified copies so filed with either of said county officers, or any copy thereof certified by the controller shall be received in evidence in any court in lieu of the original record on file with the controller and shall be prima facie evidence of the truth of all statements contained therein.

2. After six o'clock p.m. of the Saturday preceding the first Monday in March in any year, the corporate rights, privileges and powers of every domestic corporation which has failed to pay said tax and money penalty shall, from and after said hour of said day, be suspended, and incapable of being exercised for any purpose or in any manner, except to defend any action brought in any court against such corporation, until said tax with all accrued penalties, and all taxes and charges due the state under the corporation license act are paid as hereinafter provided. The right and privilege of every foreign corporation to transact intrastate business in this state shall, for failure to pay said tax and money penalty, be forfeited at said hour of said day, and the controller shall make a record of such forfeiture. In the case of foreign corporations such forfeiture may be relieved and the corporation's privilege to transact intrastate business in this state restored in the manner hereinafter provided. After said hour of said day and until such taxes, penalties and charges are paid, every person who attempts or purports to exercise any of the rights, privileges or powers of any delinquent corporation, or who transacts or attempts to transact any intrastate business in this state in behalf of any forfeited foreign corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business was had or occurred. Every contract made in violation of this section is hereby declared to be void.

3. All corporate powers, rights and privileges suspended, or forfeited may be revived and restored to full force and effect by the payment of all accrued taxes and penalties due to the state under sections 3664a, 3664b, 3664c, and 3664d of this code and the corporation license act. In case the application for such revival and restoration is not made during the year in which such suspension or forfeiture occurred, such application shall not be granted nor a certificate of revival issued to such corporation until there is paid to the controller in addition to said tax and money penalty due the state under said sections of this code for the year in which such suspension or forfeiture occurred, a sum of money equal to the tax, without penalty, imposed under the provisions of said sections of this code during the year in which such suspension or forfeiture occurred, for each year succeeding said year in which such suspension or forfeiture occurred. Upon payment of all such taxes and penalties, and upon payment of all other taxes due the state under the corporation license act of this state, the state controller shall issue a certificate under his seal evidencing such payment and restoration, which certificate, when recorded in the office of any county recorder shall constitute a release of all existing liens for such taxes upon the property of such corporation. Each county recorder shall keep an index of all such controller's certificates recorded by him. Upon presentation of such controller's certificate of revival to any county clerk said officer shall make a record thereof in his office in a book kept for such purpose. The record so made by said county clerk shall be prima facie evidence of the restoration to such corporation of all previously suspended or forfeited rights, powers and privileges unless it appears from the records in the office of such county clerk or of the secretary of state that subsequent to the date of such certificate of revival the powers of said corporation have been suspended or its rights to do intrastate business forfeited.

4. Whenever the tax due to the state levied under section 3664a, 3664b, 3664c or 3664d of this code amounts to two hundred dollars or more, the controller may, on or before the thirtieth day of April next following said delinquency and suspension or forfeiture, bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, to collect such delinquent taxes, together with any penalties, or costs, which have not been paid in accordance with the provisions of this code and appearing delinquent upon the record of assessments for state taxes heretofore mentioned.

The attorney general must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required.

In the case of companies whose right to do business has been forfeited or corporate powers suspended, service of summons may be made upon the persons provided for by law to be served as agents or officers of any of such companies and such persons shall be deemed to be the agents of such companies for all purposes necessary in order to prosecute such action. In the case of corporations whose powers have been suspended, the persons constituting the board of directors thereof shall have the power and right to defend such action. Payment of the taxes and penalties, or amount of the judgment recovered in such action must be made to the state treasurer. In such actions the record of assessments for state taxes, or a copy of so much thereof as is applicable in said action, duly certified by the controller, or by the secretary of the state board of equalization, showing unpaid taxes against any company, person or association assessed by the state board of equalization, is prima facie evidence of the assessment upon the property and franchises, the delinquency, the amount of the taxes, penalties, and costs due and unpaid to the state, and that the company, person, or association is indebted to the people of the State of California in the amount of taxes and penalties therein appearing unpaid, and that all the forms of law in relation to the assessment and levy of such taxes have been complied with.

SEC. 27. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine *d*, and to read as follows:

3669d. 1. Any corporation which has heretofore failed to pay any tax and penalty imposed under the provisions of section fourteen, article thirteen, of the constitution, and chapter three hundred thirty-five, Statutes 1911 and amendments thereof, and for such nonpayment suffered a forfeiture of the charter of such corporation or of its right to do business in this state, may be relieved of such forfeiture, or may be restored to its right to do business in this state, upon making application therefor in writing and paying the tax and penalties for nonpayment of which such forfeiture occurred. Application for restoration under the provisions of this section, shall be made in writing, shall be signed by four-fifths of the surviving trustees or directors of said corporation, duly verified by said trustees or directors, and filed with the state controller. In case such application for revivor is made in any year other than the year in which such forfeiture occurred then upon payment of twice the amount of the tax and penalty due the state for the year in which such forfeiture occurred, together with the amount of the license fee due the state under the corporation license tax act for the year in which such forfeiture occurred and for the year in which such revivor is sought, the state controller shall issue a certificate of revivor to such corporation, and thereupon such corporation is revived and its powers restored to full force and effect.

The revivor of a corporation under the provisions of this section shall be without prejudice to any action or proceeding, defense or right, which has occurred by reason of the original forfeiture.

2. In case the name of any corporation which has suffered a forfeiture under the provisions of chapter three hundred thirty-five, Statutes of 1911 or amendments thereof, has been adopted by any other corporation since the date of said forfeiture, or in case any corporation has adopted subsequent to such forfeiture any name so closely resembling the name of such reviving corporation as will tend to deceive, then such reviving corporation shall be entitled to a certificate of revivor pursuant to the terms of this section only upon the adopting by such corporation seeking revivor of a new name, and in such case nothing in this section contained shall be construed as permitting such reviving corporation to carry on any business under its former name. Such reviving corporation shall have the right to use its former name or take such new name only upon filing an application therefor with the secretary of state, and upon the issuing of a certificate to such corporation by the secretary of state, setting forth the right of such corporation to take such new name or use its former name as the case may be. The secretary of state shall not issue any certificate permitting any corporation to take or use the name of any corporation heretofore organized in this state and which has not suffered a forfeiture under either of the acts in this section first above mentioned, or to take or use a name so closely resembling the name of any corporation heretofore organized in this state as will tend to deceive.

The provisions of title nine, part three of the Code of Civil Procedure, in so far as they conflict with this section of this code are not applicable to corporations seeking revivor under this section.

SEC. 28. A new section is hereby added to the Political Code, to be numbered three thousand six hundred sixty-nine *c*, and to read as follows:

3669*c*. In addition to the powers and duties prescribed elsewhere in this code, it is the duty of the state board of equalization, and the said board shall have power, for carrying into effect the provisions for assessments under section fourteen of article thirteen of the constitution of this state:

1. To prescribe the forms upon which the reports required by sections three thousand six hundred sixty-five *c*, three thousand six hundred sixty-six *b* and three thousand six hundred sixty-seven of this code shall be made.

2. Whenever deemed necessary, to visit as a board or by the individual members thereof, or to send its secretary or duly appointed representative to any portion of this state for the purpose of inspecting property and learning the value thereof, and of collecting information to enable it to justly assess and levy the taxes provided for as aforesaid.

3. To call before it, or any member thereof, or before its secretary or duly appointed representative on such visit, any public official, and to require him to produce any public record, papers or documents in his custody.

4. To issue subpoenas for the attendance of witnesses or the production of books before the board, or any member thereof; which subpoenas must be signed by a member of the board and may be served by any person.

5. A member of the board, its secretary, or duly appointed representative is authorized to administer such oath.

6. Said board of equalization is hereby authorized and empowered to examine the books and accounts of all companies required by law to report to it and to employ an expert accountant or accountants to assist in the examination of the books and accounts of any such companies when in the judgment of said board the exigencies of the case may so require.

7. It shall be unlawful for any member or ex-member of the state board of equalization, or for any agent employed by it, or for the controller, or ex-controller, or for any person employed by him or for any person who may at any time have obtained such knowledge from any of the foregoing officers or persons, to divulge or make known in any manner whatever not provided by law, any of the following items of information concerning the business affairs of companies reporting to the said board:

(a) Any information concerning the business affairs of any company which is gained during an examination of its books and accounts or in any other manner, and which information is not required to be reported to the state board of equalization in the reports or statements provided for in paragraphs numbered one to twelve of section three thousand six hundred sixty-five *c* and paragraphs numbered one to ten of section three thousand six hundred sixty-seven of this code.

(b) Any information, other than the assessment and the amount of taxes levied, obtained by the state board of equalization in accordance with the provisions of sections three thousand six hundred sixty-five *c* and three thousand six hundred sixty-seven of this code, from any company other than any of those enumerated in sections three thousand six hundred sixty-four *a*, three thousand six hundred sixty-four *b* and three thousand six hundred sixty-four *c* of this code.

(c) Any particular item or items of information relating to the disposition of its earnings contained in the report of a quasi-public corporation which any such corporation may, by written communication specifying the items and presented at the time when it files its report, request shall be treated as confidential.

Provided, however, that the governor may authorize examination of such reports by other state officers, in which event the information obtained by such officer shall not be made public, and he may also direct that any of the information herein referred to be made public, in which event it shall no longer be unlawful to divulge or make known the same.

Any violation of the provisions of subdivision seven of this section shall be a misdemeanor and shall be punished by a fine not exceeding five hundred dollars, or by imprisonment not exceeding six months, or both, at the discretion of the court.

SEC. 29. A new section is hereby added to the Political Code, to be numbered three thousand six hundred seventy, and to read as follows:

3670. On the second Monday in August of each year the auditor of each county must report to the state board of equalization, in addition to the items required to be so reported by him under section three thousand six hundred twenty-eight of this code, the value of each piece of real estate other than mortgage interests therein belonging to each bank in his county as assessed and equalized for purposes of county taxation.

Whenever the state board of equalization is satisfied after investigation that any county assessor, or board of equalization, has assessed any real estate belonging to

any bank above its full cash value and has thereby unjustly reduced the amount of taxes due the state from said bank, said state board shall, under such rules of notice to the clerk of the board of supervisors of the county affected thereby as the said state board shall deem reasonable, equalize the assessed value of such real estate and shall upon completion of said equalization issue an order to said assessor or board of equalization and to the county auditor of the county in which said real estate is located, fixing the assessed value of said real estate.

The value so equalized and fixed, and no other, shall be deemed the value, as assessed for county taxes, of such real estate, and the sole basis of taxation upon such real estate for county taxes.

A copy of the order certified by the secretary of the state board of equalization shall be prima facie evidence of the regularity of all proceedings of the board resulting in the action which is the subject matter of the order.

SEC. 30. A new section is hereby added to the Political Code, to be numbered three thousand six hundred seventy a, and to read as follows:

3670a. The state board of equalization shall immediately after the county and city assessments have been completed, ascertain the value of any real estate belonging to any insurance company as assessed and equalized for purposes of county and of city taxation.

Whenever the state board of equalization is satisfied after investigation that any county, city and county, city, or district assessor, or board of equalization, has assessed any real estate belonging to any insurance company above its full cash value and has thereby unjustly reduced the amount of taxes due the state from said insurance company, said state board shall, under such rules of notice to the clerk of the board of supervisors of the county or the proper officer of the city affected as the board shall deem reasonable, equalize the assessed value of such real estate and shall upon the completion of said equalization, issue an order to said assessor or board of equalization and to the county, city and county, city or district auditor or clerk of the county, city and county, city, or district in which said real estate is located, fixing the assessed value of said real estate.

The value so equalized and fixed, and no other, shall be deemed the value, as assessed for county, city and county, city, or district taxes, of such real estate, and the sole basis of taxation upon such real estate, for county, municipal and district taxes.

A copy of the order certified by the secretary of the state board of equalization shall be prima facie evidence of the regularity of all proceedings of the board resulting in the action which is the subject matter of the order.

SEC. 31. A new section is hereby added to the Political Code, to be numbered three thousand six hundred seventy c, and to read as follows:

3670b. Each county, city and county, city, and district assessor must segregate on his assessment roll, as directed by the state board of equalization:

1. The assessments made by the state board of equalization, and apportioned to the county, city and county, city, town, township, or district, upon the franchises, roadway, roadbed, rails and rolling stock of all railroads operated in more than one county in this state under the provisions of the Political Code as the same existed and were in force on the seventh day of November in the year one thousand nine hundred ten; and

2. The assessments made by said assessors of any other property enumerated in subdivisions (a), (b), and (d) of section fourteen of article thirteen of the constitution of this state, which is located in the county, or city and county, or any city, town, township, or district in which it is subject to taxation for paying the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township, or district prior to the eighth day of November in the year one thousand nine hundred ten, as provided in subdivision (c) of section fourteen of article thirteen of the constitution of this state.

Immediately upon completion of the assessment and equalization of property for the purposes of taxation in each year the auditor or clerk of each county, city and county, city, town, or district must transmit to the state board of equalization a duplicate of that part of the assessment roll containing the assessments and apportionments referred to in paragraphs one and two of this section.

Whenever the state board of equalization is satisfied after investigation that any county, city, or other assessor, or board of equalization, has assessed for taxation to pay the principal and interest of any bonded indebtedness created and outstanding by any county, city and county, city, town, township, or district prior to the eighth day of November in the year one thousand nine hundred ten, as provided in subdivision (c) of section fourteen of article thirteen of the constitution of this state, any of the property taxed exclusively for state purposes as provided in subdivisions (a), (b) and (d) of section fourteen of article thirteen of the constitution of this state, or has assessed for purposes of county, city and county, city, or district taxation the property other than the franchise of any company taxable for a franchise under subdivision (d) of said section and article of the constitution, above its full cash value and has thereby unjustly reduced the amount of taxes due the state on such property, said state board shall, under such rules of notice to the clerk of the

board of supervisors of the county, or city and county, or to the city clerk of the city, affected thereby as the board shall deem reasonable, equalize the assessed value of such property, and shall issue an order to said assessor or board of equalization and to the county or city auditor or clerk of the county, city and county, or city in which the property is located, fixing the assessed value of such property.

The value so equalized and assessed, and no other, shall be deemed the value of said property, and its assessment for taxes levied to pay the principal and interest of any such outstanding bonded indebtedness, and in the case of companies taxable for a franchise under said subdivision (d) of said section and article of the constitution shall be deemed the value of the said property, and its assessment for taxes for county, city and county, municipal and district purposes.

When making the tax levy and fixing the rates of taxation for county, city and county, city, town, township, or district purposes, the board of supervisors of any county, or city and county, and the corresponding authority in any city, having the bonded indebtedness issued and outstanding on the eighth day of November in the year one thousand nine hundred ten, shall fix the tax rate for such bonded indebtedness separate and apart from all other tax rates, whether for subsequent bonded indebtedness or for other purposes.

The county, city and county, or city auditor or clerk shall extend on the assessment roll against the assessments segregated as herein provided, the taxes necessary to pay the principal and interest of said bonded indebtedness at the same rate as said taxes for payment of principal and interest of said outstanding bonded indebtedness shall be levied upon the other classes of property within the same county, city and county, city, town, township, or district, and the amount of each such taxes shall be certified by said auditor or clerk to the controller and the amount so certified shall then be credited by the controller to the county, city and county, city, town, township, or district to which it is due; and said amount shall be paid by said controller to the treasurer of such county, or city and county as provided in section three thousand six hundred seventy-e of this code, and upon such payment said treasurer shall forthwith certify such fact to the tax collector who shall thereupon mark upon the assessment roll the date of payment and the words "paid by the state treasurer." The city clerk or auditor shall in the certificate mentioned in this paragraph also state the date when taxes in such city shall become delinquent.

SEC. 32. A new section is hereby added to the Political Code, to be numbered three thousand six hundred seventy-e, and to read as follows:

3679e. 1. The controller shall out of the taxes collected by him under the provisions of section fourteen of article thirteen of the constitution of this state and the provisions of the sections of this code applicable thereto, credit to the fund created by an act of the thirty-ninth session of the legislature entitled: "An act appropriating money for the purpose of payment of that part of the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district on the eighth day of November in the year one thousand nine hundred ten, which is provided for in section fourteen of article thirteen of the constitution of this state, and as provided in an act of the thirty-ninth session of the legislature entitled 'An act to carry into effect the provisions of section fourteen of article thirteen of the constitution of the State of California as said constitution was amended November 8, 1910, providing for the separation of state from local taxation, and providing for the taxation of public service and other corporations for the benefit of the state, all relating to revenue and taxation,'" or any act or acts amendatory thereof or supplementary thereto, the money due to each county, city and county, city, town, township, or district on account of taxes to pay the principal and interest of any bonded indebtedness created and outstanding by any city, city and county, county, town, township or district, on the eighth day of November in the year one thousand nine hundred ten.

2. The controller shall in the months of October and March in each year settle with the treasurer of each county and city and county for the money collected by said controller under this section, for the moneys due said county or city and county and the townships and districts within such county or city and county, in the same manner as settlements are made between the county or city and county treasurers and the controller as provided for in section three thousand eight hundred sixty-six of this code.

3. The controller shall at the same times, settle with each city and town for the moneys due such city or town for the purposes mentioned in this section, and when ready for such settlement shall notify the city or town treasurer of the amount of money due the city or town for said purposes, and that upon receipt of proper authority so to do, he will forward to said city or town treasurer a warrant for the amount thereof; *provided, however*, that upon receipt of notice from any such city or town treasurer that any bond issue matures for principal or interest before the date of such settlement, which notice shall state the amount thereof due from the state and the date of maturity, and that said amount due from the state is required in order to pay the same, the said controller must, before said date of maturity, forward his warrant to such city or town treasurer in the manner above provided for the amount ascertained by him to be due. The treasurer of the county or city and county

shall forthwith, upon receipt by him of the moneys so hereinbefore directed to be paid by said controller, credit the amount so received by him to the county, city and county, township or district, respectively entitled thereto, and pay the same in the manner provided by law.

4. Any excess paid by the controller to a county, city and county, city, town, or to a county or city and county or any township or district, over and above the state's share of the amount actually expended by such county, city and county, city, town, township or district, to pay the interest and principal of said bonded indebtedness in any year, shall be repaid to the state in such manner as the controller shall direct.

SEC. 33. A new section is hereby added to the Political Code, to be numbered three thousand six hundred seventy-one, and to read as follows:

3671. Until the year one thousand nine hundred eighteen the state shall reimburse any and all counties which sustain loss of revenue by the withdrawal of railroad property from county taxation for the net loss in county revenue occasioned by the withdrawal of railroad property from county taxation in the manner, at the times, and in the amounts specified in an act of the thirty-fourth session of the legislature entitled "An act to provide for the reimbursement of counties in this state which sustain net loss of revenue by the withdrawal of railroad property from county taxation, under the provisions of section fourteen of article thirteen of the constitution of this state," or any act or acts amendatory thereof or supplementary thereto.

3671*a*. For the purpose of measuring said tax the secretary of state shall examine all articles of incorporation and all documents on file in his office relating to an increase or decrease in the authorized capital stock of corporations which are subject to said tax, and determine the amount due from each corporation by the following rule:

When the authorized capital stock of the corporation does not exceed ten thousand dollars, the tax shall be ten dollars; when the authorized capital stock exceeds ten thousand dollars, but does not exceed twenty thousand dollars, the tax shall be fifteen dollars; when the authorized capital stock exceeds twenty thousand dollars but does not exceed fifty thousand dollars, the tax shall be twenty dollars; when the authorized capital stock exceeds fifty thousand dollars but does not exceed one hundred thousand dollars, the tax shall be twenty-five dollars; when

All corporations having no capital stock, but organized for profit, shall pay an annual tax of ten dollars. Said license tax shall be due and payable to the secretary of state on the first day of January of each and every year. Such license tax shall be paid on or before the hour of six o'clock p.m. of the first Monday of February of each year and if not so paid shall at said hour become delinquent and there shall thereupon be added thereto as a penalty for such delinquency the sum of ten dollars.

Sec. 4. The license hereby provided authorizes the domestic corporations holding the same to transact business in this state, and authorizes foreign corporations to transact intrastate business in this state, during the year or any fractional part of such year for which such license is issued. "Year" within the meaning of this act, means from and including the first day of January to and including the thirty first day of December next thereafter.

Sec. 5. At the time any corporation subject to the license tax provided herein shall file certified copy of articles of incorporation, or charter, or statute or statutes, or legislative, or executive or governmental act or acts creating a corporation, when filed between the first day of January and the thirty first day of December, inclusive, in any year, there shall be paid to the secretary of state, in addition to all other fees required by law, that proportion of the license tax specified in section three of this act which the unexpired number of months of such year bears to the entire year including the month in which such filing occurs; and thereupon the secretary of state shall issue a license for such fractional part of the then current year.

Sec. 6. Corporations organized and conducted solely and exclusively for educational, religious, scientific or charitable purposes, corporations which are not organized or conducted for profit, corporations organized under the laws of any other state, territory or foreign country doing solely and exclusively an interstate or foreign business, and those corporations taxed under subdivisions (a), (b) and (c) of section fourteen of article thirteen of the constitution, are exempt from payment of the tax provided by section three of this act.

Sec. 7. The secretary of state, state controller and members of the state board of control shall be and are hereby constituted the "corporation license tax exemption board." Except in cases where articles of incorporation are filed in the month of December, every corporation claiming exemption from the payment of the annual license tax prescribed by this statute must file with said board, at least thirty days before such license tax becomes due and payable, a written protest in which shall be set forth all facts and reasons upon which such exemption claim is made. Such protest shall contain a concise statement of the nature, character and manner of doing business by such corporation, together with any other data illustrating the method of doing such business and the places in which such business is transacted within this state. Such corporation shall furnish to said board such other or additional information as may be required by said board. Such application shall be sworn to by the president, secretary or general manager, or authorized agent of such corporation. Failure to protest in the manner and within the time herein prescribed shall constitute a waiver of all rights of exemption from said tax; *provided, however*, that the corporation license tax exemption board shall have the power, irrespective of such protests to grant such exemption in the case of corporations mentioned in section six of this act.

The provisions of this section with respect to filing written claim of exemption, shall not apply to educational, religious, scientific or charitable corporations, specified in section six of this act nor to corporations taxed under subdivisions (a), (b) and (c) of section fourteen, article twelve of the constitution of this state.

Sec. 8. Before filing a certified copy of the articles of incorporation of any domestic corporation in the office of the secretary of state, and before any foreign corporation files with the secretary of state the document or documents required by section one of this act, said articles of incorporation or said documents shall be submitted to said corporation license tax exemption board, which board shall determine

the question of whether such corporation is exempt, under any of the provisions of this act, from the license tax imposed hereby.

All claims or applications for exemption, under this and the preceding section together with all evidence and proofs submitted therewith, shall be considered by such license tax exemption board, which shall determine the question of such exemption. The determination of such corporation license tax exemption board upon all questions of fact, with respect to such claims of exemption, shall be final and conclusive.

Sec. 9. On or before the first day of December of each year the secretary of state shall mail a notice to every corporation subject to the tax imposed by this act, notifying such corporations of the time when such tax shall be due and payable, when delinquent, and of the penalties for delinquency and nonpayment. Immediately after the first Monday in February of each year the secretary of state shall mail a notice to every corporation subject to the tax imposed by this act and which has failed to pay the same, notifying such corporation of its delinquency and the penalties therefor. Within ten days after the Saturday preceding the first Monday in March of each year the secretary of state shall, by registered mail, notify every corporation subject to the tax imposed by this act and which has failed to pay the same, that such corporation has been recorded by him as a "suspended" or "forfeited" corporation in accordance with the provisions of this act, and that such suspension or forfeiture may be removed by complying with the provisions of this act. Mailing by the secretary of state to any corporation of any of the notices required by this section shall not be a jurisdictional prerequisite to the accrual of any forfeiture provided by this act, or to the suspension of the corporate powers of any delinquent corporation and the officers thereof hereinafter provided, nor be held to be an essential prerequisite to the imposition of such or any other penalties for delinquency and nonpayment.

Sec. 10. The license tax due from any corporation subject to the provisions of this act is a lien upon the real property of such corporation from and after the first day of January of each year and until paid or until the property is sold for the payment thereof. On or before the first Monday in April of each year the secretary of state shall make a list of all corporations subject to the tax imposed by or that should have been paid under this act and which have failed to pay the same, and transmit a certified copy thereof to each county clerk and county recorder in this state. Said county clerks and county recorders shall file such certified copies in their respective offices in such manner that the same shall be preserved in the form of a permanent record of such office and easily identified by and available to the public. Said copies so certified by the secretary of state and filed as herein provided shall, in the case of each corporation, state whether such corporation is a domestic or foreign corporation and specify the tax and penalties which each corporation has incurred for failure to pay the tax imposed by this act. Such certified copies so filed with either of said county officers, or any copy thereof certified by the secretary of state, shall be received in evidence in any court in lieu of the original record on file with the secretary of state and shall be prima facie evidence of the truth of all statements contained therein.

Sec. 11. After six o'clock p.m. of the Saturday preceding the first Monday in March in any year, the corporate rights, privileges and powers of every domestic corporation which has failed to pay the tax and money penalty for nonpayment thereof imposed by this act shall, from and after said hour of said day, be suspended, and incapable of being exercised for any purpose or in any manner, except to execute and deliver deeds to real property in pursuance of contracts theretofore made prior to such time, and to defend in court any action brought against such corporation, until said tax with all accrued penalties, taxes and charges due to the state under this act and subdivision (d) of section fourteen, article thirteen of the constitution are paid as hereinafter provided. The right and privilege of every foreign corporation, subject to the provisions of this act, to transact intrastate business in this state shall, for failure to pay the tax and money penalty for nonpayment thereof imposed by this act, be forfeited at said hour of said day, and the secretary of state shall make a record of such forfeiture. In the case of foreign corporations such forfeiture may be relieved and the corporation's privilege to transact intrastate business in this state restored in the manner hereinafter provided. After said hour of said day and until such taxes, penalties and charges are paid, every person who attempts or purports to exercise any of the rights, privileges or powers of any delinquent domestic corporation except as permitted by this act, or who transacts or attempts to transact any intrastate business in this state in behalf of any forfeited foreign corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business was had or occurred. Every contract made in violation of this section is hereby declared to be void.

Sec. 12. All corporate powers, rights and privileges, suspended or forfeited under the provisions of this act may be revived and restored to full force and effect upon

application therefor by any stockholder or creditor thereof and upon payment of all accrued taxes and penalties due to the state under this act and subdivision (d) of section fourteen, article thirteen of the constitution. In case the application for such revivor and restoration is not made during the year in which such suspension or forfeiture occurred, such application shall not be granted nor a certificate of revivor issued to such corporation until there is paid to the secretary of state in addition to the tax and money penalty due or that should have been paid the state under this act and subdivision (d) of section fourteen, article thirteen of the constitution for the year in which such suspension or forfeiture occurred, a sum of money, equal to the tax, without penalty, imposed or that should have been paid under this act during the year in which such suspension or forfeiture occurred, for each year succeeding said year in which such suspension or forfeiture occurred. Upon payment of all such taxes and penalties, and upon payment of all other taxes due the state under subdivision (d) of section fourteen, article thirteen of the constitution, the state controller shall issue a certificate under his seal evidencing such payment and restoration, which certificate, when recorded in the office of any county recorder shall constitute a release of all existing liens for such taxes upon the property of such corporation. Each county recorder shall keep an index of all such controller's certificates recorded by him. Upon presentation of such controller's certificate of revivor to any county clerk said officer shall make a record thereof in his office in a book kept for such purpose. The record so made by said county clerk shall be prima facie evidence of the restoration to such corporation of all previously suspended or forfeited rights, powers and privileges unless it appears from the records in the office of such county clerk or of the controller of taxation of the state that subsequent to the date of such certificate of revivor the powers of said corporation have been again suspended or its right to do intrastate business again forfeited.

Sec. 13. No court shall have jurisdiction to make or enter any decree of dissolution of any domestic corporation until all taxes and penalties due under this act shall have been paid.

Sec. 14. Any corporation which has heretofore failed to pay any license tax and penalty imposed under the provisions of chapter three hundred eighty-six, Statutes 1905 and amendments thereof, or under chapter one hundred ninety, Statutes 1915, and for such nonpayment suffered a forfeiture of the charter of such corporation or of the right to do business in this state, may be relieved of such forfeiture, or may be restored to its right to do business in this state, upon making application therefor in writing and paying the license tax and penalties prescribed by said act, for nonpayment of which such forfeiture occurred. Application for restoration under the provisions of this section shall be made in writing, shall be signed by four-fifths of the surviving trustees or directors of said corporation, duly verified by said trustees or directors and filed with the state controller. Upon payment of the moneys due this state under the provisions of said act for the one year in which such forfeiture occurred, together with any tax levied in such year under subdivision (d) of section fourteen, article thirteen of the constitution by the state board of equalization, and the license tax due under the provisions of this act, the state controller shall issue a certificate of revivor to such corporation, and thereupon such corporation is revived and its powers restored to full force and effect.

The revivor of a corporation, under the provisions of this section, shall be without prejudice to any action or proceeding, defense or right, which has occurred by reason of the original forfeiture.

In case the name of any corporation which has suffered the forfeiture prescribed by either of said acts first in this section above mentioned, has been adopted by any other corporation since the date of said forfeiture, or in case any corporation has adopted subsequent to such forfeiture any name so closely resembling the name of such reviving corporation as will tend to deceive, then such reviving corporation shall be entitled to a certificate of revivor pursuant to the terms of this section only upon the adoption by such corporation seeking revivor of a new name, and in such case nothing in this section contained shall be construed as permitting such reviving corporation to carry on any business under its former name. Such reviving corporation shall have the right to use its former name or take such new name only upon filing an application therefor with the secretary of state, and upon the issuing of a certificate to such corporation by the secretary of state, setting forth the right of such corporation to take such new name or use its former name as the case may be. The secretary of state shall not issue any certificate permitting any corporation to take or use the name of any corporation heretofore organized in this state and which has not suffered a forfeiture under either of the acts in this section first above mentioned, or to take or use a name so closely resembling the name of any corporation heretofore organized in this state as will tend to deceive.

The provisions of title nine, part three of the Code of Civil Procedure, in so far as they conflict with this section of this act are not applicable to corporations seeking revivor under this act.

Sec. 15. Any foreign corporation may surrender its right to engage in intrastate business in this state by filing with the corporation license tax exemption board an affidavit, sworn to by the president of such corporation, which shall contain a concise statement of the nature, character and manner of doing any business of any kind that such corporation may thereafter intend to transact in this state,

Said corporation shall furnish such other or additional information as may be required by said board. Said board shall consider such application and the order of such board approving the same shall terminate the right of such corporation to transact intrastate business in this state. Any person transacting any intrastate business in this state in behalf of such corporation after approval of such application to surrender such privilege shall be guilty of a misdemeanor and punishable as provided in section eleven of this act.

Sec. 16. Any false statement contained in any of the affidavits herein required shall constitute perjury, and shall be punishable as such.

Sec. 17. All moneys herein required to be paid shall, upon collection, be immediately paid into the state treasury.

Sec. 18. Nothing in this act shall be construed as affecting or repealing any statute of this state respecting the assessment of franchises and levying of taxes thereon, as required by section fourteen, article thirteen, of the constitution, and chapter three hundred thirty-five of Statutes of 1911 of this state and amendments thereof.

Sec. 19. This act shall be known as the "corporation license act."

Sec. 2. This act, inasmuch as it provides for a tax levy, shall, under the provisions of section one of article four of the constitution, take effect immediately.

In addition thereto, in each district in which five commissioners are to be elected, each voter shall be entitled, for each one hundred dollars, or fraction thereof, which said voter shall have paid in accordance with his last assessment hereunder, to cast one vote for the two commissioners who are elected for three years; and in each district in which seven commissioners are to be elected, each voter shall be entitled, for each one hundred dollars, or fraction thereof, which said voter shall have paid in accordance with his last assessment hereunder, to cast one vote for the three commissioners who are elected for three years. In any district entitled to seven commissioners, two shall be chosen for a term of one year, two for two years and three for three years. In any district entitled to five commissioners, one shall be chosen for a term of one year, two for two years and two for three years.

The chairman and secretary of the meeting shall issue a written certificate to the state oil and gas supervisor, setting forth the result of such election, and the name and address of each of the persons elected at said meeting as the district oil and gas commissioners for said district and the term for which each has been elected.

No person shall be eligible as a district oil and gas commissioner who is not a resident of the district for which he is elected, nor shall any person be eligible for such position who is not actually engaged in the business of oil or gas development or production, within the district.

Upon receipt of the certificate so made by the chairman and secretary of any such meeting, the state oil and gas supervisor shall issue a certificate of election to the respective persons in said certificate named as the district oil and gas commissioners for said district, and for the periods of one, two or three years from and after the first Monday in October, 1917, as shall be shown in such certificate, and until their respective successors shall have been elected.

At such election, the commissioner or commissioners named in such petition for recall shall be voted upon as though candidates for election for the unexpired portion of the term for which they, respectively, were originally elected, and any other candidate or candidates may, at the same time, be voted upon. It shall require a majority of all the qualified voters entitled to vote for such commissioners, respectively, to constitute an election. In case less than a majority of all qualified votes shall be cast for any candidate, said recall shall be deemed to have failed as to the commissioner concerning whose office such vote was taken; and in case such commissioner himself shall receive a majority of the votes, said recall shall be deemed to have failed, and in either of such cases, such commissioner shall continue to serve until the expiration of his term as though no such special election had been held. But in case any person other than such commissioner shall receive a majority of the votes for such unexpired term, then such recall shall become effective, and the office of the commissioner so recalled shall be vacant and upon written certificate of such election being filed with the state oil and gas supervisor, the person so chosen and elected for such unexpired term shall become the successor of the commissioner so recalled, and a certificate of his election for such unexpired term shall be issued and transmitted to him by the state oil and gas supervisor. And like proceedings shall be had in case more than one commissioner shall be included in said petition for recall.

In all recall elections, qualifications for voters and the number of votes which they will be entitled to cast shall be the same as they respectively were in the election of the commissioner as to whom such recall election is being held.

In case of vacancy caused by the death, resignation or removal from district or ceasing to be engaged in the business of development or production of oil or gas in the district as to the office of any commissioner, such vacancy shall be filled until the next annual election by the state oil and gas supervisor, who shall appoint to fill such vacancy an eligible person, nominated in writing by the remaining commissioners of such district.

Upon any subject in which any commissioner is personally interested, or upon which any corporation, copartnership, association or individual by whom he is employed is directly interested as a party, such commissioner shall not be entitled to sit or vote.

The board of commissioners shall be entitled to call upon the supervisor for advice, and written report upon any matter referred to the board of commissioners, and the supervisor shall be entitled to call meetings of the commissioners at the office of the field supervisor, upon five days' written notice, to obtain their written advice upon any matters relating to his work within their district.

SEC. 12. In any proceeding before the board of commissioners as herein provided, or in any other proceeding or proceedings instituted by the supervisor for the purpose of enforcing or carrying out the provisions of this act, or for the purpose of holding an investigation to ascertain the condition of any well or wells complained of, or which in the opinion of the supervisor may reasonably be presumed to be improperly drilled, operated, maintained or conducted, the supervisor and the chairman of the board of commissioners shall have the power to administer oaths and may apply to a judge of the superior court of the State of California, in and for the county in which said proceeding or investigation is pending, for a subpoena for witnesses to attend at said proceeding or investigation. Upon said application of said supervisor or said chairman of said board of commissioners, said judge of said superior court must issue a subpoena directing said witness to attend said proceeding or investigation; *provided, however,* that no person shall be required to attend upon such proceeding, either with or without such books, papers, documents or accounts unless residing within the same county or within thirty miles of the place of attendance. But the supervisor or the chairman of the board of commissioners may in such case cause the depositions of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in superior courts of this state, and to that end may, upon application to a judge of the superior court of the county within which said proceeding or investigation is pending, obtain a subpoena compelling the attendance of witnesses and the production of books, papers and documents at such places as he may designate within the limits hereinbefore prescribed. Witnesses shall be entitled to receive the fees and mileage fixed by law in civil causes, payable from the fund hereinafter created. In case of failure or neglect on the part of any person to comply with any order of the supervisor as hereinbefore provided, or any subpoena, or upon the refusal of any witness to testify to any matter regarding which he may lawfully be interrogated, or upon refusal or neglect to appear and attend at any proceeding or hearing on the day specified, after having received a written notice of not less than ten days prior to such proceeding or hearing, or upon his failure, refusal or neglect to produce books, papers or documents as demanded in said order or subpoena upon such day, such failure, refusal or neglect shall constitute a misdemeanor and each day's further failure, refusal or neglect shall be and be deemed to be a separate and distinct offense and it is hereby made the duty of the district attorney of the county in which said proceeding, hearing or investigation is to be held, to prosecute all persons guilty of violating this section by continuous prosecution until such person appears or attends or produces such books, papers or documents or complies with said subpoena or order of the supervisor or chairman of the board of commissioners.

SEC. 10. Section thirteen of said act, approved June 10, 1915, is hereby amended to read as follows:

SEC. 13. Within ten days after hearing the evidence, the board of commissioners must make a written decision with respect to the order appealed from and in case the same is affirmed or modified, shall retain jurisdiction thereof until such time as the work ordered to be done by such order shall be finally completed. This written decision shall be served upon the owner or his agent and shall supersede the previous order of the supervisor. In case no written decision be made by said board of commissioners within thirty days after the date of notice by the supervisor as provided in section ten hereof, the order of the supervisor shall be effective and subject only

to review by writ of certiorari from the superior court as provided in section fourteen hereof.

SEC. 11. Section fourteen of said act, approved June 10, 1915, is hereby amended to read as follows:

SEC. 14. On or before thirty days after the date of serving an order of the supervisor, provided for in section eight hereof, or in case of appeal to the board of commissioners, on or before thirty days after date of serving the decision of the board, as provided in sections twelve and thirteen hereof, or in the event review be taken of the order of the board of commissioners within ten days after affirmance of such order, the owner shall commence in good faith the work ordered and continue until completion. If the work has not been so commenced and continued to completion, the supervisor shall appoint agents as he deems necessary who shall enter the premises and perform the work. Accurate account of such expenditures shall be kept and the amount paid from the fund hereinafter created upon the warrant of the state controller. Any amount so expended shall constitute a lien against the property upon which the work is done. The decision of the board of commissioners in such case may be reviewed by writ of certiorari from the superior court of the county in which the district is situated, if taken within ten days after the service of the order upon said owner, operator or agent of said owner or operator as herein provided; or within ten days after decision by the board of commissioners upon petitions by the supervisor. Such writ shall be made returnable not later than ten days after the issuance thereof and shall direct the district board of oil and gas commissioners to certify their record in the cause to such court. On the return day the cause shall be heard by the court unless for good cause the same be continued, but no continuance shall be permitted for a longer period than thirty days. No new or additional evidence shall be introduced in the court before the cause shall be heard upon the record of the district board of oil and gas commissioners. The review shall not be extended further than to determine whether or not

1. The commission acted without or in excess of its jurisdiction.
2. The order, decision or award was procured by fraud.
3. The order, decision, rule or regulation is unreasonable.
4. The order, decision, regulation or award is clearly unsupported by the evidence.

If no review be taken within ten days, or if taken in case the decision of the board is affirmed, the lien upon the property shall be enforced in the same manner as the other liens on real property are enforced, and shall first be enforced against the owner of the well, against the operator and against the personal property and fixtures used in the construction or operation thereof, and then if there be any deficiency against the land upon which the work is done, upon the request of the supervisor, the state controller must, in the manner provided in section forty-four of this act, bring an action for the enforcement of said lien.

SEC. 12. Section fifteen of said act, approved June 10, 1915, is hereby amended to read as follows:

SEC. 15. It shall be the duty of the owner of any well now drilled, or that may be drilled in the State of California, on lands producing or reasonably presumed to contain petroleum or gas, to properly case such well or wells with metal casing, in accordance with methods approved by the supervisor, and to use every effort and endeavor in accordance with the most approved methods to effectually shut off all water overlying or underlying the oil or gas-bearing strata, and to effectually prevent any water from penetrating such oil or gas-bearing strata.

Whenever it appears to the supervisor that any water is penetrating oil or gas-bearing strata, he may order a test of water shut-off and designate a day upon which the same shall be held. Said order shall be in written form and served upon the owner of said well at least ten days prior to the day designated in said order as the day upon which said shut-off test shall be held. Upon the receipt of such order it shall be the duty of the owner to hold said test in the manner and at the time prescribed in said order.

SEC. 13. Section sixteen of said act, approved June 10, 1915, is hereby amended to read as follows:

SEC. 16. It shall be the duty of the owner of any well referred to in this act, before abandoning the same, or before removing the rig, derrick or other operating structure therefrom, or removing any portion of the casing therefrom, to use every effort and endeavor in accordance with methods approved by the supervisor, to shut off and exclude all water from entering oil-bearing strata encountered in the well. Before any well is abandoned the owner shall give written notice to the supervisor, or his local deputy, of his intention to abandon such well and of his intention to remove the derrick or any portion of the casing from such well and the date upon which such work of abandonment or removal shall begin. The notice shall be given to the supervisor, or his local deputy, at least five days before such proposed abandonment or removal. The owner shall furnish the supervisor, or his deputy with such information as he may request showing the condition of the well and proposed method of abandonment or removal. The supervisor, or his deputy, shall before the proposed date of abandonment or removal, furnish the owner with a written

order of approval of his proposal or a written order stating what work will be necessary before approval, to abandon or remove will be given. If the supervisor shall fail within the specified time to give the owner a written order such failure shall be considered as an approval of the owner's proposal to abandon the well, or to remove the rig or casing therefrom.

Sec. 14. Section seventeen of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 17. The owner or operator of any well referred to in this act shall, before commencing the work of drilling an oil or gas well, file with the supervisor, or his local deputy, a written notice of intention to commence drilling. Such notice shall also contain the following information: (1) Statement of location and elevation above sea level of the floor of the proposed derrick and drill rig; (2) the number or other designation by which such well shall be known, which number or designation shall not be changed after filing the notice provided for in this section, without the written consent of the supervisor being obtained therefor; (3) the owner's or operator's estimate of the depth of the point at which water will be shut off, together with the method by which such shut-off is intended to be made and the size and weight of casing to be used; (4) the owner's or operator's estimate of the depth at which oil or gas-producing sand or formation will be encountered.

After the completion of any well the provisions of this section shall also apply, as far as may be, to the deepening or redrilling of any well, or any operation involving the plugging of any well or any operations permanently altering in any manner the casing of any well; and *provided, further*, that the number or designation by which any well heretofore drilled has been known, shall not be changed without first obtaining a written consent of the supervisor.

Sec. 15. Section eighteen of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 18. It shall be the duty of the owner or operator of any well referred to in this act, to keep a careful and accurate log of the drilling of such well, such log to show the character and depth of the formation passed through or encountered in the drilling of such well, and particularly to show the location and depth of the water-bearing strata, together with the character of the water encountered from time to time (so far as ascertained) and to show at what point such water was shut off, if at all, and if not, to so state in such log, and show completely the amounts, kinds and size of casing used, and show the depth at which oil-bearing strata are encountered, the depth and character of same, and whether all water overlying and underlying such oil bearing strata was successfully and permanently shut off so as to prevent the percolation or penetration into such oil-bearing strata; such log shall be kept in the local office of the owner or operator, and together with the tour reports of said owner or operator, shall be subject, during business hours, to the inspection of the supervisor, or any of his deputies, or any of the commissioners of the district, except in the case of a prospect well as hereinafter defined. Upon the completion of any well, or upon the suspension of operations upon any well, for a period of six months if it be a prospect well, or for thirty days, if it be in proven territory, a copy of said log in duplicate, and in such form as the supervisor may direct, shall be filed within ten days after such completion, or after the expiration of said thirty-day period, with the field supervisor, and a like copy shall be filed upon the completion of any additional work in the deepening of any such well.

The state oil and gas supervisor shall determine and designate what wells are prospect wells within the meaning of this act and no reports shall be required from such prospect wells until six months after the completion thereof.

The owner or operator of any well drilled previous to the enactment of this act shall furnish to the supervisor or his deputy a complete and correct log in duplicate and in such form as the supervisor may direct, or his deputy, of such well, so far as may be possible, together with a statement of the present condition of said well.

Sec. 16. Section nineteen of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 19. It shall be the duty of the owner or operator of any well referred to in this act to notify the deputy supervisor of the time at which the owner or operator shall test the shut off of water in any such well. Such notice shall be given at least five days before such test. The deputy supervisor or an inspector designated by the supervisor shall be present at such test and shall render a report in writing of the result thereof to the supervisor, a duplicate of which shall be delivered to the owner. If any test shall be unsatisfactory to the supervisor he shall so notify the owner or operator in said report and shall within five days after the completion of such test, order additional tests of such work as he deems necessary to properly shut off the water in such well and in such order shall designate a day upon which the owner or operator shall again test the shut off of water in any such well, which day may, upon the application of the owner, be changed from time to time in the discretion of the deputy supervisor.

Sec. 17. Section twenty of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 20. It shall be the duty of every person, association or corporation producing oil in the State of California, to file with the supervisor, at his request but

not oftener than once in each month, a statement showing amount of oil produced during the period indicated from each well, together with its gravity and the amount of water produced from each well, estimated in accordance with methods approved by the supervisor, and the number of days during which fluid was produced from each well, the number of wells drilling, producing, idle or abandoned, owned or operated by said person, association or corporation, provided that, upon request and satisfactory showing a longer interval may be fixed by the state oil and gas supervisor as to such reports in the case of any specific owner or operator.

This information shall be in such form as the supervisor may designate.

SEC. 18. There is hereby added to said act, approved June 10, 1915, a new section to be numbered twenty-one *a* and to read as follows:

Sec. 21*a*. The charges hereinafter provided for are directed to be levied by the State of California as necessary in the exercise of its police power and to provide a means by which to supervise and protect deposits of petroleum and gas within the State of California, in which deposits the people of the State of California are hereby declared to have a primary and supreme interest.

SEC. 20. Section twenty-four of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 24. Every person, firm, corporation or association operating any gas well or wells in this state shall annually pay a charge to the state treasurer based upon the amount of gas sold in the preceding calendar year, at a fixed rate per thousand cubic feet, at the times and in the manner hereinafter provided, based upon a verified report as herein provided.

SEC. 21. Section twenty-seven of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 27. The state mineralogist shall annually, on or before the first Monday in March, acting in conjunction with the state board of control, make an estimate of the amount of moneys which shall be required to carry out the provisions of this act.

At the time of making such estimate, the state mineralogist shall report to the state board of control the amount of money in the petroleum and gas fund on the day such estimate is made, less the amount of money necessary for the support of the department of petroleum and gas for the remainder of the fiscal year, and the amount of such estimate shall in no event exceed the difference between the amount thus determined as remaining in the petroleum and gas fund at the end of the fiscal year and the sum of one hundred fifty thousand dollars.

SEC. 22. Section thirty-one of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 31. Any person, firm, corporation or association failing or refusing to make or furnish any report which may be required pursuant to the provisions of this act, or who wilfully renders a false or fraudulent report, shall be guilty of a misdemeanor and subject to a fine of not less than three hundred dollars, nor more than one thousand dollars, or by imprisonment in the county jail not exceeding six months, or both such fine and imprisonment for each such offense.

SEC. 23. Section thirty-three of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 33. On or before the third Monday before the first Monday in July of each year, the state mineralogist shall determine the rate or rates which shall produce the sums necessary to be raised as provided in section 27 of this act. Within the same time the said state mineralogist shall extend into the proper column of the record of assessments hereinafter provided for, the amount of charges due from each person, firm, corporation or association.

SEC. 24. Section thirty-six of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 36. On the third Monday before the first Monday in July of each year the state mineralogist shall cause to be published a notice, one or more times, in a daily, or weekly, or semi-weekly newspaper of general circulation published in the counties of Fresno, Kern, Los Angeles, Orange, Ventura and Santa Barbara, and such other counties as may contain lands or produce oil or gas charged under and pursuant to the terms and provisions of this act, if one be published therein, otherwise in a newspaper of general circulation published in the county nearest to such county designated herein in which no such paper is published, that the assessment of property and levy of charges under and in pursuance of this act has been completed and that the records of assessments containing the charges due will be delivered

to the state controller on the first Monday in July, and that if any person, firm, corporation or association is dissatisfied with the assessment made or charge fixed by the state mineralogist, he or it may, at any time before said first Monday in July, apply to said board of review, correction and equalization to have the same corrected in any particular. The said board shall have the power at any time before said first Monday in July to correct the record of assessments and may increase or decrease any assessment or charge therein if in its judgment the evidence presented or obtained warrants such action. Costs of such publication in any county shall be paid from the petroleum and gas fund; *provided, however*, that the omission to publish said notice as hereinbefore and in this section provided, shall not affect the validity of any assessment levied under or pursuant to the provisions of this act.

SEC. 25. Section thirty-seven of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 37. The state mineralogist must prepare each year a book in one or more volumes, to be called the "Record of assessments and charges for the petroleum and gas fund," in which must be entered, either in writing or printing, or both writing and printing, each assessment and levy or charge made by him upon the property provided to be assessed and charged under this act, describing the property assessed, and such assessments may be classified and entered in such separate parts of said record as said state mineralogist shall prescribe.

SEC. 26. Section thirty-eight of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 38. On the first Monday in July the state mineralogist must deliver to the state controller the record of assessments and charges for the petroleum and gas fund, certified to by said state mineralogist, which certificate shall be substantially as follows: "I, _____, state mineralogist, do hereby

certify that between the first Monday in March and the first Monday in July, 19 __, I made diligent inquiry and examination to ascertain all property and persons, firms, corporations and associations subject to assessment for the purpose of the petroleum and gas fund as required by the provisions of the act of legislature approved June 10, 1915, providing for the assessment and collection of charges for oil protection; that I have faithfully complied with all the duties imposed upon me by law; that I have not imposed any unjust or double assessment through malice or ill will, or otherwise; nor allowed any person, firm, corporation or association or property to escape a just assessment or charge through favor or regard, or otherwise." But the failure to subscribe such certificate to such record of assessments and charges for oil protection, or any certificate, shall not in any manner affect the validity of any assessment or charge.

SEC. 27. Section forty of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 40. Within ten days after the receipt of the record of assessments and charges for oil protection, the state controller must begin the publication of a notice to appear daily for five days, in one daily newspaper of general circulation published in each of the counties of Fresno, Kern, Los Angeles, Orange, Ventura and Santa Barbara, and such other counties as may contain lands or produce oil or gas charged under or pursuant to the terms and provisions of this act, if one be published therein, otherwise for at least two times in a weekly or semi-weekly paper of general circulation published therein, or if there be neither a daily nor weekly nor semi-weekly paper of general circulation published in any one of such counties, then the publication of the notice for such county shall be made in a similar manner in a newspaper of general circulation published in the county nearest such county, specifying: (1) That he has received from the state mineralogist the record of assessments and charges for oil protection; (2) that the charges therein assessed and levied are due and payable on the first Monday in July and that one-half thereof will be delinquent on the sixth Monday after the first Monday in July at six o'clock p.m., and that unless paid to the state treasurer at the capital prior thereto, fifteen per cent will be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p.m., an additional five per cent will be added to the amount thereof; and that the remaining one-half of said charges will become delinquent on the first Monday in February next succeeding the day upon which they become due and payable, at six o'clock p.m., and if not paid to the state treasurer at the capital prior thereto, five per cent will be added to the amount thereof. Costs of such publication in any county shall be paid from the petroleum and gas fund.

SEC. 28. Section forty-one of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 41. The assessments and charges levied under the provisions of this act shall constitute a lien upon all the property of every kind and nature belonging to the persons, firms, corporations and associations assessed under the provisions hereof, which lien shall attach on the first Monday in March of each year. Such lien shall be enforced and said charges collected by an action by the state controller as provided in section forty-four of this act.

SEC. 29. Section forty-two of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 42. All charges assessed and levied under the provisions of this act shall be paid to the state treasurer upon the order of the state controller. The controller must mark the date of payment of any charge on the record of assessments for the petroleum and gas fund and shall give a receipt for such payment in such form as the controller may prescribe. Errors appearing upon the face of any assessment on said record of assessments or overcharges may be corrected by the controller by and with the consent of the state board of control, in such manner and at such time as said controller and said board shall agree upon.

SEC. 30. Section forty-three of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 43. Any person, firm, corporation or association claiming and protesting as herein provided that the assessment made or charges assessed against him or it by the state mineralogist is void, in whole or in part, may bring an action against the state treasurer for the recovery of the whole or any part of such charges, penalties or costs paid on such assessment, upon the ground stated in said protest, but no action may be brought later than the third Monday in February next following the day upon which the charges were due, nor unless such person, firm, corporation or association shall have filed with the state controller at the time of payment of such charges, a written protest stating whether the whole assessment or charge is claimed to be void, or if a part only, what part, and the grounds upon which such claim is founded, and when so paid under protest the payment shall in no case be regarded as voluntary.

Whenever, under the provisions of this section, an action is commenced against the state treasurer, a copy of the complaint and of the summons must be served upon the treasurer, or his deputy. At the time the treasurer demurs or answers, he may demand that the action be tried in the superior court of the county of Sacramento, which demand must be granted. The attorney employed by the state oil and gas supervisor must defend such action; *provided, however,* the said mineralogist may at the request of the said oil and gas supervisor employ additional counsel, the expense of which employment shall be paid from the petroleum and gas fund. The provisions of the Code of Civil Procedure relating to pleadings, proofs, trials and appeals are applicable to the proceedings herein provided for.

A failure to begin such action within the time herein specified shall be a bar against the recovery of such charges. In any such action the court shall have the power to render judgment for the plaintiff for any part or portion of the charge, penalties, or costs found to be void and so paid by plaintiff upon such assessment.

SEC. 31. Section forty-four of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 44. The state controller shall, on or before the thirtieth day of May next following the delinquency of any charge as provided in this act, bring an action in a court of competent jurisdiction, in the name of the people of the State of California, in the county in which the property assessed is situated, to collect any delinquent charges or assessments, together with any penalties or costs, which have not been paid in accordance with the provisions of this act and appearing delinquent upon the records of assessments and charges for the petroleum and gas fund in this action provided for.

The attorney for the state oil and gas supervisor shall commence and prosecute such action to final judgment and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials and appeals are applicable to the proceedings herein provided for. The state mineralogist may employ additional counsel to assist the attorney for the state oil and gas supervisor, and the expense of such employment shall be paid from the petroleum and gas fund.

Payments of the penalties and charges, or amount of the judgment recovered in such action must be made to the state treasurer. In such actions the record of assessment and charges for oil protection, or a copy of so much thereof as is applicable in said action, duly certified by the controller showing unpaid charges against any person, firm, corporation or association assessed by the state mineralogist is prima facie evidence of the assessment upon the property, the delinquency, the amount of charges, penalties, and costs due and unpaid to the state, and that the person, firm, corporation or association is indebted to the people of the State of California in the amount of charges and penalties therein appearing unpaid and that all the forms of law in relation to the assessment of such charges have been complied with.

SEC. 32. Section forty-six of said act, approved June 10, 1915, is hereby amended to read as follows:

Sec. 46. All the moneys heretofore paid to the state treasurer under or pursuant to the provisions of this act and deposited to the credit of the oil protection fund, shall be withdrawn from said fund, which is hereby abolished, and deposited to the credit of the petroleum and gas fund which is hereby created. All of the moneys hereafter paid to the state treasurer under or pursuant to the provisions of this act shall be deposited to the credit of the petroleum and gas fund. All moneys in such fund shall be expended under the direction of the state mineralogist, drawn from such fund for the purpose of this act upon warrants drawn by the controller of the state, upon demands made by the state mineralogist, and audited by the state board

Sec. 8½. It shall be competent, in all charters framed under the authority given by section eight of this article, to provide, in addition to those provisions allowable by this constitution, and by the laws of the state as follows:

1. For the constitution, regulation, government, and jurisdiction of police courts, and for the manner in which, the times at which, and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches; and for the establishment, constitution, regulation, government and jurisdiction of municipal courts and judges thereof, with such civil, criminal and magisterial jurisdiction as by law may be conferred upon inferior courts and judges thereof; and for the manner in which, the times at which and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches; *provided*, such municipal courts shall never be deprived of the jurisdiction given inferior courts created by general law.
